## STICKS TO HIS WIFE SHOT IN LOVE TANGLE

Chicagoan Rushes to Bedside of Spouse Wounded With Another Man.

## BELIEVES HER LOYAL

But Face Grows Pale When Told They Registered as Man and Wife.

Philadelphia, Sept. 28.—Hurry to the bedside of his wife, the one survivor in the triple shooting in a hotel here early yesterday, Joseph C. Le Duc of Chicago today said that he had every confidence in her loyalty to him and that he would stick to her through all her trouble.

Mrs. Le Duc is in Jefferson hospital. Physicians said today she will recover unless complications set in. She was shot by Mrs. Harry Belzer of New York who found her and J. C. Graver, also of New York, in a hotel room. Mrs. Belzer killed Graver, who had discarded her and also ended her own life.

There was an affecting meeting when Le Duc reached the bedside of his wife.

Tells of Happy Married Life.

Before reaching the hospital Le Duc told of his happy married life of 15 years and his implicit trust in his wife. He said he had known Graver for 10 years and always had regarded him as a square man. He had not seen him for seven or eight years and had never heard his wife speak of him.

Mrs. Le Duc, he said, left Chicago for New York about two weeks ago to visit her nephew and his wife. He had letters from her every day.

Le Duc said he did not believe his wife had visited Atlantic City with Graver. He thought she probably had met him accidentally in New York and consented to take an automobile ride to this city.

Registered as "Man and Wife."

The husband asked how Graver and his wife had registered at the hotel and when told as man and wife, his face grew grave.

"That was the work of Graver and I am sure Lillian did not know it," he exclaimed.

Le Duc said he still believed her innocent of any wrong doing.

Mrs. Le Duc, the husband said, has been studying operatic singing for 10 years.

Mrs. Le Duc told her husband and detectives today that she came to Philadelphia by train to see her nephew and his baby. She denied she had met on the roof garden of the hotel. Mrs. Le Duc said she did not want to be troubled with her handbag and at Graver's suggestion she left it in his room on the floor below. Mrs. Le Duc said that after the dance she went with Graver to his room for the sole purpose of getting the handbag. As she returned, Mrs. Le Duc said, Mrs. Belzer jumped from a closet and began shooting.

## DEMO CAMPAIGN PLANS COMPLETE

President Wilson Is to Deliver at Least Two Speeches in New York State.

Long Branch, N. J., Sept. 28.—Arrangements for President Wilson to assail the republican stand on the prominent issues of the campaign were made at a conference here today between the president, Vance C. McCormick, chairman of the democratic national committee and Secretary Tamm.

Mr. Wilson, it was decided definitely today, will make at least two speeches in New York state.

A decision was also reached for the president to make at least one speech here every Saturday between now and election.

Mr. Hughes is slipping and from now on Mr. Wilson's stock will rise," said Mr. McCormick, who was plainly pleased by his conference with the president.

"There is to be no lagging in the democratic campaign and every point made by the republicans will be more than answered."

Mr. Wilson had his picture taken today planning a medal on Scout MacMorris of Hazelton, Pa., a winner of the highest honors conferred by the Boy Scouts of America. He congratulated the boy.

Later he saw Miss Ida Tarbell, the magazine writer, who is supporting him in the campaign.

## Police Hunt Daring Band; Rob Express

Detroit, Mich., Sept. 28.—Search was being vigorously pressed today for a gang of men, believed to number five or six, who late last night held up the New York-Chicago express, east-bound on the Michigan Central, near Dearborn, ten miles west of here, and after holding fireman John Doherty into consciousness, made off with one pouch of registered mail. How much they obtained is not yet known. The coaches and pullmans were not entered.

Only two men participated in the actual work of the holdup. They boarded the train somewhere east of Ypsilanti, concealing themselves between two cars. Shortly before Dearborn was reached, they climbed over the tender and covered the engine crew with revolvers. They already had uncoupled the mail and baggage car from the rest of the train. As they ordered the train stopped two miles beyond Dearborn one of the men hit fireman Doherty over the head with a revolver, rendering him unconscious.

Engineer Charles Palmer was then taken from the cab to the door of the mail car. The robbers forced him to tell the mail clerk to open the door. The two holdup men entered the car. One mail pouch was thrown out and picked up by a third member of the gang.

The mail clerk was then locked in his car and the engineer returned to his cab. The holdup men then disappeared.

Shippers Must Label Eggs.

Chicago, Sept. 28.—Regulations to compel shippers of eggs to bill their shipments as either "candled" or "uncandled" eggs were sought before the state public utilities commission by John B. Newman, assistant commissioner of the state food commission.

The question was taken under consideration.

## THE WAR TODAY

While no new infantry advances on the Somme front are reported by Paris today, the violent struggle is being kept up without cessation by the artillery.

The French have been thrusting out forcefully east from Rancourt into the St. Pierre Vaast wood at which point, and at Bouchevines to the south, they are almost in a direct line north of Peronne, against which the speedy development of their enveloping movement is now to be expected.

Meanwhile activity has been resumed at Verdun, the Germans again attacking east of the Meuse, between Thiaumont and Fleury. The assaults were repulsed, Paris declares.

From Macedonia came additional reports of a determined Bulgarian resistance to the entente offensive in the region west of the Vardar. The repulse of Bulgarian attacks upon the French and Russians near Florina is reported. The Bulgarians have not resumed their attack on the Serbians at Kalmakalan. The British are increasing their artillery activity on the Struma front, near Janina.

Although so far as is known Greece has not yet formally entered the war as an active belligerent on the side of the entente, the announcement is made from Athens today that she will speedily take this course. King Constantine, it is affirmed, has decided for an immediate declaration of war on Bulgaria.

