ing. The child had been quite sick, but was better, and to amuse it, Mr. Hughes put a pillow on the frame of his bicycle, placed the child on the pillow, and was riding up and down the shell road in front of his house. In some manner, the child got its foot caught in the frame, stopped the wheel suddenly, and turned Mr. Hughes, the bicycle and the child a complete somersault. It was at first thought that the child had suffered mortal injury. Dr. Davis was called, and he found that no bones were broken. The ligaments of the foot had been severed. The child is very much better.

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on the strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you live in a hot climate buy Quaker Oats in hermetically sealed tins. It keeps sweet and fresh.

Mrs. Scott Hodgkin, Howry avenue, DeLand, Fla., says: "I am very glad to acknowledge the great benefit I derived from the use of Doan's Kidney Pills. My kidneys did not do their work properly and the secretions were scanty and otherwise unnatural. My back ached constantly and I suffered intensely if I stood or lifted. I felt miserable and some days was hardly able to get around. I finally learned of Doan's Pills and procured them. It required but the use of two boxes to relieve the backaches and I have not had a pain in my back since. My kidneys are also normal, the secretions have become clear, in fact, I have been entirely relieved of kidney trouble."
