

FOR STATE SENATOR.

The Senatorial Committee Delegates the Authority of Completing the Ticket to the County Committee.

The action of the Henry democratic convention yesterday in placing the names of Marx D. Hauberg and John T. Platt on the democratic ticket of that county, virtually releases the senatorial committee from any further responsibilities in the matter, and the two members of this committee in this county sent the following explanatory letter to the Rock Island county committee this morning:

Dear Sir:—On the 24th of Sept. 1886, a democratic convention of delegates from Henry and Rock Island counties was held at Cambridge, Ill., at which time John T. Kenworthy, Esq., was nominated as democratic candidate for representative from this district to the state legislature. At the same time a senatorial committee was appointed for this district, consisting of the undersigned of this county and L. C. Dimick, Esq., of Henry. No nomination of a senatorial candidate was made at this convention.

Placed by the non-action of the convention in a situation, which, by reason of events then, and subsequently transpiring, seemed to require more than ordinary care and deliberation, and perhaps more than usual circumspection in considering the various elements likely to enter into the senatorial contest in connection with local interests and a general support of the democratic ticket in each county, the senatorial committee recognized the importance of prudence and moderation on their part, and the necessity of conservative and watchful inactivity until political action in various directions tending to effect the democratic ticket should become more distinct and pronounced.

The official action of the Henry county democratic committee on the 18th inst. in endorsing and adopting the candidacy of Marx D. Hauberg for senator, has precluded, and entirely superseded the necessity of any action by the senatorial committee so far as relates to a senatorial candidate in Henry county, and leaving to that extent assumed to act of their own motion and authority, the undersigned members of the senatorial committee decline to take further action in relation to a candidate, and would respectfully suggest and recommend to the Rock Island democratic county committee to take official action thereon and non-endorse such a person for senatorial candidate as in their judgment may seem fit and proper.

L. C. BLANDING, Chairman. W. M. ENRIKY, Sec'y.

After receiving the above from the senatorial committee, the following call was issued by the chairman of the county committee.

To the Members of the Democratic County Committee:—On account of the action of the Rock Island county members of the senatorial committee of this district, we think it best that the county committee meet Friday, the 22d day of Oct., at 2 p. m., at the Jefferson club rooms in this city.

AGUSTUS HURSTING, Ch'n. W. M. ENRIKY, Sec'y.

Should Howl. The Union should howl and condemn the Dora Wiley opera company and Sharp Silvis and his friends, because in the performance of the opera "La Mascotte" at Harper's theatre last evening, the great curiosity, Parson Morgan, was made the subject of a stage joke.

A production was spoken of as "a treatise on the Mascotte by A. R. Morgan." It was asked who Morgan was, and the reply was that it was a candidate for sheriff but would never get there. The republican organs, all of which will swear to a lie if one will start it, have not gotten through yelping yet for an injury(?) done Morgan by Luke Schoolcraft at the minstrel's a week ago, and all of the friends of the democratic candidate are charged as having investigated the joke.

By the time a few more troupes come to Rock Island and make the person the subject of their wit and sarcasm, the republican sheets will make up their minds that the republican shrewdness nominee is something of a curiosity, and that a stranger is not in the city very long without hearing of him.

Theatrical. The popular opera, "La Mascotte," was given at Harper's theatre last evening by the Dora Wiley Opera company to a good house. The fascinating comic piece was well produced, though the company conceive it in a much different light from what we are accustomed to. The entertainment was on the whole, quite clever, though.

The Fielding. The Fielding company which delighted crowded houses here for a week last winter, will open an engagement extending through the remainder of the week, tonight. The company is one of the best in the comedy line on the road. The Dubuque Times says of the closing night of the engagement in that city:

The Fielding Comedy company played "2-15" last evening to a fair house. The piece is a good comedy and was well played. The company have played a successful engagement, and close tonight with the well-known comedy "John Whitcomb," with variations.

