

MORNING VISITOR.

TERMS—\$2 PER ANNUM, CASH.

CITY OF WARSAW.

SATURDAY MORNING, NOV. 18.

SACRAMENTAL.—Rev. Messrs. Renshaw and Ricketts will hold a Sacramental meeting in the Presbyterian Church in this place, commencing THIS EVENING, at early candle-light.

QUARTERLY MEETING.

The first Quarterly Meeting for the Warsaw Circuit of the M. E. C., South, will be held in Warsaw on Saturday and Sunday, the 9th and 10th days of December next.

ATTENTION!—This is to notify all who have promised, and expect to pay their subscriptions in produce, &c., that now is the time to bring it in—you have it to spare now, and we need it now—so don't put it off any longer. The weather is getting cold, and what you intend to do, do quickly. We must live, and if you won't pay us 'in truck and trade,' pay us the money, that we may be able to buy from those who have to sell. Don't wait for further invitation, but bring it along immediately. A little Corn or fodder will also be acceptable. We mean this as a gun to all who have promised us trade, and we hope all will take it as such, and act accordingly.

Hickory County.—The following is the official vote of this county, as furnished us by a friend:

Cass and Butler, 244—Taylor & Fillmore, 98—Dem. majority 146.

For Attorney—Johnson 174, Means 91, Mayo 47, Roberts 8.

For County Justice—Paxton 173, Miller 69. This election was held to fill a vacancy occasioned by resignation.

Greene County—Cass 876, Taylor 422, Dem. majority 454—one township not heard from.

Dade—Cass 806, Taylor 166—democratic majority 140.

Polk—Cass 516—Taylor 231—democratic majority 285.

The "Metropolitan" is to be issued three times a week during the approaching session of the Legislature. Those points which are favored with tri-weekly mails, and where the people wish to keep pace with the Legislative proceedings, ought to send in goodly lists of subscribers. The price to single subscribers will be \$1; to three subscribers, \$2, and to five subscribers, \$3, payable always in advance.

Thanksgiving.—Thursday next, 23d inst., is the day recommended by the Governor to be observed as a day of public Thanksgiving throughout the State. We hope the day may be more generally observed than heretofore. As a people, we have great cause for unfeigned gratitude to the Giver of all good, seeing that He has conferred upon us the rich blessing of health, crowned the labors of the husbandman with plenty, and has continued to us the blessings of civil and religious liberty. Then let the day be observed in a becoming manner.

Western Journal for November.—The eleventh or November of this interesting Journal has been received. We have so often spoken in commendation of this work that we are at a loss what further to say in its favor. See terms, &c., in our advertising columns.

Solomon J. Lowe, Esq., of Pettis county, has been elected to the State Senate from the counties of Saline, Pettis and Benton, in the place of Gen. W. Shields, resigned.

Hon. Wm. Upham has been re-elected to the U. S. Senate from Vermont. He is a Whig.

The last Metropolitan says, "We learn from a private source that Waldo P. Johnson, Esq., has been elected Prosecuting Attorney of the seventh Judicial Circuit." This may be true, though we have not seen the official vote of any of the counties in the Circuit, except two—Benton and Hickory.

The Election.—The Result.—The returns of the recent election, so far as they have been received, indicate pretty clearly the election of Gen. Taylor to the Presidency by a majority of from 30 to 40 electoral votes. By our next we may possibly be able to give something more definite as to the final result.

Hil'em Again.—The following appears as a sort of an advertisement in a late number of the Western Expositor. We think a similar corps would not be out of place in this latitude. There is nothing, in our estimation, that so plainly shows a want of good raising, as to see a group of young men completely fill up the aisles at church as to prevent all egress, and stare such females out of countenance as may attempt to force their way out. If this vulgar practice is not abated, we hope some friend will take the matter in hand, and form a regular gaping corps, that the business may be done up decently and in order.

WANTED.—One hundred and seventy-five young men of all shapes and sizes, from the tall graceful dandy, with hair enough on his upper lip to stuff a cushion, down to the beardless upstart. The object is to form a Gaping Corps, to be in attendance at the Church door on each Sabbath before and after divine service, to stare at the females as they enter, and make gentlemanly and delicate remarks on their persons and dress. All who wish to enlist in the above corps will appear at the various Church doors next Sabbath morning, where they will be duly inspected, and their names, personal appearance, &c., &c., registered in a book kept for that purpose, and published in a newspaper. To prevent a general rush, it will be stated that none will be enlisted who possess more than ordinary intellectual capacities.—X.

The population of Greene county is 10,575—in 1844, 8,650.

Bates county has a population of 3,478—in 1844, it contained 3,031.

