THE FIRST NATIONAL BANK
CAPITAL STOCK, \$50,000
DeLand Florida

Will open for business early in January, 1910, on the corner of Woodland Boulevard and New York Avenue

WHILE THE FIRST NATIONAL BANK will be conducted under a National charter (about it thrown those strong safeguards by the Federal Government for the protection of its stockholders and depositors), it will, in all intents and purposes, be a people's bank, and not a close corporation. Its stockholders number sixty-odd representative citizens residing at Seville, Pierson, Emporia, Barberville, Spring Garden, DeLand, Lake Helen, Orange City and Osteen. The Board of Directors, composed of successful business men of the county, is, of itself, a guarantee that the bank will be conducted with sound judgment and along careful business lines, and it solicits your patronage, assuring you every accommodation consistent with conservative banking. Our cashier, Mr. W. E. Sullivan, has had seventeen years' experience as a bank cashier, and in such capacity for THE FIRST NATIONAL BANK OF DELAND he will strive to merit your confidence and patronage.

body while visiting the lodges throughout the jurisdiction. If the indications, as they come to us by private letters and otherwise, are to be relied upon, the amount of good, in encouragement and in instilling new life in the Order, is beyond comprehension. This we expected beforehand, knowing as we did the character of the Grand Master. Thoroughly imbued with the spirit of the Order himself, and being willing to lay himself out to the largest extent for the good of the Order, he inspires and enthralls all with whom he comes in contact. It is just such men and such laborers as we are referring to that make a strong and a united organization. Let us all remember this and see to it hereafter that those who follow the present Grand Master are as near like him in spirit and ambition to serve the Order as possible.—Jacksonville Florida Fraternal Record.
