

# How do you feed your CROPS?

Do you know just what your Cotton and Corn need--and are you furnishing it in such quantities as required and in such shape that the plant can use it?

Suppose you should place the food for your stock in a box--nail it up and put it in their trough--would you expect them to thrive and grow fat? Hardly!

Well, did it ever occur to you that when you use wet, lumpy, improperly mixed fertilizers you are putting this same proposition up to your crops--offering them plant food in such shape that they can't get to it?

Fertilizers, to do your Crop any good must dissolve in soil waters. These are constantly in motion, rising to the surface during the day and sinking at night, passing and repassing the roots of the plant which absorb the food contained in the water--and this is the ONLY way in which the plant can feed.

Therefore, when you buy fertilizers you should be absolutely sure that they not only contain the Ammonia, Phosphoric Acid and Potash in the requisite amounts for the crop you want to grow, but, ABOVE ALL ELSE these should be in soluble form.

The safest, surest way is to place your order for

Remember that when the Stomach nerves fail or weaken Dyspepsia or Indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. Gunter's Drug Store.

Good For Everybody.  
Mr. Norman R. Coulter, a prominent architect, in the Dabert Building San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c at All drug stores.

### Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early--at the stage when they break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children--and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Heroin probably has Preventics' greatest efficiency. Sold in 1c boxes for the pocket, also in 25c boxes of 45 Preventics. Insist on your druggists giving you

\$100.00 paid by Dr. Shoop for any recent case of Grippe or acute Cold that a 25 cent box of Preventics will not break. How is this for an offer? The Doctor's supreme confidence in these little Candy Cold Cure Tablets--Preventics--is certainly complete. It's a \$100. against 25 cents--pretty big odds. And Preventics, remember contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventics 25c. Gunter's Drug Store.

"Did you ever long for death?" he asked in a low and moving tone.  
"Whose?" inquired the charming but practical young person.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol For Dyspepsia: "E. C. DeWitt & Co., of Chicago, Ill.--Dear Sirs--I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest so much worse than I could not retain anything on my stomach. I lost 25 lbs.; in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10 1904. Sold by Dr. F. B. Gunter's Drug Store.

### Virginia-Carolina Fertilizers

Is there any reason why you cannot do just as well as Mr. James M. Swint, of Chipley, Ga., who used 600 lbs. per acre of Virginia-Carolina Fertilizers on his cotton crop? He gathered one and a half bales of cotton per acre, and there were more bolls yet to open. This is the experience of hundreds of other cotton planters. Careful preparation of your soil, and liberal use of high grade Virginia-Carolina Fertilizers will surely "increase your yields per acre." Numerous unprejudiced authorities tell how it is done in the new Virginia-Carolina Farmers' Year Book or Almanac, a copy of which may be secured from your fertilizer dealer, or from our nearest sales office. An interesting picture of Mr. Swint's cotton will be found in this Year Book.
