Reading Attains Commanding Position on List Before Noon is Reached—Others Advance.

New York, May 19.—The Reading movement on the stock exchange attained impressive proportions before noon today, the common stock advancing to 19 1/2. Other high grade rails, as well as inactive stocks of that group, were favorably influenced, especially Baltimore & Ohio and New York Central. Profit taking reduced gains by a point or more at midday. Bonds were strong.

Wanted Fruit, Not Beef. On the plea that she wanted corn flakes and lots of fruit instead of corn beef and cabbage for her meals, Mrs. Albert Kessenburg appeared in police court as witness against her husband. He was charged with peace disturbance, and it is claimed that the couple engaged in a rather warm argument over the matter of meals. Mrs. Kessenburg claimed in police court that she was in bad condition physically, and that her physician had advised her to eat breakfast foods and fruit. She claimed that her husband had refused to provide them for her. Mr. Kessenburg said that it was just as cheap to buy her fruits and breakfast food, and he was discharged with the understanding that he should provide her with the food she wanted. To Declare June 22 Half Holiday. As the result of a communication from the Fort Armstrong Centennial committee, Mayor Berwald will issue a proclamation soon naming June 22 a half holiday in Davenport. He will request that the stores close for half a day and that the day be observed generally in Davenport as a holiday. The matter was taken up in committee of the whole, and as a result, the proclamation will soon be issued. Rock Island and Moline, it was stated at the meeting, have agreed to make the day a holiday, and the same action will be taken here. Wants Careless Persons to Pay. FRESH WEAKNESS SHOWN IN WHEAT

Peace Talk Has Bearish Effect on Market But Kansas Reports Help to Bolster Quotations.

Chicago, May 19.—Wheat showed fresh weakness today as the result of peace talk but the new declines failed to last. Reports from Kansas telling of many fields being a total loss on account of damage from Hessian fly were chiefly responsible for the rally. Lack of rain in southern Kansas tended also to overcome bearish sentiment. Opening prices, which ranged from 1 1/2 to 1 1/4 lower, with July at 1 1/2 to 1 1/4, and September at 1 1/2 1/2 to 1 1/4, were followed by a virtually complete recovery. The close was unsettled, 3/4 to 1 1/4 net lower with July at 1 1/2 1/4 and September at 1 1/2 1/4 @ 1 1/4.

Rapid progress of planting put the bulls at a disadvantage in the corn market. Advances were at hand telling also of greatly increased acreage. Higher quotations on hogs made provisions advance. The best demand was for lard.

THE DAY IN DAVENPORT

Asks Public Cooperation. In a talk before the meeting of the committee of the whole H. C. Blackwell of the People's Light company asked that the police department of Davenport work in closer cooperation with the People's Light company in the matter of keeping street lights burning all night. He suggested that as soon as a street light was reported out by a patrolman or resident of the city, the police department notify the light company. A man would at once be sent out to start the light again, and in that way a better system all the way around would be secured. Mr. Blackwell's suggestion that his workmen be given patrol box keys met with a storm of disapproval from Alderman Goech. Mr. Blackwell said that by this method the exact time that the light was again reported burning could be told, and the length of time that it was out could be figured. Alderman Goech, in objecting to the proposition, said that if civilians were given patrol box keys, the fire alarm system would be taken entirely off the police switchboard. The fire department, he said, had enough to do without being waked up at all hours, of the night by civilians ringing in. The matter was referred to the lighting committee, the police and fire committee, the city electrician and the city attorney.

Get More Army Subscriptions. Battery B put another milestone behind in the march toward the \$50,000 objective when the armory boosters reported \$1,057 in new subscriptions. There were 38 individual subscribers with a total of 42 shares. When Attorney N. D. Ely of the executive committee reported the action of the city council in taking over the debt on the old armory building there was a burst of applause. The \$4,000 which the city council donated to the battery will be of great assistance in clearing off present obligations due to the expense incurred in erecting the addition to the armory building last winter.

Issue Leave Bonds. Usual rules of procedure were suspended by unanimous vote in the matter of the issuance of the \$100,000 bonds for the completion of the levee work, and an ordinance to that effect passed by the city council without objection at a public meeting. The meeting was of a routine nature for the greater part. The leave bonds, which were bought by the G. M. Hechtel company, will draw 4 per cent and will be payable in numerical order. Had the rules not been suspended in that case the ordinance ordering their issuance would have been up for two readings before it was passed.