Monmouth's Sensation. Monmouth's picnic case is still being sifted before Judge Smith in the circuit court at that city. The gentlemen connected with the disgraceful affair, as shown by the developments so far are: Messrs. Hill, Reichard, Carr, Peterson, Harding, Hall, Lorimer, Douglass, Pangborn, while the women were Hattie Conner, Ella Coon, Laura Coon and Minnie Welch. There were altogether thirteen men indicted, all of whom are representative business men and manufacturers of Monmouth; and more prominent names are yet to be divulged it is said, by the evidence before the court. The Monmouth Gazette speaks of some of the evidence submitted yesterday, bringing out language used at the "picnic" as vulgar and profane; "language that would not be proper to publish." The principal point shown was that several of both sexes were in bathing at the pond.

MAGNATES ENROUTE.

A Distinguished Party of Railroad Officials Pay Rock Island a Flying Visit.

What is the Object of Their Trip?—What They Say—What is Thought—Who They Are—Of for Burlington.

A DISTINGUISHED PARTY. At 6 o'clock last evening a special train came in on the C., M. & St. P. road. Locomotive 252 was pulling it, and Engineer Jesse Parker, of the Savanna and Milwaukee day run, was at the throttle. The magnificent coaches—four in number, being a diner, sleeper and two observation cars—were lettered: "Pennsylvania Central Railway."

At 6 o'clock last evening a special train came in on the C., M. & St. P. road. Locomotive 252 was pulling it, and Engineer Jesse Parker, of the Savanna and Milwaukee day run, was at the throttle. The magnificent coaches—four in number, being a diner, sleeper and two observation cars—were lettered: "Pennsylvania Central Railway." They were all private coaches, and the occupants were the chief officials and directors of the great system of roads indicated. The train left St. Paul, where the party sojourned Sunday, early yesterday morning. Arriving in the city, the distinguished visitors were driven to the Harper house, where, by previous arrangement, as heretofore stated in the ARGUS, rooms had been prepared for their reception. Manager Lowry had directed his steward, Mr. Price, to exert his best efforts in preparing the supper, and the result was a most elaborate spread. The visitors expressed their best wishes for the success of the Pennsylvania Central, and they had been at St. Louis, Kansas City, Omaha, St. Paul and Minneapolis.

During the evening President W. B. Ferguson, of the Business Men's association, Dr. J. W. Stewart, Messrs. A. C. Dart, C. J. Dart, J. S. Gilmore, Capt. T. J. Robinson, H. D. Mack, S. J. Keator, and other representative citizens of Rock Island, Messrs. Geo. H. French and James T. Lane, of Davenport, called, and were presented to the distinguished visitors by Mr. Lowry. The evening was spent chatting pleasantly, the gentlemen expressing themselves as much pleased with what they were able to see of Rock Island, and their regrets at being compelled by future engagements to limit their stay here to so short a time. They complimented the scenery on the C., M. & St. P. and the C., B. & N. on the west and east shores of the Mississippi from Savanna and Sabula north, as the finest they had ever seen.

THE NAMES of the gentlemen composing the party are appended, and from their official positions an idea of their distinction in the railroad and commercial circles of the world, may be obtained: G. B. Roberts, president, Pennsylvania Central, N. P. Shortridge, D. B. Cummins, H. D. Welsh, J. P. Wetherill, directors; J. S. McCullough, first vice president, William Thaw, Thomas D. Messier, vice presidents Pan Handle railway; S. B. Liggett, secretary and D. S. Newhall, assistant secretary, Hon. John Scott, solicitor of the Pennsylvania Central railway. The gentlemen with private secretaries and baggage men numbered in all sixteen persons.

One would naturally suppose that in the visit of so prominent a party, there would be something of LOCAL SIGNIFICANCE attached. Such an impression however, the gentlemen apparently wish to avoid. In response to the queries of an Argus reporter President Roberts said last evening: "The reason of our visit west is purely for pleasure to ourselves. We make this trip annually, but as a usual thing extend it no farther west than Chicago. This year we were in luck to come out over the other roads with a view to seeing how they are operated. The object of our trip is not for extending or purchasing west of our present terminus."

