

Supplement to THE SPANISH AMERICAN

Saturday October 30th, 1920

Election Returns By special wire at the OPERA HOUSE Tuesday evening November 2nd,

Ray Busey received a telegram Thursday evening stating that his father J.E. Busey was very low at his home near Sedan. This was the first news that was received of his sickness and it did not state what the trouble was.

PUBLIC SALE

I will sell at Public Auction at our farm 9 miles north and 5 east of Roy, and 8 miles east and one north of Mills, and one mile east and 1-2 mile north of Brand School House, on Thursday, November 4th, 1920, commencing promptly at 10.30 a. m., the following property to-wit:

Six horses: one sorrel mare 9 years old, one bay horse, 8 years old, one bay mare 9 years old, one sorrel mare 5 years old, two two-year-old fillies.

Free lunch.

E. J. COLEMAN, owner.
W. G. JOHNSON, Auctioneer.
FRANK L. SCHULTZ, Clerk.

HEAD HERO ARRIVES IN RATON

The body of Private Geo. C. Laherty, formerly of Co. C, 302nd Bat., Tank Corps, who died of pneumonia in England on October 26, 1918, arrived here on No. 1 Sunday morning, in charge of Sergeant Tremont, who had come from Chicago with the body. Immediately on arrival here, the body was taken to the Errington mortuary to await funeral arrangements, which, however, cannot be made until the father, William Laher-

BRADLEY NEWS

There were not very many out at Sunday school on account of the cold wind, which made the building which is taking the place of the school building, very disagreeable and cold.

Mrs. Ralph Hazen is home again from the Plumlee Hospital, where she has been the past two weeks.

Arthur Hazen is still an old bachelor.

A large crowd of Bradley and Mosquero people were at the Roy fair.

Everyone is busy hauling coal this week. This cold, frosty air is making us prepare for the winter and big storms.

Miss Louise Tinker entertained a crowd of young folks at her home, where she gave a masquerade Halloween party. All masqued and went to her ranch home, where she had planned and decorated everything so tastefully for Halloween. "Spooky" games of all kinds were played and beautiful music rendered. Very dainty refreshments were served at the midnight hour. We have not learned all who were present, but all the Bradley district young folks were there.

Miss Bertha Rinehart and Miss Anderson, teachers from Solano, were guests at Mrs. Don Bradley's home on Sunday.

All are planning for the big masquerade ball to be given in the new school house October 29th.

Mr. Rice and Robert Smith are hauling wheat this week.

Mrs. Lysle Hazen has been ill for the past week.

Mrs. Phil Crosneck has been suffering from a wisdom tooth this week.

Everyone seems to be bothered with bad colds and tonsillitis.

LIBERTY

The Better Baby Contest which was held a Roy last week was well represented from this community. Lloyd Christman held highest honors in the contest, scoring 99½ in division 1. Sowla Mitchell scored highest in Division A, with 97 points. Norma Christman held highest honors in Division 3, with 95.5. Ross Lucas and Hazel Green, who are the same age, scored 92.5. Here's hoping we may have another contest next year.

Dr. E. P. Brown and Roy Day went deer hunting last Tuesday.

Fifth Sunday School Convention will be held in Mills next Sunday. All are invited.

ty, who is read foreman of the E. P. & S. W. Railway, located at French, N. M., recovers from an operation he has undergone at the Dawson hospital. As soon as Mr. Laherty recovers sufficiently, services for his son's funeral will be held at the Catholic church, and the remains interred in Mt. Calvary cemetery.—Raton Range.

MOSQUERO MENTIRAS

We wonder if Wilson's League of Nations will keep us out of war in the future like Wilson kept us out of war in 1917?

The cold, windy weather has been the cause of considerable damage to the recently planted wheat crop. Some of the wheat has never come up on account of the dry weather that set in immediately following the late planting. But that which has come up has been somewhat damaged by the high winds that have rapidly evaporated the moisture that was in the ground until wheat is actually suffering for moisture at the present time. While it will probably stand a great deal more of unfavorable weather before becoming a complete loss, it is now being badly damaged, and should it continue dry and windy for another thirty days the wheat crop would be almost a complete failure. Present indications, however, would seem to indicate the arrival of snow or rain in the near future.

