 THE NEWS wants regular correspondents at Lake Helen, Beresford, Barberville, Pierson and Seville.  
 Miss Ammonette Gordon has returned home after an extended visit in Gainesville. We all extend the "glad hand" to her because she is the first summer wanderer returned, and because—well, because we thought we had lost her, but "Somebody lied, as sho' as yo' bo'n."

 Ex-Sheriff Turner, who is recuperating in Waynesville, N. C., has the thanks of THE NEWS for a copy of a very handsome little booklet descriptive of Waynesville. Mr. Turner's many friends throughout Volusia county hope the change of scene and air will bring on a thorough recovery of his old-time vigor and health.  
 Misses. Reeve and Howard are taking a vacation—Miss Reeve will make a short stay in Jacksonville, but Miss Howard will extend her trip into the eastern States. She sailed from Jacksonville for Philadelphia over the new Merchants and Miner's line on Wednesday. During their absence Miss Dora Burgess has charge of "Ye Gift Shop."  
 Mr. J. Will McCormick and family enjoyed an unusually fine auto ride on Sunday. They left DeLand in the morning, went to Orlando, Eustis and Tavares, and reached home in time for supper. The entire trip comprised 105 miles. The worst part of road encountered was in Volusia county, between Osteen and the river. This road has just been thrown up and has not yet hardened. The commissioners should make an unusual effort to get all these roads in the very best shape for use this fall and winter. This section of the State is getting a fine name for its good roads, and it won't do to have this good name blasted by one measly little stretch of road only a few miles in length.

H. B. Stevens attended the meeting of orange growers in Tampa this week.  
 Mr. F. G. Brill leaves in a few days for New York, where he will spend a portion of his vacation.

 Arthur B. Codrington is now conducting a newspaper voting contest for the Perth Amboy (N. Y.) Evening News. Mr. Codrington is building up a big business as a "circulation builder" and has quite a force on running contests in several different towns.

Rev. R. R. Ray, the field secretary of the Florida Sunday School Association, will be in DeLand next Sunday and invites the superintendents, teachers and everyone interested in Sunday school work to meet him in a conference at the Baptist church Sunday afternoon at 3:30 o'clock.

Dick has been sick with chills and fever. They left Thursday for their home in West Palm Beach. Dick's many friends here hope for a speedy recovery. *New Smyrna Breeze.*  
 Dr. and Mrs. V. Howry Voorhis and Mr. and Mrs. Loring J. Mace, of Lake Helen, will spend the month of August at Barber's, Coronado Beach. The gentlemen will make frequent trips over by auto, to attend to their business matters. An especially fine trip is planned in Mr. Mace's launch, which will be taken from Beresford to Jacksonville and down to Coronado by East Coast canal and rivers.  
 Mrs. Fannie Regar left on Monday for Blue Mont, N. C., where she will spend the rest of the summer. At Jacksonville she was joined by Mrs. Harry Winters and baby, who also went to Blue Mont. Her mother, Mrs. J. F. Allen, will go just as soon as Mr. Allen is well enough to be left alone. Mr. Allen is greatly improving, and is able to walk out alone, after a long and trying illness.

The contract for the repair of the city water tower has been let to the Georgia firm that originally built the tower, about fifteen years ago—Geo. H. Craft. The struts are to be encased in reinforced concrete, after which it is said that steel is practically indestructible. The tower has been in a dangerous condition for some time, and it will be a decided relief to the city authorities especially when the work is completed and the tower in a safe condition. Work is to begin at once.

The City Council has instructed the treasurer to proceed to collect all delinquent personal taxes. Why are not these taxes collected every year the same as real taxes? Why are they not published and the personality sold to pay the taxes and costs? And why is not some publicity made of those who refuse to pay occupation taxes at the same time? If the honest man pays his tax, why not give the other fellow a little free advertising? The newspaper is the best incentive to honesty on earth.

Prof. A. L. L. Suhrie, who has been in charge of the Stetson University correspondence at the president's office, has accompanied his wife to the mountains of North Georgia. He will be absent only temporarily, and until his return all requests for catalogues, and for room reservations, and all inquiries concerning the classification of students, expense of matriculation, etc., should be referred to him by letter addressed to DeLand, Fla. Patrons of the university and others living in town who desire to take visiting friends through the university buildings, will please request Mr. Carl Turnquist to accompany them and open up the buildings and laboratories, studios and shops.

**TWO MORE CASES FORM DAYTONA**

Sheriff Ed Smith came to Daytona on Thursday last and arrested Philip Spencer, colored, on a charge of selling intoxicating liquors. He took the prisoner over to DeLand in an auto in the afternoon. The sheriff seems to be in earnest in his efforts to break up the practice of selling intoxicants in the county.  
 John Odum was placed under arrest on Tuesday on the charge of the larceny of a watch. He was taken before Judge Titus, who bound him over to the criminal court in the sum of \$500.00. He gave bail for his appearance.—*Daytona Journal.*