Estate Appraised Close to Million. A report of the appraisers in the estate of James E. Lindsay shows the value of his estate to be \$2,929,000. The appraisers were Joseph Shorey, Byron Runney and W. N. Dougherty. The appraisal was taken in order to pay the state inheritance tax. The property included cash in the bank, bank stock, personal property and lumber holdings. He was interested in several southern and northwestern lumber concerns and his estate would probably be considerably more, the property having increased in value considerably since Mr. Lindsay's death.

Hear Anti-Suffrage Speaker. Business men, professional men, men of finance and men of various walks of life filled the Commercial club to its full capacity yesterday. The attraction was Mrs. Henry Preston White of Boston, who spoke against woman suffrage. The speaker was introduced by Assistant Secretary Hakes. Mrs. White spoke with great force and held the closest attention of her audience. So absorbed were they in the subject under discussion that not a single person left the room during the entire time of the discourse. "We are not fighting women, we are fighting for them," declared Mrs. White in answering her critics. Continuing, she said: "Not 10 per cent of the women in the United States have asked for the ballot. Therefore, if you men desire to give the women what they want, vote 'No' at the coming election. In states where suffrage has carried, it has been gained only through a minority vote. When too late, the voters were chagrined that it had carried. ALEDO AT A GLANCE

Daily Doings in Mercer County's Busy Capital

Track in Readiness for Meet. The college field and track have been placed in the best possible shape for the Mercer county track meet to be held here tomorrow. The high school track men and other students have put forth much energy in placing the field in the excellent condition it now shows. The track has been rolled and marked off, and the field has been cleared of all obstructions. The bleachers have been repaired and have been replaced along the south side of the track, with a view of accommodating a large crowd of visitors from the neighboring towns, whose high schools are to participate in the meet. With favorable weather conditions, an immense crowd should be in attendance, as has always been the case. The train service is ideal for the accommodation of the students and townspeople of the visiting schools. The morning train on the C. B. & Q. road will bring the visitors from Seaton, Keokuk, Joy and New Boston, while the Rock Island Southern will serve to bring those from Viola. The North Henderson rooters and performers will probably arrive on the evening train Friday in order to be here for the musical and literary contests at the opera house Saturday morning.

Y. W. C. A. Benefit Well Attended. The opera house was crowded last evening when the Y. W. C. A. girls gave a benefit, farce and picture show. The farce of two acts, entitled "Birthday Cake," was rendered in a very commendable manner by a few of the girls, who set forth the most humorous situations in a most pleasing way. The cast of characters was as follows: Caroline Parker, Anna Hebel; Ruth Edridge, Lucie Robinson; Evelyn Sautler, Doris Harney; Mrs. Russel, Pearl Heald; Rose, Rilla Bowers. In addition to the presentation of the "Birthday Cake," four reels of motion pictures were shown. All present pronounced the affair a decided success.

Personal Mention. T. C. Clark was in Galesburg yesterday. Misses Edith and Bessie Leveridge of Alexis were in attendance at the P. E. O. reception, held at the Dines residence yesterday. Harry McFarland was a Rock Island visitor yesterday. T. D. Winders and family motored to Viola last evening to visit relatives. Gus Bloom and family of Joy were in Aleido yesterday, visiting with friends and relatives. George Olander and John Swanson of Galesburg visited here yesterday.

Also E. 1/2 of lots 1, 4, 5 and 8 of block 87, Willis & Thompson's addition to Aleido, \$1 and other good and valuable considerations.

Organize Rifle Club. Patriotism and love of country is at present manifesting itself in many ways in Davenport. The same spirit pervades the entire boundaries of Scott county. The city residents are now forming rifle clubs as one means of preparedness and in keeping with the citizen soldiery idea. One of these clubs finds itself dependent in a measure upon the patriotism of the rural residents. This is the club organized among the office and warehouse force of the Gordon-Van Tine company. They are hopeful that some agriculturist with patriotism in his breast and rich red blood coursing his veins will step to a fair rental place at their disposal a tract of land suitable for a rifle range. In addition to rifle practice the Gordon-Van Tine boys are going to do some drill. Quite a few of them have had experience in this work. They have a piece of land 1,000 yards long and with a hill at the extreme end of a nature of this size. All members of the club are men of moderate means and therefore cannot afford an expensive range. However, they are willing to pay a fair rental and trust some public spirited farmer will come to their assistance with an offer of the desired land. They will use the range on Saturday afternoons and Sundays only. Anyone having such a tract of land should communicate with Waddo Like, president of the Gordon-Van Tine Rifle club.

