

"When he first came to see her He showed a timid heart, And when the lights were low They sat this far apart. "But as their love grew warmer And they learned the joy of a kiss, They knocked out all the space And sat up close together."

We never knew before that a "devil" could love, but The Advocate "devil" is desperately so. Lately he is a diligent student of the history of the Old Dominion.

Picnic at Burton's Pond.

On last Thursday Burton's pond was the scene of a gayety. Quite a large crowd of young people gathered early in the morning and remained until late. During the day some took themselves to the shade of friendly oaks, while others had resort to the pavilion which had been erected for the occasion, and then "tipped the light fantastic toe" to the music of a Columbia orchestra. Cupid with his ever ready bow and arrow was upon the scene and it has been whispered that he sent many of his darts with unerring aim and as a consequence some did seek to banks of the near by creek, where the beautiful rippling waters lent enchantment and inspiration to the otherwise sentimental feeling which pervaded the heart. And this might have been because there was at Burton's pond some as pretty women as the State can boast.

Such a pleasant time being anticipated, two of the young men of Batesburg, being unable to secure a tournament went up to Monetta on the one o'clock train, walked out to the pond and walked back to Batesburg late in the afternoon. They declared themselves to be well repaid for their trouble.

The dance which solicited the most attention was the quadrille, lead by Mr. Milledge Holston and his comely spouse.

It was indeed a sight to warm the blood of sports of twenty summers past, and sit to hearing the faster the heart of those of us who lay claim to latter day sportsmanship.

We will look forward with pleasure to the renewal of this occasion one year hence, when we can again, we hope, greet the many good people of Monetta and the surrounding country.

Seldom has a better chance to "stay at-home traveling" been offered than in the Ladies Home Journal for July. From West Point, as pictured by George Gibbs on the cover, readers may go with W. L. Taylor to see "A Busy Boy in Street at High Noon," next try "John F. Fin" with Joe Jefferson in Florida; then travel out West with Ernest Seton-Thompson to see "The Mother Teal and the Overland Route"; next go along the Atlantic Coast to find out how the people "Where Our Country Began" look today; then seek Northern Michigan to hear "The Story of a Maple Tree," by William Davenport Hulbert; next visit an Eastern magazine editor's office and enjoy the good-humored ratiery of "The Case Against the Editor," by Edward Bok; and finally see what "The Country of Sheridan's Ride" looks like now, days. There are many other articles of equal interest on various subjects. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

We may love our homes ever so dearly, and count them the most precious places on earth, but now and then we take to the road. Home will be all

Our young girl who is traveling by herself should seek information from the train people rather than her companions on the train. No girl when traveling should make confidants of strangers of either sex, disclose her name, her destination or her family affairs, or make acquaintances on the road. She may, however, draw kind attention to a mother traveling with little children, or a weary little one, and politely thank any one who shows an unobtrusive interest.—Margaret E. Sangster, in The Ladies Home Journal for July.

BARBECUE!

We will give a first class barbecue with refreshments at Holly's School House Saturday, July 20th! Price reasonable, Senator Tillman and others will be present and address the crowd. Let every body come and spend a pleasant day.

the sweeter by and by, and we the better able to attend to our duties there, if we have an occasional outing.—July Ladies Home Journal.

A Great Game of Ball.

Our base ball cranks are wild with joy, over a game of ball, to be played on July 4th, between a strictly local team and an aggregation of Trenton, Edgeland and Graniteville ball tossers. Our boys are well aware, that the afore-said players can put up a good game. This we desire and put them on notice to bring the very best they can secure and if our boys can't come out victorious, they will give them a great tossle. Let everyone in this section come and root for our boys. The Advocate force will lead the way. Play ball boys! The glories of the past look down upon you!! Rah for Batesburg!!!