Henry county shows a decrease in the last four years—having a population of 3,770—in 1844, 3,966.

St. Clair county shows a population of 3,219—in 1844, 3,388. This county and Dade were divided to help constitute the county of Cedar.

Dade county has a population of 3,900—in 1844, it contained 5,948.

Cedar county contains 3166 inhabitants—organized at the session of 1844-'5.

Dallas county contains a population of 3,478.

Hickory county contains 2,071.

Pettis county contains a population of 4,525—in 1844, 3,929.

Saline county has a population of 6,953—in 1844, 6,755.

Pulaski county has a population of 3,899—in 1844, 3,398.

FOREIGN NEWS.

ARRIVAL OF THE AMERICA.

New York, Nov. 9.

The steamer America arrived at this port about 12 o'clock last night. She left Liverpool on the 28th, and brings seven days later intelligence.

The sentence of O'Brien, Meagher, Egan, and McDonogh, has been commuted to transportation for life. In reply to this sentence, Meagher and McDonogh spoke in the eloquence of Emmet.

FRANCE.

France is tranquil. The election of President is fixed to take place on the 20th December.

The Cavaignac ministry has met with a signal defeat on an amendment to the Constitution to delay the election of President.

AUSTRIA.

There is nothing new from Austria. Vienna was surrounded on all sides, but nothing new had occurred.

IRELAND.

Duffy's trial had been brought to a conclusion, but no verdict was rendered. The country presented a deplorable picture, growing out of the failure of the potato crop.

PRUSSIA.

Disturbances took place at Berlin on the 17th, which resulted in considerable loss of life. It was caused by the mechanics breaking up the machinery.

The cholera carried off ten thousand persons at Damascus, prior to the 27th of August last.

From California—Counter Revolution at Mazatlan.

A correspondent of the New York Courier, writes from La Paz, Lower California, August 15, as follows:

I gave you an account a short time ago of the movements of the squadron out here. Since that letter was written, the corvette Warren has arrived from Monterey, and the frigate Congress from Mazatlan. In Upper California the gold excitement is greatly on the increase. Gov. Mason reached Monterey, (from the placer,) a few days previously to the sailing of the Warren, bringing with him some deserters from that ship whom he found upon the road carrying a press of canvass, and shaping their course for the region of the precious metal. His worthy and facetious excellency placed these fellows, bare-backed, on a few spare horses he had with him, and although the sailors frequently begged to be allowed to walk, the were pertinaciously refused, and compelled to travel in this way for sixty miles.

At Mazatlan there has been a counter-revolution, and one of the officers concerned in the last outbreak was shot on the day the Congress reached that place, and others were undergoing trial when she left there. Palacio, the leader of the rebellion, has escaped, and Uriza, whose influence and money brought it about, has been in La Paz for some time. It is said that Arista, at the head of seven hundred cavalry, is now on his way to take charge of the Government of the State of Sinaloa. Liberal views are to be entertained, and many privileges which the people have asked, are to be granted, and thus, it is thought, matters will be kept quiet on this coast for a few months, at least; pero quien sabe! Poor Mexico! her internal convulsions seem to have returned with reboiled vigor since the close of our war with her.

Between the 26th and 31st of this month, all the troops now here and at San Jose, and many emigrants from the country, will be on their way to Upper California—some by land and some by sea.

All the ships composing the American squadron are now in this bay, but they will shortly be gone; the most of them to Upper California. The Dale sails to-day for Mazatlan, and soon after her return will proceed up the Gulf. We have not as yet heard of the arrival of the St. Mary's in the Pacific. The Congress sails in a week for the United States.

On the 10th inst., a Court Martial commenced on board the Congress for the deserters from the Warren, above alluded to. This court is still in session. Some of the cases have been decided, but the sentences are not as yet promulgated. It is thought the punishment will be severe.

Com. Jones has appointed Commissioners to examine into claims of some people of Lower California for losses sustained during the war. Such claims are to be paid of the revenue collected at Mazatlan, Guaymas and other ports on this coast.—By what authority this is done I am at a loss to conjecture, and the sanction of Congress for such expenditure must be regarded as extremely doubtful.

In haste,

The Vermont House of Representatives has passed the bill providing for the election of Presidential electors by a plurality, and it is now a law.

THE SEASON.

Snow Storm.—A snow storm was experienced in Canaan, N. H., on Friday evening, October 27th. On Saturday morning, the ground was covered with a white robe.

At eleven o'clock to-day it was snowing hard, clouds dark & lowering—atmosphere chilly—Maysville Herald, Nov. 1.

The first snow of the season fell yesterday between twelve and one o'clock. The fall was very light. The weather this morning is clear and cold.—Low Jour. Nov. 2.

