

93 LICENSES FOR SALOONS IN ROCK ISLAND GRANTED

City Commission Favorably Acts on All But Five Applications Filed With Clerk.

TAKE NO ACTION IN CONTESTS

Issue 26 Wholesale Permits to Sell Liquor and Five for Cafe Privileges.

Rock Island city commission at its meeting yesterday afternoon acted favorably upon 93 applications to operate saloons during the six months period, from May 1 to Nov. 6. In three instances no action was taken. Since filing petition, W. H. Healey has passed away and there are contests over two other places. A. W. Billburg and John Erbacher both seeking to run the third parlor at 231 Twentieth street, and George Marshall and W. P. Conwell, asking to handle the stand at 1926 First avenue. Judging from the attitude of the commissioners yesterday, no action will be taken in either instance to grant permits, taking the position that it is not their move and evidently waiting for some court procedure to determine the matter.

Commissioner Liedtke had a letter from Schriver & Schriver in which it was stated that this firm had been retained by A. W. Billburg and asking to be notified when the commission expected to take up for consideration again the Billburg-Erbacher controversy. J. K. Scott has been representing Mr. Billburg. R. R. Reynolds, counsel for Erbacher, was present at the meeting and Mayor McConochie announced that both applicants for the license in question would be notified whenever the commission decided to discuss the license matter again.

Des Moines Beer company, 1525 Second avenue.

Alfred H. Lau and Hugo Vollenstedt, 115 Nineteenth street.

Edward T. Murrin, 1800 First avenue.

Star Supply company, 104 Sixteenth street.

H. Riegel, 1509 Second avenue.

Val Blatz Brewing company, 102 Sixteenth street.

H. D. Becker, 106 Sixteenth street.

Commissioner Rudgren explained that a number of those doing business in the city had not made applications and that he expected that at least three or four more names would be added to the list.

Application of Fred Roddewig Sons was held up for further consideration. It stated that location of the business was at 213 1/2 and 215 1/2 and rear of 213 and 215 Eighteenth street. This is the same room as is used by the Higgins Drug and Grocery house. The latter is said to have a drug permit and it was thought advisable to distinguish between the two concerns using the same building if possible.

Cafe Permits. Five cafe permits were issued, without opposition, to the New Harper, Hotel Harms, Rock Island house, Colonial hotel and Luchmann's garden, being granted to the following named persons: A. L. Anderson and C. J. Mueller, Lothar Harms, A. F. Zimmer, Aubra Mackey and Emil Luchmann.

ONE OF BURGLARS IS BROUGHT BACK

Leo Spears, Who Started Career of Crime in Rock Island, Is Taken From Ottumwa by Detective.

IOWA OFFICIALS HOLD HIS PAL

Harry Fletcher, Implicated in Proving Job Here, Will Be Prosecuted in Adjoining State.

Leo Spears, who started on a career as a burglar in Rock Island two weeks ago, was brought back from Ottumwa, Iowa, where he was arrested Friday, by Detective Tom Cox last night. His companion in the crime, Harry Fletcher, must stand trial in Ottumwa for a series of burglaries and automobile thefts and will not receive trial here unless on failure of conviction in Ottumwa, which is doubtful, since he has confessed.

Much of the jewelry which was stolen from Mrs. Bertha Hoffman, Miss Anna E. Bailey and Miss Marie Koch at their home, 1034 Twentieth street, has been recovered. Detective Cox and Spears were in Davenport the greater part of today recovering the jewelry, which Spears and Fletcher had sold to pawn shops in that city.

Some of the jewels were found in pawn shops in Ottumwa and were brought back here. A diamond ring was recovered by Detective Cox in possession of a workman at a packing company. The local plain clothes man made every effort to secure all of the stolen jewelry before he left the Iowa City.

Fletcher was the first of the pair to confess following the arrests. After he had admitted he had committed numerous burglaries in Ottumwa he told the police there that he had made a big haul in Rock Island. Spears denied being implicated in the Ottumwa burglaries and later confessed to Detective Cox that while he was innocent of crime in Ottumwa he had helped Fletcher in the job here.

As Ottumwa authorities had nothing

upon which to hold Spears they readily agreed to let the local officer take him back here. They desired to prosecute Fletcher, however.

His First Crime. Spears was scheduled to have a hearing today in police court. Police were confident that he would waive preliminary hearing on a charge of burglary. He told police that the crime he committed here was the first he ever perpetrated.

Use Substitute for Horses.

London.—Owing to the scarcity of horses in Sheffield a big mercantile establishment hit upon the scheme of yoking two camels and an elephant to a dray and found the experiment so successful that the outfit is a fixture on the city's streets. The animals jog along easily with a load of ten tons doing the work of eight horses.

\$200,000 Factory Burns. Chicago, May 9.—Fire of unknown origin this morning destroyed the factory of the Herhold Chair company. The loss was estimated at \$300,000. The Herhold company is said to be one of the oldest chair manufacturing concerns in the country.

"Good for You!" "I Say, Joe, that was some clout you hammered out. These 'homers' are the ones that count. That one of yours will sure 'sew up' this game. You think it funny to see an old fellow like me so interested, but I feel as young and frisky as a kitten. "BLATZ Beer is responsible—I've been drinking it for well nigh fifty years. It keeps me toned up and makes me healthy and strong.

"You fellows should drink Blatz The best beer brewed"

George Stovall, for four years manager in the big leagues, in an editorial in the Kansas City Star, says: "And here's another thing that may sound odd, but it's true just the same, and every old ball player will tell you so: a glass or two of beer after a game does not hurt any ball player—on the contrary, I believe it is a good thing. The player has expended a lot of energy; is hot through and through and a glass of beer will do him good. I've done that all my life, and nine out of every ten ball players who have played the game for ten or twelve years have done the same thing and will tell you so."