The same expression was made by Vice President McCullough, and Secretary Liggett, both of whom were interviewed.

The coming of the magnates to Rock Island started many wild rumors as to the probable outcome thereof, many thinking the purpose was the building of an extension through here for the west. It has been said that the company has acquired control of the Toledo, Peoria & Western road, one of the lines of the old Wabash system and extending west through Peoria to Keokuk and Burlington, Iowa. The old Illinois and Midland or Vandalia line has been for sale for some time, and this, it is also stated, the Pennsylvania Central has been figuring on. Then there is the Chicago, St. Louis & Western road stretching from Chicago to Peoria, it having formerly been the Chicago, Pekin & Western road, and with the purchase or control of these lines the Pennsylvania Central will have a direct line east from Burlington to Toledo through Peoria, and another line from Peoria to Chicago, and under those circumstances it would be reasonable to suppose a connection with Rock Island would be sought, a bridge across the river at this point, and the Pennsylvania would be on the high way to Minneapolis, and Omaha, with a line from Burlington to Kansas City. By such extensions a SHORT CUT would be made to the eastern seaboard via Peoria and the necessity of going through Chicago be avoided. The Pennsylvania now has western termini at Chicago, St. Louis and Indianapolis, and there being a constant uneasiness among the eastern trunk lines, it is easy to surmise that a western outlet would be sought by some of these great roads.

The party left for Burlington by special train this morning over the C., B. & Q. Superintendents Bessler and Brown accompanying. A special engine—No. 139—was ordered in by Superintendent Brown to take them down in a hurry. The party was met at Burlington by C. E. Perkins, president, and T. J. Potter, first vice president of the C., B. & Q., and thence they proceeded east through Peoria and over the C., St. L. & W., mentioned above, to Chicago, arriving there tonight.

A trial balance. The baby's first run—Bartford Times.

THE MILAN MEETING.

A Great Turn-out Last Evening—Addresses by Congressman Neece and E. W. Hurst.

There was a great turnout at the democratic and people's mass meetings at Milan last evening. The meeting was held in the town hall and over five hundred were present and manifested their sympathy with the sentiments urged by enthusiastic applause. H. L. Franing was chairman. E. W. Hurst, Esq., was the first speaker. He appealed to those present to cast aside party passion and prejudice and dispassionately consider the question at issue in this campaign. He made a comparison between the record of the present democratic administration and the republican administration that preceded. He showed that under the republican administration over 300,000,000 acres of land had been given to corporations and although these corporations had forfeited a large portion of this land through their failure to carry out their contract with the government, that none of it was reclaimed and restored to the people until the democratic party was restored to power. He showed that the tariff was increased by the republican party from an average of twenty and one-fourth per cent over forty per cent, through which over \$622,000,000 of excessive taxes was collected from the people during the last six years of republican administration. Mr. Hurst showed that in the first year of Cleveland's administration the public debt had been decreased \$88,000,000 while in the last year of Arthur's administration it had been increased \$33,000,000. He considered it of the highest importance that the democratic party should be successful in this campaign, that the president might be strengthened in his efforts to bring about needed reforms. No democrat should be swayed from his duty to his party in this election.

Congressman W. H. Neece was then introduced, and was warmly received. He dwelt at length on the land question, showing that the democratic house of representatives had passed bills restoring about 100,000,000 acres of land to the people, and that in these bills it was provided that these lands should be kept free for home for actual settlers. Speaking of the public debt, he said it was being rapidly liquidated by the present democratic administration; that \$40,000,000 bonds had been called since the adjournment of congress. He declared himself in favor of liberal pensions for soldiers, and hoped the time would come when every soldier would receive a just pension from the government. He was in favor of the Hennepin canal as a measure of actual necessity to the commercial interests of the north-west and the whole country. Mr. Neece said that he had been requested to answer a charge made through the medium of a communication appearing in the columns of the Union, of this city, charging that he had been associated with Hon. Wm. Springer in canvassing the state in organizing lodges of the Knights of the Golden Circle in 1864. He desired to stamp the charge as absolutely false, and without any foundation, in fact. Mr. Neece simply submitted his record in congress to the voters of this district, and if he had not conducted himself just as he had stated he would before entering congress, he asked for no support now. He was the friend of honest industry, in whatever branch it might be, and the rights of the laborer were foremost and uppermost with him. It was one of Mr. Neece's ablest speeches and he held the close attention of his hearers throughout, the only interruption being the outbursts of applause which greeted him during the course of his remarks. Tonight Congressman Neece and others will speak at Coal Valley.