The German reichstag meets today in Berlin for what promises to be possibly a stirring and important one. Interest is centered upon the speech of Dr. von Bethmann-Hollweg, the imperial chancellor, particularly as to what allusion he might make to the subject of peace.

## ALLIES CLAIM MORE GAINS NEAR SOMME

London Statement Says British Troops Score Still More Advances.

London, Sept. 28. (4:46 p. m.)—British troops last night advanced at various points on the Somme front between Martinpuich and Guedencourt, says today's British official statement.

Paris, Sept. 28. (12:30 p. m.)—A strong attack was made by the Germans last night on the Verdun front between Thiaumont and Fleury. The war office announced today that the assault had been repulsed with heavy losses for the Germans.

On the Somme front French batteries are actively bombarding the German positions.

Berlin, Sept. 28. (via London, 5:15 p. m.)—German troops yesterday victoriously repulsed the Anglo-French forces on a greater part of the battle front between the Ancre brook and the river Somme, says the official statement issued today by the German army headquarters staff.

Incidents of Battle Told.

British Front in France, Sept. 27.—Midnight, (via London, Sept. 28, 5:30 a. m.)—In the lull which has occurred after the great two days' battle in which five villages and 5,000 prisoners were taken by the allies, the correspondents of The Associated Press, has had an opportunity to glean many stories from participants in the struggle.

The most wonderful of all the tales told was perhaps that of one of the tanks or new armored motor cars, which started for Berlin on its own account. This monstrous land ship, ambling and rumbling along, did not wait on the infantry after the taking of Guedencourt, but plodded over shell holes and across lots looking for its prey like some prehistoric lizard. It found a German trench but as it engaged the occupants with its machine gun it ran out of gasoline.

When the Germans found this strange creature, with its steel hide impenetrable to bullets, stalled, curiosity and a desire for revenge was a fillip to their courage. They went after it with avidity.

Germans Creep Up on Tank.

British officers say that while the tank's machine gun blazed right and left some of the Germans managed to creep along the trenches under the fore legs and hind legs of the crouching beast. Then they swarmed over it looking for an opening through which to strike at its vitals. They fired their rifles into joints and bombarded it all over but to no avail. All the while it ran out of gasoline.

## Bremen Lies in Yank Port Berlin Says

London, Sept. 28. (12:04 p. m.)—The Amsterdam correspondent of the Exchange Telegraph says travelers who have arrived from Bremen report that a third German commercial submarine will be ready to sail within a month. This submarine is to be known as the Kaiser, and is said to be slightly larger than the Deutschland.

Berlin, Sept. 28.—The Berlin newspapers are acclaiming enthusiastically the arrival of the German submarine Bremen at New London. The Connecticut town has jumped to a point of prime interest, and the newspapers have found it necessary to describe its situation by the aid of maps. They are also dilating on the history of the craft.

News of the actual docking of the submarine Bremen at New London is still lacking but the owners and the public generally assume that the telegram announcing the departure of a conveying tug from the American port will be immediately followed by the announcement that the voyage of the merchant submarine has been successfully completed.

London, Sept. 28.—The mystery of the fate of the submarine liner Bremen still is officially unsolved, but a report from a well informed party says it was caught off the Irish coast, was salvaged, and has been for some time in the naval dockyard at Pembroke, South Wales. It is stated the crew were drowned.

There have been many reports of the expected arrival of the Bremen at various ports on the Atlantic coast recently, but up to the present it has not docked in any of them.

New London, Sept. 28.—For several weeks everything has been in readiness here for the arrival of the German merchant submarine Bremen and officials of the Eastern Forwarding company and others on tugs in search of the long awaited craft, which has frequently been reported as being outside the harbor.

Officials of the forwarding company said today they had no definite information to give out concerning the undersea boat.

## STATEGUARD OF ILLINOIS WILL RETURN

Funston Designates Regiment of Field Artillery as One to Come Back.

San Antonio, Texas, Sept. 28.—The First regiment of Illinois field artillery and the battery of Wisconsin artillery, which has filled out the regiment since one of its batteries was sent home, today were designated to return to their state camps by General Funston.

The First regiment of Wyoming infantry was ordered to proceed to Deming, N. M., instead of San Antonio. The Wyoming regiment was to have relieved the Eighth Illinois, a negro regiment, which has been stationed here. The latter will be succeeded, however, by the First regiment of District of Columbia infantry.

The Illinois and Wisconsin artillery will be relieved by four batteries of Virginia field artillery, one New Hampshire battery and one Maryland battery.

The First Illinois artillery, the Wisconsin battery and the Eighth Illinois infantry are taking part in the "hike" from Austin. They will reach here Oct. 4. The Eighth ordinarily was scheduled to leave here Oct. 7, but it is expected that its departure may be delayed, the artillery leaving first.

General Funston will leave tonight on his inspection trip in the Brownsville district.

Springfield, Ill., Sept. 28.—The First regiment of Illinois National Guard will be mustered out of the federal service Oct. 4 and the Second infantry will be mustered out Oct. 5, it was officially announced here today. Both regiments are from Chicago.

The announcement was made by Lieutenant Colonel Michael M. McNamee, U. S. A., chief mustering out officer. He also announced that the supply company, consisting of about fifty men, now on the border, will be mustered out as soon as it returns to Springfield, which will be soon.

Though the camp of the First and Second regiments was dripping with rain and the weather was raw, there was more cheer among the men today than ever before since their arrival from the border. They greeted the announcement of the mustering out dates, for which they had been waiting and cheering. The men prepared to give out concerning the undersea boat.
