Your correspondent was mistaken last week about the mosquito being at Coronado. They were not there at all. The hotel at Coronado is perfectly free from them. Mr. True and Mrs. Stilian speak of that place in the highest terms. The house is well screened all over a mosquito cannot get in the house unless he flies in on some one's back. Mr. True says they were treated really there. He thinks there is not a place in Volusia county where one could enjoy himself better for a summer's outing than at the hotel at Coronado.

Are Doctors Any Good? Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently, trust him fully. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you. Ask your doctor. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.
