### Wm. Best Gets the Contract.

A meeting of the members of the Street Committee of the City Council was held last night, to let contracts for grading and paving Clara and Rich avenues and pinestrawing many un-paved streets. Bids were read from William Best, W. C. Cannon and T. N. Page. The contracts were let to Mr. Best. His bids were: For grading, 35 cents per cubic yard; for paving, \$1.75 per cubic yard, contractor to furnish material; for pinestrawing, \$45.00 per mile. Work is to begin at once.

### The Best Food for Workers.

The best food for those who work with hand or brain is never high priced.

The best example of this is found in Quaker Oats. It stands at the top among foods that supply nourishment and vigor, without taxing the digestion, and yet it is the least expensive food one can eat.

This great food value and low cost make it an ideal food for families who want to get the greatest good from what they eat.

Laborers, factory or farm hands, fed plentifully on Quaker Oats will work better and with less fatigue than if fed on almost any other kind of food. All of these facts were proved and very interesting information about human foods were gathered by Professor Fisher of Yale University in 1908. You'll find Quaker Oats in regular size packages, and hermetically sealed tins; the latter is best for hot climates.
