

**In Memory of Our Dear Mother.**

Jane Dorcas Monts, wife of P. B. Monts, was born Feb. 10, 1867, and died May 15, 1917, making her stay on earth 50 years, 3 months and 5 days. She was a member of Sandy Run Baptist church, Gaston, S. C., though not often getting to attend her church, she remained faithful to her belief. She was a woman of many christian traits and loved by everybody. She will be long remembered for her good works; and as we bend over the open casket and look at the folded hands which can never clasp ours again in this world and gaze on the closed eyes which we can never see on this earth any more, our tears fall as we realize our our companionship on earth with her is forever at an end. Our consolation is that our dear mother has heard the words well done thou good and faithful servant, enter thou into the joys of thy Lord.

She leaves a husband, two sons, and two daughters to mourn her departure.

Dearest mother, how we miss thee!  
We miss thee from thy place,  
A shadow o'er our life is cast;  
We miss the sunshine of thy face.

We miss thy kind and willing hand,  
Thy fond and earnest care;  
Our home is dark without her,  
We miss thee everywhere.

Through all pains at times she'd smile,  
A smile of heavenly birth;  
And when the angels called her home  
She smiled farewell to earth.

But she is happy now forever,  
All her suffering now is o'er;  
And with smiling face she's waiting,  
For her dear ones on the shore.

Dearest mother, how we loved you!  
No pen can write, no tongue can tell;  
But the tender shepherd called you,  
We must bid a long farewell.

Sure, we miss your gentle footsteps,  
Miss each kind and gentle word,  
No more in the lonely household,  
Will your tender voice be heard.

Oh, how hard it is to part—  
With the one we prized so high,  
'To stand and watch beside the bed,  
And see our mother die.

But heaven now retains our treasure,  
Earth the lonely casket keeps;  
And the sunbeams love to linger,  
Where our sainted mother sleeps.

The golden gates were opened,  
A gentle voice said, come!  
And angels from the other side,  
Welcomed our dear mother home.

So, farewell, dearest mother!  
You have only gone before,  
And if we are but as faithful,  
We shall meet thee on the golden shore.

**THE GREAT WAR AND WHY.**

**Col. D. J. Knotts Analyzes the Cause and Results of the Great European Conflict.**

To The Dispatch-News:  
Frequent references to the iniquity of war and the many terrors of the great war are told in frightful terms, justly and truly and so far that is all alas too true. But allow me to break the monotony of this view of thought by suggesting that wars in every age have been the developers of human society and the final uplifters of human governments. In this light the history of our race and the Inspired Bible both write in giving revolutions a necessary place in progress and civilization. Nebuchadnezzar is called "My Servant" for punishment and Cyrus is "My Shepherd" and Assyria and Egypt are rods of correction.

Physiology teaches that boils, ulcers and all kinds of eruptions are but evidences of a diseased system and that these are only the purifiers of the system and the highways through and over which the filth and maladies of our system must depart, and when this has been done there is no further use for them and they heal over and quit hurting us. The political world is in a sad condition and the great surgeon is only developing and purging these human conditions for higher and better living and a far greater and better progress and these great monsters in human governments; these great conflicts and convulsions are only incidents pointing to this necessary renovation required before quiet and order can be secured and then the German Kaiser, the Russian Czar, the Sultan of Turkey, the Emperor of Austria, will all have filled their destiny, lived out their life of usefulness and will all rest side by side beneath the weeping willows and peace can only come when the shackles and fetters of the middle ages have been stricken from the manhood of that entire distressed European country and its entire territory, England not excepted, will be as dismantled and desolated if so much shall be needed to make the future brighter and the world's pathway easier by eliminating these customs and fetters of the feudalism of the middle ages which are so retarding to men's happiness and progress.

In 1860 our South land went to war and although many offers and concessions of peace were offered they were all rejected and the sequel proved that its refusal turned to be very wise for not till 1865 were all the barriers broken down and all the abuses and misfortunes which menaced our future abated and then in God's sovereignty our Civil war closed and closed forever, and peace now in Europe would be the greatest curse and misfortune possible to these governments till a complete renovation can take place.

The entrance of our Republic into this struggle it seems to me can have but one end or result, it will prolong the struggle till paralysis prostration can work their proper mission and bring about such an exhaustion and penury that a future war will be both unthinkable and impossible.

Our mission is to give our constitution and ideas to these struggling people and it likely seems best to enter this contest and for a good purpose we all trust.

tion to them all what is in the future for the rest of Europe. But Russia has only started on its bursting of these old fetters. Every great crisis has evolved great guides and leading spirits to correct the misgiving and enforce the real results. It will work remarkable changes even in American life.

**RID OF A LINGERING COUGH**

**Killed Big Rattlesnake.**

**JUST WHAT SHE NEEDED.**

When women complain of weariness, backache, dull headaches and similar ailments, they accept those troubles as their lot because they are women, when the ailments may be the results of disordered kidneys. Mrs. Mary V. Bunker, Milton-on-the-Hudson, N. Y., writes of Foley Kidney Pills: "Just what I needed."

**CAN SURPLUS FRUIT AND VEGETABLES.**

Do not waste fruit and vegetables this season. We should remember that every time we can them we are helping to win the war and feed America. There will be an urgent demand for every can of fruit and vegetable. Families should make sacrifices to save the surplus from their orchards and gardens.

We know of numbers of families that had canned vegetables all last winter. It was quite a treat to them to have vegetables out of season and at the same time the expens were considerably cut down.

Again we say, can everything possible and cut out all waste.

**Auto-Intoxication Causes Death**

Do you know why you have sick headache, diabetes, neuralgia, rheumatism and liver or kidney troubles? It's because you are being poisoned by products of your own body. Your organs of elimination are not working properly. Waste material that should be thrown out is being retained to poison and intoxicate your system. That could not happen if the bowels were kept open with Granger Liver Regulator. This splendid preparation is purely vegetable and non-alcoholic. Demand Granger Liver Regulator at your drug store—25c a box—and take no other. There is nothing "just as good."

**NOTICE OF ELECTION.**

**CHOLERA MORBUS.**

This is a very painful and dangerous disease. In almost every neighborhood some one has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyeart, Huntington, Ind., writes: "During the summer 19-11 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."