The Baltimore Sun states that snow was sufficiently deep for good sleighing at Halifax, on the 22d of Oct.

Yesterday gave us a spice of winter. The ground in the morning was covered with a light mantle of snow, which soon melted upon the warm bosom of the earth. By the bye, it is the general remark of the professedly weatherwise, that we are to have an extraordinary severe winter.—Chicago Democrat, Nov. 2.

MEXICO.

Ferocity.—On the night of the 2d inst., the body of a woman was found in one of the streets of Mexico, with her head cut off; a deed of vengeance, it is supposed. The robbers on the high roads are still more numerous, plundering diligences and travellers on foot and horseback without remorse.

There were sixty-five passengers by the Titl, from Vera Cruz.—N. O. Times.

Affairs in Venezuela.—Letters from Porto Cabello, received in this city, state that hopes are entertained there of an amicable arrangement between the Government and Gen. Paez, by which peace will be restored to that distracted country. Business at Porto Cabello was almost annihilated in consequence of the political troubles.—Boston Traveller.

More California Gold.—The following is recorded in the N. Y. Express as announcing the deaths in California:

"At the Gold Mines in California, on the first of September, after a short illness, Mr. Horace Northrop, formerly of New York, aged 46, superintendent of a company working in the gold mines, leaving to his brother Joseph Northrop of Detroit, Michigan, two hundred & fifty thousand dollars.

Why are the fair sex like the letter L? Because you cannot make love without them.

Those who shear sheep, are generally satisfied with shearing once a year, but rumsellers—the make it a rule to shear the victim very often, and in fact, are only satisfied to leave off fleecing when the victim leaves off living.

The Republic of Liberia has been reorganized by the English Government as an independent country, and President Roberts has gone to Paris in hopes to procure a speedy recognition by that country.

Major F. T. Lally, of the army, was married at Gardiner, Maine, on the 18th ult., to a daughter of Senator Evans.

MORMONS.

The steamer Grand Turk, on her last trip from New Orleans, brought up 225 English emigrants, who profess the Mormon faith, and are destined for Salt Lake. It is said that between 300 and 400 more are on their way from Liverpool, having taken passage in the ship John Prince, which sailed about the first of October.—Rep.

An Important Invention.—The Winchester Republican has been shown the model of a furnace, (for which a patent has been taken out by Mr. Lorenzo Serbert,) for the purpose of making malleable iron from the ore. It seems calculated to produce a saving of \$40 per ton, over the present mode.

Advertisements.—The following appears in the Albany Express:

Wanted.—An able-bodied person to hold my wife's tongue, she and I being unable to keep it still.

A BRILLIANT CRUISE.

NAVAL INTELLIGENCE.—The U. States sloop of Cyane, commander Du Pont, just arrived from the Pacific, at Norfolk, in a very short passage of sixty-two days from Valparaiso, has had a most active and brilliant cruise. She sailed from the United States in August, 1845, and her crew have been particularly distinguished throughout the war; no crew have ever had the good fortune to perform so much service in a single cruise. The Cyane was on the West coast of Mexico when the war broke out, and only left there after the receipt of the news of peace.

The ship's company participated in the taking of Monterey, and garrisoning that town; the first offensive operation on that coast. They were in the fights of Com. Stockton at the Mesa and Rio Gabriel; they destroyed the gunboats of the enemy at Guaymas, cut off their shipping in the Gulf of California, blockaded the ports of San Blas and Mazatlan, and were a part of the force of Com. Shubrick when he took place; and two of her officers, Lis. Rowan and Selden, had the command, one of the shore party and the other of the water party, that surprised and routed a large body of the enemy at Urias.

The ship's company also garrisoned in part La Paz and San Jose, Lower California. It was Capt. Dupont, with 100 of his crew, who so gallantly landed at San Jose, in the face of an overwhelming force of the enemy, and forced his way two miles through a perfect ambuscade, and under a constant and heavy fire, to the town of San Jose, to relieve our garrison under the command of Lieut. Hayward, who had been 20 days surrounded by the enemy and in great distress. Capt. Du Pont afterwards mounted seventy of his men, under command of Lieut. Selden, and pursued the enemy in the interior of the country. Lieut. Selden was successful in entirely breaking up the insurgents, bringing back and depositing on board the ship their command-in-chief and twenty of his people as prisoners. It will also be recollected that it was the boats of the Cyane, under Lieut. Harrison, that cut out the enemy's brig Condor, in the port of Guaymas, under the fire of their musketry; and also whilst the ship was blockading Mazatlan, her boats signally defeated the enemy's boats set off to defend a vessel attempting to run the blockade, and landed and spiked all the enemy's cannon at San Blas.

