Miss Stella Bauer won the vase, Miss Alma Whitcomb, the doll, but the motor fan is still unclaimed.  
 Dr. I. C. Curtis, of Fulton, N. Y., who has a pretty winter home at Orange City, was a cordial visitor at THE NEWS office on Tuesday. Dr. Curtis brought his auto down with him and is now building a garage. The doctor is a mighty genial fellow, and is now enjoying life after a strenuous business career.  
 The auto party from Orlando to Jacksonville passed through DeLand on their way north Tuesday. There were ten machines, with about forty people, in the party. The machines were decorated with white pennants on which were printed in large black letters the single word "Orlando." The party returned home yesterday. Owing to the cold weather only ten machines made the trip, instead of the thirty scheduled to start. They struck the worst weather for autoing of the entire year.  
 A great amount of space of THE NEWS this week is taken up with a complete account of the meetings of the State Teachers Association. As this was the biggest convention DeLand has ever had the honor of entertaining, and as all our people have given liberally of their funds and time to guarantee the teachers a good meeting and a good time, we feel that those who were unable to attend the sessions, as well as those present and doubly interested, are entitled to a complete account of the meetings.  
 Dr. Marion Lawrence, of Chicago, spent Christmas in DeLand, the guest of his son, Prof. Lawrence, of the department of English at the university. At 3:30 on Sunday afternoon Dr. Lawrence, who is an officer in the National Sunday School Convention and also in the World's Sunday School Convention, and who has for years edited the "Ask Marion Lawrence" column in the Sunday School Times, gave a very interesting address to a large audience

in the university auditorium, giving in his talk a telescopic view of the World's Sunday School work. Dr. Lawrence goes from here to Cuba in the interest of Sunday School work there.  
 On Wednesday evening the Misses Bly entertained at the home of their parents, Mr. and Mrs. Grant Bly, on Colonial Court, at six o'clock dinner, in honor of their friend, Miss Elvira Farrah, of Gainesville. The dining room was beautifully decorated in holiday colors, green and red. The place cards were artistically decorated by Miss Catherine Harkness. It was a very enjoyable occasion, the young ladies proving themselves most charming hostesses. Those present were Misses Elvira Farrah, Mary Smith, Guilda Happersett, Catherine Harkness, Margaret Watts, Ethel Sprout, Edith Baguely.

**WORST FREEZE IN TEN YEARS**

**Fruit Frozen, But Large Orange Trees Probably Unhurt.**

The most severe weather in ten years visited Florida last night. The mercury this morning fell below 20. Practically all the fruit remaining on the trees, except in the most protected localities, is ruined.  
 The orange trees were in a dormant condition and are unhurt.

**Card of Thanks.**

We take this means of expressing our heart-felt appreciation for the many acts of kindness shown us since the disastrous fire that destroyed the DeLand depot and all our worldly possessions.  
 Mrs. Anna C. Johnson and Family.

**Oak Hill W. O. W.**

**CHURCH SERVICES.**

**St. Barnabas Episcopal Church.**

Sunday, January 2, 9:30 a. m., Sunday school; 10:30 a. m., choral service with sermon. The rector, Rev. H. H. P. Roches, expects to officiate.

On Christmas Eve night the livery stable of R. F. Hoyle, in Miami, was broken open and a horse and buggy stolen. Entrance was effected by drawing the staple to the lock on the door. The missing property was soon located in the possession of one P. P. Henderson, a white man. He was arrested and locked in the county jail on a charge of grand larceny.

The county vault which is being constructed by Contractor Hazellurst at the court house in West Palm Beach is almost completed, and is said to be one of the finest of its kind in the State. The inside of the structure is finished and furnished. The vault is lined throughout with steel sides, floor and ceiling.

The Peninsular Telephone Company in Tampa have decided to place all of their wires beneath the city streets.

The Key West Citizen, with characteristic benevolence and enterprise, raised a fund of \$210.30 on the "empty stocking" account and caused the proceeds of its conversion into toys and candies to be placed in the Christmas Eve stockings of the children of the poor in Key West. Not many papers were so considerate and thoughtful, and of those none were so successful.

This is not a time for sowing cowpeas for next year's crop, but it is a good time to negotiate for and acquire the seed for an early crop. As we have had frequent occasion to remark, the cowpea is a notable vegetable and puts fat on the ribs of every variety of livestock from bantam chicken to elephants—with a partiality to Florida cows and hogs.

These are the anniversary days of the big freeze of 1894, and make it look like the weather does go in something like cycles after all.

**NATURE TELLS YOU**

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills. Doan's Kidney Pills cure all kidney ills.

People in this vicinity testify to this. C. H. Spellman, 203 Magnolia avenue, Orlando, Fla. says: "For some time my kidneys were weak and I had a frequent desire to pass the kidney secretions. My back often became lame and I also had pains in my kidneys. On hearing about Doan's Kidney Pills I made up my mind to try them and procured a box. They acted at once on my kidneys and since using them, I have had no pain or lameness in my back. The kidney secretions have also been regular in passage and I have felt better in every way. I gladly recommend Doan's Kidney Pills."
