

GAMBLING MOTHERS.

In a strong editorial, headed "Gambling Mothers" the *Christian Advocate* tells the following:

"Dungeoned in a prison in the middle West was a young man chained to an iron bed, awaiting the day of execution. His mother, whom he had not seen for years, came to the prison to take leave of him. To the horror of the chaplain and even of the jailer, he refused to have the interview. She came to the door and pleaded with him. So far as his shackles would allow he turned his back upon her, exclaiming:

"Go away!"
"It was you that put the wine to my lips.

"It was you that taught me to gamble.

"It was drinking and gambling that brought me here."

"Abnormal, indeed, was this treatment for a mother. But amidst her sobs the unhappy woman confessed that the accusations were true."

Mother, was that you? From your present conduct, will it perhaps be you some day? We wish every mother would read the above incident and then determine in her heart that never will she give occasion to her boy to reproach her with his ruin. Oh, mothers, mothers, never forget that the best society in this world for you is the society of your husband and children. Let your home be the sphere of your sweetest pleasure, as it is of your highest usefulness. Live for your children, and some day you will live in your children.—*Baptist and Reflector.*

There are hundreds of mothers who are teaching gambling schools in their own parlors and their own children are their pupils. What else are they doing when they have poker games with prizes? God save our country from such mothers.—*Ex.*

Wilman's opera house was the center of attraction Sunday afternoon, judging from the numerous pedestrians, bicycles, autos and carriages. The drawing card was the superior local talent of Daytona, which will continue to be a special gratification every Sunday afternoon from 3 to 4 o'clock.

Manager C. F. Burgman, who is always alert for progressive steps, has just had several fire escapes constructed at the Wilman's opera house. J. L. Wilcox superintended the work.

CHEAP FLAGLER ADVERTISING

There is nothing so persistent as the force of habit.

For several years, as all the world has known, the annual automobile races in Florida have been run on the Daytona Beach course. The races have all started at the Club house of the Florida East Coast Automobile Association at Daytona Beach—none at Ormond. Ormond has no beach that the racers dare risk their lives and their machines on. This year the Flagler-Ormond interests have contributed nothing towards the funds so greatly needed.

The *Journal* objects to the wolf appearing in sheep's clothing; to Ormond sailing under false colors; to the Flagler interests parading stolen thunder; to cheap advertising of those interests by the Flagler press of Florida—the *Times-Union*, the *Metropolis* and the *St. Augustine Evening Record*.

Of course every one knows, or ought to know, and if he don't this will inform him, that all the money to lubricate the races this year has been contributed by Daytona enterprise. If any has come from

elsewhere it is only the small change.

This protest, we know, will not lay the "Ormond-Daytona" ghost, but it does give voice to the indignation of all fair minded people. —*Daytona Journal.*

GROWS HAIR ON BALD HEADS

BALD HEADED PEOPLE MAY GET A NEW CHANCE IN LIFE.

In these days when youth is the moving factor in business; when a man makes his mark at thirty-five and is ready to retire at forty-five; when business houses pension the man we call "middle aged" rather than allow his lagging influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet, it is not a coloring matter or dye.

This combination of curatives mixed with alcohol as a stimulant perfects the most effective remedy for hair and scalp troubles.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpin. It makes the scalp healthy, nourishes the hair, stimulates the follicles. Where the head is already bare, it enters the follicles, revitalizes the roots, supplies nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic, on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. G. W. Fisher, druggist, DeLand, Fla. Two sizes, 50c. and \$1.00.

"I like to see a man proud of the place in which he lives. I like to see a man who lives in it so that his place will be proud of him. Be honest, but hate no one; over-turn a man's wrong-doing, but do not over-turn him unless it must be done in over-turning the wrong. Stand with anybody that stands right. Stand with him while he is right, and part with him when he goes wrong."