A Good Investment. Anyone who has ever dealt in lands, knows that no investment of money will so surely and quickly yield a return, as such a venture if carefully made. To the absolute safety of a government bond, is added a profit far in excess of rate of interest which can be obtained on any safe loan. In Kansas and Nebraska especially lands are raising in value very rapidly and with a steady growth which gives assurance of stability. The good season and the great tide of immigration into these states has made investment there doubly safe and desirable. The climate of Southern Nebraska and of Kansas, free as it is from the long rigorous cold winter, added to a soil unsurpassed for richness and productive capacity, has made possible the wonderful development of these states. To the farmer they hold out special inducements. Cheap land, easy terms of purchase, good markets and varied products enable him to own his farm at smaller cost and with less labor than is required to pay rent for the land he occupies here, or the interest on the money he has invested in it. If you are looking for a safe place to invest money, where it will pay you a large and sure profit, or if you are a farmer and want a farm of your own, call on me and see what I have to offer. I will make the visit profitable to you. Office over American Express office, Rock Island, Ill. SAVILLE JOHNSTON.

Port Byron Post. A G. A. R. post has been mustered in at Port Byron. It is No. 603, and has a membership of sixty-five. The officers are: Commander—Capt. George Dodge. Senior Vice Commander—Henry C. Trent. Junior Vice Commander—R. G. Hollister. Surgeon—J. W. Morgan. Chaplain—E. N. Hollister. Quartermaster—John McCauley. Officer of the Day—John Zollinger. Officer of the Guard—A. B. E. Adams. Adjutant—George W. Gensung. Sergeant Major—P. L. Cox. Quartermaster Sergeant—James Edmonds.

Getting Here Swiftly. It is understood that commencing next Sunday the Chicago Tribune will arrive here at 5 o'clock in the morning. The papers are to leave Chicago a little after midnight, and will come by express over the C., B. & Q. road.

A cloud of dust at sea is a rare thing, surely; but the Boston bark Thomas A. Goldard sailed for three hours through such a cloud near New Zealand just after the recent volcanic outbreak there.

WILL OUR BOYS GO?

The Rodman Rifles Should Enter the Grand Military Drill at Washington.

The following information pertaining to the national drill and encampment for infantry, cavalry artillery, zouaves and cadet corps to be held at Washington from May 23 to 30 next inclusive, will interest our military boys—the Rodman Rifles—who may take part and come home "covered with glory" as it were. There is to be \$25,000 in cash prizes. The attendance of companies from every state in the union will be large, and in order to limit the attendance to such a number as can be provided for, only such companies as are known to be first-class in their drill and discipline and earnest in their efforts to prepare themselves for the occasion will be invited. Thus far the national drill committee has shown broad liberality, and no doubt this will prove to be one of the finest military encampments ever held in the United States, attracting to witness its drills, representative soldiers from every country in the world. On the 30th of May all the troops composing the encampment with the President of the United States, and his cabinet, the general commanding the army, his staff, and all the principal officers of the United States army, together with representative citizens from all parts of the country, will join as one in the services of decorating the graves of the soldiers buried in the National cemetery, which will make one of the grandest sights ever witnessed in this country.

A time there was when Rock Island could boast of as fine and well disciplined a company as wore brass buttons, and with proper practice there is nothing to hinder the Rodman Rifles going down to Washington and winning distinction on this great occasion. The boys have shown themselves to be as brave as there are in the state in point of response to duty, and would prove equally as deserving of praise in a contest for skill and proficiency in drill. Will the boys go? That is the question first to be decided. If they do, it means a prompt decision on their part and a determination to stand up with the best. It means work and hard work, from now on until the time comes to start. Dubuque, Davenport, Muscatine and other cities intend sending their companies, and Rock Island should not be behind.

