Sam Jones' Crispy Proverbs.

The following striking expressions are taken from sermons delivered on different occasions:

I want Church-members who drink to wash themselves up and get the devil's fleas off of them before they come into my company.

Some Church-members are like railroad trains—they shed all of their light ahead on their own track, and leave a little old blue light hanging on the rear to the sinners out in the dark.

I'd rather see family prayer than all of the revivals.

God says, "Whosoever will." It's not whosoever feels. The devil goes about preaching feeling, and God is preaching faith. Feeling is learning to the devil's theology. God don't say whosoever's fit, or got a good experience, or whosoever's going to get through, or who's elect, but "whosoever will." The elect are the whosoever-wills; the non-elect are the whosoever-wont's. The old Negro gave the true theology when he said that "nobody's elected 'ceptin, he's a candidate."

The railroads lack only one thing to make their accommodations perfect. They have sleeping cars, parlor cars, ladies cars and smoking cars. They should provide cursing cars, to protect people who are shocked by the profanity of some passengers.

If you want to swap horses, I do not know which side to tell you to get on. The devil seems to be on both sides of a horse trade.

A Methodist has to work like forty to keep his religion, and a Presbyterian has to work like forty to know he's got it.

The most disgusting sight I ever saw is when a bishop confirms a class to God and the next night the last hough of 'em are in a ball-room. Whenever the Methodist Church gets down to winking at dancing and drinking at clubs, I'll run out without stopping to get my hat. Vow hear me, you of all denominations: When you say your Church don't object to those sins, you tell a lie as black as hell. That little organization you belong to may not, but that don't count. The Episcopal Church has denounced them all in thundering tones. I see the American announces in the Society column that the society of Nashville is in sackcloth and ashes. Well, thank God! Get into an ash-bag and stay there till you die.

Some of you think your boys are all right, but they were raided by the police the other night, and bored the city reporters to death to keep their names out of the papers. They learn to play cards at home till they can beat their daddies, and then go somewhere else and put up stakes "to make it interesting."

Ayer's Sarsaparilla is a highly concentrated extract of Sarsaparilla, and other blood-purifying roots, combined with Iodide of Potassium and Iron. Its control over scrofulous diseases is unequalled by any other medicine.

HALL'S Vegetable Sicilian HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and wondrous beauty. It has had many imitators, but none have fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

Use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are so transient, like those of most of the preparations, but remain a long time, which makes its use a matter of economy.

BUCKINGHAM'S DYE FOR THE WHISKERS

Will change the beard to a natural brown, or black, as desired. It produces a permanent color that will not wash away. Consisting of a single preparation, it is applied without trouble.