Hon. Malaquias Baca, Republican candidate for State representative on the Republican ticket, and assistant secretary of the State Tax commission at the present time, was visiting old friends in Mosquero and attending to business here during last week. Mr. Baca is still the owner of one of the choicest residences of the town, is greatly interested in the future of the little town, and informs us that he will again be living here permanently after April first. He has never abandoned his residence here, but has been away the greater part of the time while working for the State Tax commission. If elected to the State legislature he thinks that he will be able on account of his wide acquaintance throughout the State, to secure the passage of several laws that will be of special benefit to our town and community.

McIntosh Brothers purchased an eighty-acre farm from Mrs. Bueno the other day, and Mrs. Bueno has purchased a Mosquero lot where she will reside in the future.

Mr. Hurst of Dawson, N. M., has purchased the 320-acre farm formerly belonging to John C. Linson some miles east of town. We understand that the consideration was twenty-one dollars per acre. As this land was practically unimproved and somewhat rough and rolling, it may be considered as a fair indication of what the better class of well-improved land should bring. But there is very little land selling at the present time and really but little offered for sale.

Mr. Hubert West is completing a nice residence house on his recently purchased lots in the Brown addition which adds materially to the appearance of that part of town. Mr. Wm. Hamilton has moved a small house onto his acreage purchased in the addition just north of town, and several small dwellings have been completed in the eastern part of the town, so that we can truthfully say that the town is slowly but surely growing.

Everyone from this community participated in Fair activities at Roy last week.

Almost election time now. Have you made up your minds how you will vote? If so, we venture to say that you will make a mistake no matter how you vote, and a greater mistake if you fail to vote at all.

Mrs. Kennedy, wife of our agent, has been sick but is now slowly recovering under the professional care of Dr. Self of Roy as physician and Mrs. Holland as nurse. Mr. Kennedy was forced to secure a substitute at the depot while he remained at his wife's bedside.

We took in the fair at Roy last week, as did the greater part of Mosquero and vicinity. It was a good fair, notwithstanding that the wind was blowing a gale. The dust was so intermixed with the atmosphere that like the horizon at sea it was difficult to tell where one left off and the other began, and a great many exhibits were not brought in on account of the unfavorable weather.

Mr. Woolsey, connected with the Peco Refining and Producing company at Tucumcari, has been transacting business in Mosquero and vicinity during the last few days. With all arrangements almost completed for the commencement of refining operations, the election of a new set of officers that are from this vicinity and well known for their business ability and honesty, this company should be on a dividend paying basis in the near future.

A large crowd turned out at the Mosquero school house Friday night to welcome the Republican campaign committee. An eloquent, stirring and instructive address on the league of nations was delivered by Hon. Nestor Montoya, candidate for Representative to Congress, and was listened to with much interest and appreciation. Mr. Rutledge, candidate for county commissioner, introduced the county ticket, and short addresses were made by different candidates present, and we believe that the voters were greatly helped by the opportunity afforded of meeting the different candidates and hearing them express their views on the questions of interest of the day in county and State politics.

Mrs. E. L. Fuller is on the sick list the greater part of the time, her health being very poorly.

Mr. and Mrs. Frank Salazar are the proud parents of a new baby, and Dr. Gamble reports both mother and child doing well.

Miss Reed, school supervisor of San Miguel county, was looking after school interests at Mosquero last week. Mosquero has one teacher furnished by the San Miguel County board in order to take care of the children that live across the line in that county but attend school at Mosquero. The question of a consolidated school district, formed from this district and a part of San Miguel county, was discussed and will be taken up for future determination.

Master Elbert Wilson of Mosquero was the guest of Murl and Ivan Johnson Tuesday.