So absorbed were they in the subject under discussion that not a single person left the room during the entire time of the discourse. "We are not fighting women, we are fighting for them," declared Mrs. White in answering her critics. Continuing, she said: "Not 10 per cent of the women in the United States have asked for the ballot. Therefore, if you men desire to give the women what they want, vote 'No' at the coming election. In states where suffrage has carried, it has been gained only through a minority vote. When too late, the voters were chagrined that it had carried. All I ask of you men is to go to the polls and vote. I am not asking you how

New Tractor Unloaded. Swartout and Parker received over the Rock Island Southern yesterday a new tractor of a large type. It is an Ingeco tractor, manufactured by the International Gas Engine company of Oudaly, Wis., has ten horse power in the engine and 20 horsepower on the belt. This tractor is being utilized upon the streets of the city today in grading work. After this trial upon the city streets it is to be used upon the highways throughout the vicinity. Tractors of this type are fast becoming popular with road commissioners everywhere as the best means of keeping the roads in shape.

Moose Lodge Gives Initiation. The newly organized local lodge of the L. O. O. M. held its second initiation of members Wednesday evening at their hall here. In addition to the initiation exercises by which 32 new members were admitted, the recently elected officers were installed. The ceremonies were of impressive order. The Galesburg degree team being present to put on the work. This team is recognized as one of the best in this section. Besides the team, the officers and many other members of the Galesburg lodge were in attendance. Five adults brought 3 of the Burgers to town that evening. At the completion of the initiation and installation exercises a banquet was served which was greatly enjoyed by all. The local Moose lodge membership now exceeds 150.

New Tombstones for Cemetery. Representatives of the Concordia Granite Works of Chicago have been in the city for several days installing new tombstones on lots in the local cemetery. On account of the great shortage of granite only a part of the order for stones had been filled at the present time. Tombstones of the most beautiful sort are being placed upon the Chamberlin, Giffin, Hollenback and other lots.

Organize Rifle Club. Patriotism and love of country is at present manifesting itself in many ways in Davenport. The same spirit pervades the entire boundaries of Scott county. The city residents are now forming rifle clubs as one means of preparedness and in keeping with the citizen soldiery idea. One of these clubs finds itself dependent in a measure upon the patriotism of the rural residents. This is the club organized among the office and warehouse force of the Gordon-Van Tine company. They are hopeful that some agriculturist with patriotism in his breast and rich red blood coursing his veins will step to a fair rental place at their disposal a tract of land suitable for a rifle range. In addition to rifle practice the Gordon-Van Tine boys are going to do some drill. Quite a few of them have had experience in this work. They have a piece of land 1,000 yards long and with a hill at the extreme end of a nature of this size. All members of the club are men of moderate means and therefore cannot afford an expensive range. However, they are willing to pay a fair rental and trust some public spirited farmer will come to their assistance with an offer of the desired land. They will use the range on Saturday afternoons and Sundays only. Anyone having such a tract of land should communicate with Waddo Like, president of the Gordon-Van Tine Rifle club.

Issue Leave Bonds. Usual rules of procedure were suspended by unanimous vote in the matter of the issuance of the \$100,000 bonds for the completion of the levee work, and an ordinance to that effect passed by the city council without objection at a public meeting. The meeting was of a routine nature for the greater part. The leave bonds, which were bought by the G. M. Hechtel company, will draw 4 per cent and will be payable in numerical order. Had the rules not been suspended in that case the ordinance ordering their issuance would have been up for two readings before it was passed.

Estate Appraised Close to Million. A report of the appraisers in the estate of James E. Lindsay shows the value of his estate to be \$2,929,000. The appraisers were Joseph Shorey, Byron Runney and W. N. Dougherty. The appraisal was taken in order to pay the state inheritance tax. The property included cash in the bank, bank stock, personal property and lumber holdings. He was interested in several southern and northwestern lumber concerns and his estate would probably be considerably more, the property having increased in value considerably since Mr. Lindsay's death.
