

THE SPANISH-AMERICAN

VOL. VIII

ROY, MORA COUNTY, NEW MEXICO, SATURDAY, JULY 22, 1911.

No. 26

FAIR ASSOCIATION

The call issued in last week's Spanish-American for a mass meeting to discuss plans for a District Fair this fall, was responded to by about 25 or more citizens of the town and country at the Odd Fellows Hall Tuesday evening.

R. W. Bouiware was chosen temporary chairman and W. Fred Ogden, temporary secretary. More than half those present were from the country neighborhoods, and a keen interest was shown by all.

After discussing plans fully, in which discussion all joined in freely, it was decided to appoint another meeting to perfect the organization, and in the mean time to get busy and figure out just what we want to do and what can be done.

A committee of three was appointed to formulate plans, estimate the cost and figure out resources and present a report at the next meeting. This committee consists of W. Frank Walkowiak, H. Goodman and F. S. Brown.

An interesting address by the chairman and a communication from the promoters of the Chautauqua at Mountainair and the proposed New Mexico auxiliary to the International Dry-Farming Congress was read and discussed.

The meeting adjourned to continue planning for a permanent organization next Wednesday afternoon, when all citizens of this mesa are urged to be present and help organize the big est and most efficient advertising scheme ever attempted here, and one that will attract more people here than any other means of exploiting this territory.

Among the plans under contemplation is the forming of a stock company to raise funds, the leasing of a big corral or tent for exhibition purposes, the classifying of exhibits and awarding of prizes, the encouragement of carnival and other entertainment features, and in general to have a modern, up-to-date fair for three days, and form a permanent institution that will afford profitable amusement for our people, exhibit what they can raise and what they are doing here, and above all, proclaim to the outside world this truth, that this is the most favored farming section of the great Southwest. We hope and believe that all this will be accomplished this fall, that the initial steps will be taken next Wednesday, and that every live farmer on this mesa will be present.

I Buy At Home

Because my interests are here.

Because the community that is good enough for me to live in is good enough for me to buy in.

Because I believe in transacting business with my friends.

Because I want to see the goods.

Because I want to get what I buy when I pay for it.

Because my home dealer "carries" me when I run short.

Because every dollar I spend at home stays at home and works for the welfare of Roy.

Because the man I buy from stands back of the goods.

Because I sell what I produce here at home.

Because the man I buy from pays his part of the town, county and state taxes.

Because the man I buy from gives value received always.

Because the man I buy from helps support my school, my church, my lodge and my home.

Because when ill luck or misfortune or bereavement comes, the man I buy from is here with the kindly greeting, his words of cheer and his pocketbook, if needs be.

Here I Live and Here I Buy

P. P. Circle Meeting The Kind We Want

Several new members were present at the regular meeting of the Primrose Progressive Circle Friday afternoon. The meeting was in part a farewell reception to Mrs. Max H. Karlsruher, and was held at the home of the president, her sister, Mrs. Herman Goodman. Important business was also transacted regarding the future activities of the Circle. Mrs. Karlsruher has been an active and useful member of the Circle ever since its inception and will retain her membership even though changing her residence to Springer. She will be missed by all social circles in Roy but in none so much as by the Primrose ladies. The Primrose Progressive Circle and its auxiliary of young ladies have outlined much philanthropic and social work for themselves for the coming season, the public schools to be one of the beneficiaries of their efforts.

S. F. Davis, of twelve miles north of town, was here Thursday. He reports his large wheat crop is in the stack and that the yield will be as good as expected.

Wilson Morris and son, A. Waldo Morris, of Council Grove, Kansas, who arrived in Roy recently and are stopping at Irvin Ogden, Sr.'s ranch, east of town, have located on a half section each of land nine miles southeast of town, near W. H. Guthman's farm, and will soon ship their stock and other personal effects here and locate here in future. They are from the burned-out section of Kansas, and it looks mighty good to them here. Mr. Morris, Jr., is a prominent school man, a member of the city council of his town, and of the sort of young men we need here. His father came here an invalid, but is fast losing his claim to that distinction, and is infatuated with the country and especially with his 320 acres of it and the inexhaustible supply of timber, building stone and pasture that surrounds it.

Church Services.

Elder C. E. Hunt will preach at the Roy school house Sunday, July 23d. Everybody invited to attend.

SEARCH FOR POTASH

Prof. L. B. Dertcher of Chicago, a noted chemist, for many years in the employ of the U. S. government, was in Roy Thursday. He is at present searching for deposits of soluble potash, and working on his own resources, having declined to work on a salary for the U. S. in this instance. The recent embargo placed on export of this product by the German government, makes it especially desirable to locate beds of the mineral in this country. The immense deposits of ochre and other mineral ash products in this vicinity, warrant his investigation here. E. J. H. Roy is driving him about the country in his auto.

S. S. Convention.

The next Fifth Sunday Convention of the Eastern Mora County Sunday School Association will be held on Sunday, July 30th, at Pleasant View school house, seven miles east of Roy.

At our last meeting at Mills the old officers were continued and are now working on a program for the next meeting, which we expect to be a complete success.

Everybody is cordially invited to come with well filled baskets and enjoy a good program, as we always do at Pleasant View, a lively, wide-awake community, where nothing is allowed to drag or lack interest.

Some people drove twenty miles to attend the last meeting at Mills. J. G. Reed, Pres.

The Embroidery Club held their installation of officers July 13th at the home of Mrs. W. H. Willcox. The following officers were installed: Mrs. W. H. Willcox, president; Mrs. B. G. Tyler, vice president; Mrs. F. A. Roy, secretary; Mrs. L. E. Alldredge, treasurer. After the usual routine of business, the hostess served a dainty lunch. The club then adjourned to meet with Mrs. L. E. Alldredge July 20th.

The Goodman Mercantile Co. have just received the first carload of a large shipment of lumber ordered by them, and are now offering lumber for sale at prices to interest you. Sheds are now being erected to hold the rest of the shipment when it arrives. A car of coal will soon be received for the retail trade. Goodman Mercantile Co.
