## HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: I am a girl 19 years old and I have been going with a boy for six months and like him very much. When we are with other people he doesn't notice me at all. But when we are alone he is very attentive and acts as though he cares for me a great deal. But when I don't care to go he always wants to.  
(1) Why does he act that way?  
(2) How can I make him notice me more in society?  
(3) How much does it cost to use the electric needle to remove superfluous hair?  
(4) What will take the sunburn out of my face and hands?  
SNOOKUMS.  
(1) He is contrary and selfish.  
(2) Let him go his way and you go yours. When he notices that other people find you interesting he will take notice, too. As long as he thinks his attention is all you care for he will be reluctant to give it to you.  
(3) The cost of removing superfluous hair usually depends upon the extent of the job. The dermatologist would probably charge between a dollar and a half and five dollars an hour.  
(4) Put half a pint of rich milk into a porcelain kettle and bring to a boil. Skim carefully, and add one-quarter of an ounce of strained lemon juice. Remove from the heat and pour in one-half ounce of white brandy.  
Bottle when cold, and apply to the face and arms at night with a soft cloth. Let the mixture stay on all night. Wipe over the face and arms again in the morning after washing.

(5) Should we let our boy friends wear our rings if we wear their pins?  
(6) Are we too old to ride bicycles?  
THREE BLIND MICE.  
(1) You are too young to go out evenings.  
(2) You should not go to the picture show at night unless you are accompanied by an older person.  
(3) No. It is not customary for girls to give boys their pictures unless they are friends of long standing or engaged.  
(4) A girl of 16 is old enough, but girls of 14 and 15 look better with their hair down.  
(5) Do not give boys your rings. It is all right to wear their pins if they want you to.  
(6) No.

Dear Mrs. Thompson: I am a young man 21 years old and I am not living at home. My parents live in a distant city. I am tired of boarding and eating restaurant food. Would you advise me to get married? I make one hundred dollars a month and have saved three hundred and fifty. I have been going with a girl for two years and I am sure she likes me.  
BIG BILL.  
You can stand boarding and restaurant food for a few years more, and if you are willing to wait the rest of your life will be happier than could be if you married now. A boy of 21 has not settled tastes. At 25 he usually likes an entirely different type of girl. My advice to you is to wait.

Dear Mrs. Thompson: Is it right for a girl of 13 to go to the picture show with a crowd of girls?  
BETTY.  
It is all right for her to go in the daytime, but not at night.

Dear Mrs. Thompson: We are three girls 14, 15 and 16 years old.  
(1) Are we too young to go out with boys in the evening if the three of us stay together and each of us has a boy friend?  
(2) Are we too young to go to the picture show together at night if we are not accompanied by our boy friends?  
(3) Should we give our boy friends our pictures?  
(4) Are we too young to wear our hair done up?

places by means of place cards on the reverse side of each of these three rhymes and jokes which caused a good deal of merriment and fun during the meal. After a delicious three-course luncheon the toastmistress called for toasts and jokes. Mrs. C. A. Boehme, Mrs. S. C. Taylor, Mrs. Sater, Mrs. W. J. Krull and Miss Ruth West responded. Later a birthday game was played which caused a great deal of fun. While the toasts and jokes were being given the ladies enjoyed the delicious candy which Mrs. C. A. Hope knows so well how to make. Adjoining to the other room Mrs. W. J. Krull entertained with several readings. After enjoying the afternoon walking about the lovely grounds and on the porch with sociability the ladies returned to their homes closing the department activities for the season.

## Hohenboken Will Erect Addition

Bids for the construction of the \$5,000 addition to Bethany home, were opened at a meeting of the board of directors last evening. D. Hohenboken, Rock Island, was awarded the general contract and Channon & Duiva were given the heating and plumbing work. The addition will be placed at the angle to the south and the east of the present building and will be constructed entirely of brick, two stories in height, 28 feet wide and 54 feet long. The addition carries with it numerous improvements which have long been needed at the home. A new heating plant is to be installed. On the first floor will be a large dining room and play room for girls; and on the second floor will be a dormitory for 20 girls, as well as a matron's office, bedroom and private bath room.

## DISMISS TEAMSTER NABBED IN STRIKE

J. H. Wagner, a Chicago teamster, the only person arrested because of the recent painters' and paperhangers' strike, was dismissed in police court today after having spent two weeks in county jail, where he was held pending a hearing on a charge of assault and battery. Wagner was arrested on complaint of H. G. Lewis of the firm of Strecker & Lewis, John Solos, a mobile painter, was working on a house on Twenty-first street. Wagner, it is alleged, called Solos from a ladder and attempted to knife him, calling him a "soak."  
Two local negro women were arrested in company with two Ottumwa negroes in Rock Island last night. They were disorderly. Patrolmen Berry and Wheeler, who arrested them, said the names of the women paid \$5 and costs, and the men \$3 and costs. They gave the names of Mamie Taylor, Minnie Hubbell, Ed Roberts and John Hope.  
Mrs. Mary Leopold was fined \$3 and costs on a charge of disorderly conduct in police court yesterday. Mrs. Francis Jarvis, a neighbor, was the complaining witness. It seems that rospit caused trouble between the women and that one challenged the other to a fight. Attorneys represented each faction and 20 residents in the neighborhood on Forty-fourth street and Fifteenth avenue, where the trouble occurred, attended the hearing.

## BURN UP GARBAGE AT 52 CENTS TON

Municipal Commissioners Accept New Incinerator and Order Remainder Due on Plant Paid.

## EXPECT TO REDUCE EXPENSES

Anticipate That More Refuse Will Be on Hand During Coming Months Which Will Cut Fuel Bill.

The first monthly report of the cost of operating the new \$20,000 municipal incinerator was read yesterday to the city commission by Commissioner Liedtke, showing that the cost of burning garbage is 52 cents a ton.  
The incinerator has been in operation 26 days, during which time 276 loads of garbage and 49 loads of rubbish were burned. This amounted to 294 tons of matter. It is expected that this amount will increase and reduce the cost per ton for burning. Labor amounted to an expense of \$35.50 and coal \$9.90, a total of \$45.40. The commission voted to accept the incinerator and pay the balance due the Stacey Bates company of Minneapolis. Salaries of two more city employees were raised yesterday. The street foreman and sewer foreman are each to receive \$2.50 per day in the future. Heretofore they received only \$2.10 per day, the same as the ordinary workmen in the department. Commissioner Juhl submitted an ordinance which amended the ordinance on salaries providing for the changes.  
**To Consider Budget.**  
An order was drawn on the city for \$135, payable to August Schultz of Davenport for a horse purchased by Commissioner Juhl for the street department.  
The commission adjourned until tomorrow night, at which time it will take up the appropriation ordinance.

## How You May Change Your Face Completely

Any woman not satisfied with her complexion can easily remove it and have a new one. The thin veil of stuffy half-dried cuticle is an encumbrance and should be removed to give the fresh, vigorous, young skin underneath a chance to show itself and to breathe. There's a simple, old-fashioned remedy which will always do the work. Get an ounce of pure mercurized wax from your druggist and apply it at night like cold cream, washing it off in the morning. The wax will gently absorb all the lifeless skin and leave a healthy and beautiful complexion, as fresh as a child's. Nothing it takes with it all such facial blemishes as freckles, moles, patches, sallowness, liver spots, pimples. It is pleasant to use and economical. The face so treated soon looks years younger.  
To keep the skin free from wrinkles there's nothing quite so good as the old reliable axolite lotion. It is only necessary to dissolve an ounce of powdered axolite in a half pint of witch hazel and bathe the face in this as required.