Disolution Notice. To whom it may concern:—On the 22d of September A. D. 1886, the firm of Schilling & Trumble, boiler makers of Moline, dissolved partnership, Thomas Trumble assuming all liabilities and is authorized to collect all outstanding debts.

While Lord Randolph Churchill was giving utterance to an eight-minute speech in the British House of Commons the other day he made no fewer than 130 emphatic gestures.

HARPER'S THEATRE. C. C. KNEEL, Manager. Have We Your Eye? We are Coming! Commencing Tuesday October 19th For One Week and Matinee. The best and most of all popular price entertainments, the great

FIELDING'S COMEDY IDEALS. EVERY MEMBER AN ARTIST. U LAUGH! U SCREAM! U BOAR!!! Chaste, Clean and Pure! Laughing Room Only! Change of Plays Nightly! Popular Prices—50 cents at the top for 1st and 50 cents reserved seats on sale of Matinee Furniture store.

The Sultan's Two German Doctors. The sultan has engaged two German apothecaries, to devote themselves exclusively to his service, at \$3,000 a year each, with board and lodgings in the palace gauch.

The Chinese notion of England is said to be that of "a tribute-bearing nation of men without piglets, governed by a lady with large feet."

MOLINE.

The Moline batch of intelligence miscarried yesterday, hence the non-appearance of the customary news in this department in last evening's ARGUS.

Three voices at the Haas place of business sang beautiful in concert Saturday night. Their voices rang out on the night air, like strains from a choir.

The funeral of the late John J. Peters occurred at 2 p. m. Sunday, and was attended by many friends. He is much, and deservedly regretted.

Deputy Marshal Wells, although on duty, is suffering from that disease related to tooth ache, called cramps. The captain never swears.

George Herbst has had eight incandescent lights put in his store. This light is becoming popular here, and it will soon be supplied to all the stores along Fifteenth street.

They had another grand performance at Wm. Mueller's boarding house on Saturday evening. This time an accordion and a violin accompanied each other through many airs, and the boys who board there had a gay and happy time.

At 5 o'clock on Sunday afternoon Mrs. Martha C. Haire, wife of Shannon Haire, pattern maker for the Moline Pump Co., died at their residence on Third avenue between Seventeenth and Eighteenth streets. She was a native of Washington county, Pa., where she was united in marriage to Mr. Haire, at Independence, the town in which she was born. Deceased was fifty-one years of age, and the mother of eight living children, the youngest a boy of nine years, five boys and three girls constitute the family. The wife of Mr. Chas. Schlegel, editor of the Argus, is a daughter of the deceased. She was a member of the Baptist church, much respected and loved. Her health was not good for over two years, and about two weeks ago she became worse, and died of consumption of the bowels.

HORSE AND BUGGY STOLEN. Mr. W. H. Carpenter, of East Moline, drove to the Congregational church Sunday forenoon, leaving his horse and buggy hitched near. When he wanted to go home it was not where he had left it, nor were there any traces of it to be found. The police were notified and went in all directions, visiting Rock river bridge, Milan, Rock Island and Davenport, without success. Marshal Kittelson took the bluff road and found the rig late in the afternoon on the bluff near Twelfth street and Thirteenth avenue, in possession of a colored boy named Patterson, about 10 years old. He is now in custody and will implicate others.

Notice. To whom it may concern:—On the 22d of September A. D. 1886, the firm of Schilling & Trumble, boiler makers of Moline, dissolved partnership, Thomas Trumble assuming all liabilities and is authorized to collect all outstanding debts.

County Building. TRANSFERS. 16—Chas. F. Swanson, administrator, to Caroline S. Swanson, lot 8, in Mrs. E. S. Webber's sub-division, outlot 23, 35, 18, 2w, \$25.00.
