FORCED INTO EXILE.

Wm. Upchurch of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for Coughs and Colds; dispels Hoarseness and Sore Throat; Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough. See and \$1.00, trial bottle free, guaranteed by all druggists.

BROWARD IS STILL

MAKING GOOD

Among the passengers on the train Wednesday going north was ex-Gov. N. B. Broward. He had been down on the Caloosahatchee river, looking after the "drudge" getting ready for work. To the keen eye of an expert, Napoleon had a look of satisfaction and determination that seemed to indicate he was well pleased with the way his drainage scheme was working. Latest news from the Legislature is to the effect that the investigating committee will make a favorable report and give the work a big boost. Whether right or wrong, N. B. Broward is tremendously in earnest and still has a mighty hold upon the people of Florida, that political statemakers must take into account in the future.—Arcadia News.

Farmers bestow names upon their cattle, horses and dogs, but usually the farm itself is nameless or, if it possesses one, it is likely a nickname or one that conveys no real meaning. By all means let the farm have a name that will give it individuality, appeal to sentiment and foster a legitimate pride in the farm home. It must indeed be a poor farm for which out of the realm of historic associations, natural features or location, some appropriate name cannot be found. Far more than people suppose such a name brings increased affection for the farm home and corresponding contentment with rural life. Other things being equal the farm with a name is more likely to be kept in better order and made more attractive than the farm that is nameless, and this is still further the case when the family stationery bears the farm name.—Gainesville Sun.

The Baptists gathered in convention at Louisville refused endowments for their school from the Carnegie foundation fund. These endowments were offered provided the Baptists would cease to teach sectarianism in these schools.

One Dose for Coughs

Children cough at night? Give them Ayer's Cherry Pectoral. Often a single dose at bedtime will completely control the cough. Good for any one with a cold or cough. Good for easy cases, hard cases; good for acute cases, chronic cases. Ask your doctor to tell you, honestly and frankly, just what he thinks of this old standard remedy. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

A lazy liver makes a lazy boy. An active brain demands an active liver. No better laxative for boys and girls than Ayer's Pills. Ask your doctor about them. He knows.
