INTERESTING FACTS.

W. FISHER, DRUGGIST, OFFERS TO CURE CATARRH-THE MEDICINE COSTS NOTHING IF HE FAIL.

When a medicine effects a cure in 98% of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not cure Catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people of DeLand to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician whoses pecialty was Catarrh, and who has a record of thirty years of cures to his credit.

We sell more bottles and receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh medicine we would

have any demand for. Rexall Mucu-Tone is quickly absorbed and carried by the blood until it thoroughly disinfects and cleanses the entire mucous membranous tract, destroys and removes the parasites which injure and destroy the membranous tissues, soothes and heals the irritation and soreness, stops the mucous discharge, and builds up strong, healthy tissue, relieves the blood and system of diseased matter, stimulates the muco-cells, aids digestion and improves nutrittion until the whole body vibrates with healthy activity. In a comparatively short time there is a most notice able gain in weight, strength, good color and feeling of buoyancy.

* We urge you to try Muco-Tone, begin-

ning a treatment today. At any time

tell us, and we will quickly return your money without question or quibble. We have Rexall Muco-Tone in two sizes, 50c and \$1.00. G. W. Fisher, druggist, DeLand, Fla.

20 Years WithHeartTrouble

"Dr. Miles' Heart Remedy has cured me of heart disease of over 20 years' standing. I was so bad that I could not do my work, and could scarcely draw a full breath without fainting or smothering. The doctor told me he could do no more for me; then I commenced taking the Heart Remedy. I shall never forget that night. I slept better than I had before in months. I kept right on getting better, until I was perfectly well."

MRS. LAURA RUSSELL, Logan, Iowa.

When the heart action is weak, it fails to pump the blood through the lungs with sufficient rapidity. Then the lungs do not absorb the proper amount of oxygen, although they may be taking in a normal amount of air. The result is shortness of breath, smothering spells, difficult breathing, oppressed feeling in chest. Dr. Miles' Heart Remedy strengthens the heart nerves and muscles, and in this way increases the circulation.
