Briefs From the Electric Hub
of the Imperial Valley

Mr. Willis Shrodes and family left Tuesday for a month's outing on the coast.

Lucile Holman and little sister, Mildred, of Imperial are visiting the family of E. A. Gross.

There was a dance given in No. 7 last Saturday night, and an enjoyable evening spent by those who attended.

Mr. L. P. Silliman returned from Los Angeles Tuesday and reports his father and Mrs. Silliman much improved in health.

An informal contribution was raised for the benefit of Rev. Hollingsworth and family. Quite a fine donation was obtained for them.

Word was received from Major Patton by his brother, that his wife is very ill and not expected to live. Much regret is expressed here at the news.

Mr. M. P. Holman is working on I. L. Wilson's ranch during the absence of Mr. Thomas Melton, who is suffering from a severe attack of rheumatism.

Work on the brick yard has closed down for a month. Mr. Charles Bowles who has had charge of the work, returned to his home in Brawley Tuesday.

Mr. Jos. Wilson and son, Alvin, are going to Julian Saturday by way of Calexico. If the latter does not succeed in obtaining work in Julian he will proceed on to the coast to join his wife.

A telegram was received here to the effect that Mr. John Stevens, brother of Mrs. G. T. Greenleaf died Sunday night at his home in Philadelphia. It will be remembered that Mr. Stevens was here for a short time during the early spring and summer, but not being benefitted by the climate returned to his home in the East.

Mr. F. N. Chaplin and Misses Dixon and Thayer left town Tuesday morning to attend the wedding of Miss Louise Creal and Mr. Bert Chaplin, which ceremony took place Tuesday, August 15, at the Methodist church, Imperial. Miss Creal is an estimable young lady, well known in the Valley. Mr. Chaplin, who has until recently resided in Holtville, is also well known and is considered a young man of much promise. All Holtville join in wishing the young couple a prosperous and happy future.

Friday, August 11, Water Company No. 5 held a session to vote bonds to raise funds and construct and perfect a canal system for No. 5. It is to be regretted that a small minority was able to turn down the proposition. The defeat, however, was so light that it is to be hoped that a more satisfactory result may be obtained at some future time. The farmers of the Eastside have up to the present time had the greatest difficulties of any district in the Valley, and in consequence are not in condition financially to improve their system by direct assessment. In view of this fact it would be proper to vote bonds and raise money to do this work and relieve the farmers of their burden. This would not only relieve the farmers but would bring new money into circulation.

A Touching Story

is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. For sale by all druggists; 50c and \$1.00 guaranteed. Trial bottle free.