Her crew have been remarkable for their discipline and good conduct, acting as soldiers, both infantry and mounted men; and they have been in seven fights on shore, and their loss has been one officer and one man killed in battle, with a large number wounded. Some of the crew have been wounded in several engagements. After this long, successful and meritorious conflict of Capt. Du Pont, and the officers and men of this ship, they have arrived home—their service performed so far away that very little is recorded; so that the relatives of those brave and devoted patriots scarcely know of their deeds of patriotic daring. No promotion, no brevets await them, as it is unknown in the navy. It is to be hoped that some distinguished mark of esteem may be shown Capt. Du Pont and his officers and crew, so worthy and deserving, and that their services will not be unappreciated by their fellow citizens. These noble tars having served as foot and dragoons cannot be tamely received by their countrymen.

A Plain Truth Plainly Spoken.—A writer of the present day says there never was a time since the completion of the pyramids, when such a clamor was abroad as now, for the right to work; and there never was a gentleman since the invention of easy chairs and gloves, that tried so hard to shirk it. People want to have their hands employed, 'tis true, but in climbing, not in labor. Their endeavor is not to get their living out of the ground, but out of one another, like ants and spiders.

'Better pay the Butcher than the Doctor.'—So say we—and so says all the world.—But how few practice the homely old adage? People can't pay the butcher nor eat his delicious meats unless they keep well—and they can't always be well if they don't take some mild, safe and valuable medicine when they feel unwell. We know this by experience. We felt unwell, and forthwith bought a box of each kind of Dr. Bragg's Indian Queen Vegetable

Sugar-Coated Pills, (both for \$1 00,) and made immediate use of part of them—and in two days were well and at work again, and patronizing the butcher! In this operation we saved a fifty dollar Doctor's bill—a sore mouth, loss of teeth, and a month's precious time. We advise all to do likewise.

For sale by Brown & Dunn, Warsaw. See Dr. Bragg's advertisement in another column.

"He that marrieth doeth well, but he that remaineth single doeth better."

Married.

In this county on Sunday last, the 18th inst., by L. Means, Esq., Mr. GEORGE ALEXANDER, Jr., to Miss E., second youngest daughter of Mr. Samuel Weaver.

Thrice happy may they move, Under Hymen's enlisting banner, To consummate their perfect love, May they have numerous little Alexanders.

Received the above through the Post office, and give it as we find it, taking it for granted that it is O. K! We cannot help thinking, however, that there is a little too much in the quotation that stands at the head of the above notice—but we presume the individual who penned it only wished to verify a truth now pretty well established, that many preach one thing and practise another.]

Bibles & Testaments.

Bibles from 30 cents to \$1 75, and a quantity of at a dime each, now on hand and for sale by the Benton County Bible Society. They can be seen and examined at this office.

Monthly Bulletin, No. 9.

THE position of the Greenberg Company in its relations to the health of the community is now fully established; and the admirable series of the Greenberg Medicines are everywhere taking the lead of all others. In numerous portions of the country, THE MEDICAL FACULTY adopt these medicines in their practice; satisfied that by their use they can more certainly combat Disease in all its forms.—And not only do physicians sanction and encourage their use, but THE CLERGY of every denomination attest their wonderful efficacy; and in numerous ways recommend them to the people of their charge.

THE LEGAL PROFESSION testify to the same thing; in short, the public at large hail the introduction of these medicines as a PUBLIC BLESSING. There are over TEN THOUSAND AGENTS of the Company in the United States, which are not only profitable to the agents, but of vast benefit to the inhabitants. There should not be a single Town, Village or Hamlet, without its Greenberg Depot; and if this Bulletin is read where there is no agency, application should be made for one at once.

Certificates almost without number, are on file at the office of the Company, testifying to cures of the most astonishing kind; many of which have been duly examined by the following distinguished gentlemen:

Rev. N. BATES, D. D., FRANCIS HALL, Esq., Ex-Mayor BRADY, all of N. York.

The power of the Greenberg Medicines over all BILIOUS COMPLAINTS no matter what their form or severity, is a matter of PROFOUND ASTONISHMENT. Let all, therefore, who are thus afflicted, and who would CLEANSE THE SYSTEM, resort at once to the celebrated Greenberg VEGETABLE PILLS and HEALTH BITTERS. At all events let them call at some one of the agents, and get a pamphlet GRATIS,

which will fully explain the whole matter. EDWARD BARTON, Sec'y.

New York, September 1845.

The General Agent for Missouri, is E. K. WOODWARD, St. Louis, to whom applications for agencies may be addressed.

The above celebrated medicines are for sale at Warsaw, by BENNETT & SHEPARD.
