MOSQUERO MEN OPEN WAR ON MODERN GIRL

Pledges Selves Not To Wed Bobbed Haired, Rouged, Short Dressed or Rolled Hose Maids

Mosquero, March 28.—The old fashioned girl only is welcome in this town.

And what is more, she is the only type that stands a chance of finding a husband here, according to the un married portion of the population.

Modern dancing, bobbed hair, medicated complexions, short dresses, rolled (down) hose and low-cut bodices are on the list of things that bar girls from marriage with the eligibles of Mosquero.

More than fifty men, virtually the entire single male population here, have formed the Men's Mutual Matrimonial Protective Association. The creed of the association is to combat the modern girl and her ways. She must be like the maidens of a generation ago to be suitable to the wife seekers here.

The Association is pledged to use the boycott on any girl who indulges in rolling her own (hose) touching up nature's facial work, bobbing her hirsute adornment or any of the other things considered as too modern.

In the meantime, the girls... but their ideas are not being expressed. They have adopted a watchful waiting policy, perhaps, and are wondering when the next dance will be held.

The movement was talked of here for some time, but not until the bachelors and widows got together and elected officers did anything definitely develop. Now there is an association that contemplates seeking household companions in the foreign market. The association adopted a resolution that if no girls were available locally for the ideal wives—ideal as the association construes the word—France, England and Belgium would be called on to help.

Someone remarked in the organization meeting that the taboo modes objectionable to Mosquero men had not invaded these foreign countries, so the matter of passports for a lot of girls is to be taken up with the State Department according to a resolution.

The officers of this association seeking girls like the kind when "mother was a girl" are Attorney D. S. Durrin, president; Harrison L. Cox, oil promoter, sect; W. G. Root, Publisher, treasurer. The Rev. Floyd O. Burnett, pastor of the Methodist Episcopal Church, held out special inducement to the club members of which he is one, to seek the old fashioned girl. He announced he would marry his club brothers without charge.

There is hope in the hearts of the club members, however, because the club dues—\$5—have been ordered set aside to buy wedding presents for the members. But when a member marries he must marry the club's ideal or be nix in the eyes of his brethren.

Membership in the association includes clerks, mechanics, professional men, business men, and scions of the community's wealthy families.

Of course, indignation among the feminine population is quite rampant just now, but what measures of retaliation will be taken have not been worked out. At least, if plans have been made they are more than secrets, they are unknown to the outside.

The association members are determined and Mosquero's married sets are preparing to welcome new comers from foreign lands if local girls insist upon keeping abreast of the tread of things today.

Quite a number of residents of southern Colfax County were in Roy Saturday asking the business men to help them secure a graded road from Roy due north to the Colfax county line. The road would be a great help to farmers in marketing their products and would be a benefit to both Mills and Roy and it is up to these two towns to see that this road is properly bridged and graded if they expect to receive their portion of the farm products of southern Colfax County.

PURCHASES INTEREST IN MEAT MARKET AND STORE

Frank Seidel purchased a one half interest in the City Meat Market and City Grocery Store last Saturday from Mr. E. I. Northcutt. The new firm will be known as Northcutt and Seidel and they will handle all kinds of fresh and cured meats also fruits and staple groceries. They have already received their grocery stock and have it on the shelves and opened for business this morning. Mr. Ray Leach will have charge of the meat department and Mr. Seidel the grocery department. Both Mr. Seidel and Mr. Northcutt have had considerable experience in the grocery business and we predict success for them in their new undertaking. Watch the S. A. for their ad each week as they will have something to tell you weekly that will be of interest to you.

NEW MEXICO CATTLE AND HORSE GROWERS ASSOCIATION HOLDS IMPORTANT MEETING AT LAS VEGAS.

The New Mexico Cattle and Horse Growers' Association held its annual meeting at Las Vegas last Wednesday and Thursday and transacted much business of importance to the Association.

A number of valuable and interesting talks were made by Judge Holloman, William R. Morley, F. L. Schneider, Senator Jones and president Mitchell.

The convention for 1923 will be held at Las Vegas again. Hugh L. Hodge of Silver City was elected president and several vice presidents were elected.

The convention adopted a number of resolutions one of the important ones being the protest against the transfer of affairs of the national forests from the Department of Agriculture to the Department of the Interior. The proposed transfer of the bureau of markets was similarly opposed in the resolution.

Dr. W. S. Merrick was here last week and inspected Mr. J. M. Elder's herd of dairy cows and also some for Mr. Cope and says the cows of these dairies will average as good as any he has seen in the state which means more for the people of Roy than some of us realize. Doc did considerable more work here and will return April the 13th to finish testing cows for milking purposes and also other veterinary work among his many satisfied customers. We should do what we can to get the Doctor to locate in Roy as we need a good veterinary here all the time, instead of once a month.

J. W. Thompson and family moved to Nolan last week when Mr. Thompson has charge of the architect work on the Nolan school building.
