Doctor Richardson's TONIC POWDERS.

A SAFE and certain cure for Chills and Fever or Intermittent Fever, warranted in all cases. In case of failure, our Agents are authorized to refund the money to purchasers upon their certificate of the same.

The above remedy has been recently discovered as a specific in Chills and Fever, and has received a fair trial, one dose having cured many of the most Obstinate and protracted Cases, after every other known remedy had failed—quinine not excepted. The most eminent physicians of this place have pronounced the TONIC POWDERS an innocent medicine in their present form, and may be given to children and persons of the most feeble constitution, with impunity and success. The undersigned does not deem it necessary to follow up the usual custom of propping individual certificates to the support of this valuable medicine, but leaves it in the hands of the people to prove its own virtues upon the principle of NO CURE, NO PAY; and also disclaims the entire invention of the medicine, but procured the mode of preparation from an honorable source, and therefore avails himself of its value.
