 Leave Holtville 4:30 p. m. daily except Sunday.

EAST BOUND

Leave El Centro 10:30 a. m. daily.
 Arrive Holtville 11:00 a. m. daily.
 Leave El Centro 5:30 p. m. daily except Sunday.
 Arrive Holtville 6:00 p. m. daily except Sunday.

Ice cream is a food. Try it for your noon meal, at the drug store

H. C. Griswold, of Silsbee, introduced a resolution at the primary at Silsbee, Saturday, favoring El Centro as the proper place for the county seat of Imperial county. It carried unanimously.

For Sale—One half cash, 15 good milk cows and one bull, 1 DeLaval separator No. 2 and cans, 1 span of large mules and harness. Ira Aten Land Co. 10tf

Those nine men and a boy of El Centro, which Howe says is the entire population of this place, went up to Imperial Monday and were in attendance at the convention at that place.

It is expected that the cantaloupe season of the Imperial Valley will close about the 20th of this month. The shipments are going to be considerably in excess of last year and it is believed the prices will average a little higher.

Miss Elizabeth Stover, of New York City, is visiting her brothers here in the valley. Murray Stover went out to his brother's place, east of El Centro, Sunday, and spent the day with her. Miss Stover was a delegate from New York to the N. E. A. convention in Los Angeles and is on her way home.

Crushed fruit flavors used in our fountain drinks. Valley Drug Co.

The Imperial push were so tickled with the Dooley dialogue in the Standard last week that after carefully framing up things with the boss in San Diego they went to sleep at the switch and lost a supervisor. About one more Dooley article and the Imperial business men will be ready to throw up the sponge.

J. M. Witman, of Imperial has announced that he will make the run for the office of county clerk on an independent ticket. He did not seek the nomination at the hands of the convention and had made up his mind before the convention convened to make the run. Mr. Witman has been in the hardware and tinning business in Imperial for the past four years and is well known throughout the valley. Before he came to Imperial he was acting postmaster at Oxnard for fourteen months.

In another column of this issue will be found the announcement of H. N. Dyke as an independent candidate for the office of superior judge. Mr. Dyke was the first attorney to locate in this valley, having opened an office at Imperial early in 1902 and has been continuously in the valley ever since. He is a graduate of the law school of the University of Iowa of 1896, was admitted to practice in this state in April, 1901, and is the present justice of the peace in Imperial township.

Over Thirty-Five Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by El Centro Drug Store.

County Convention

The executive board of Imperial county W. C. T. U. held a meeting in the parlors of the El Centro hotel on the afternoon of Saturday, July 6th.

The county president, Mrs. Angie Miller, of Brawley, was detained at home by sickness, but the county vice-president, Mrs. S. T. Bixby, of Imperial, presided at the meeting. The following responded to roll call:

Mrs. Florence Buttress, corresponding secretary; Mrs. Lizzie Kramer, county treasurer; Mrs. C. E. Paris, superintendent of literature; Mrs. Newton, superintendent of Loyal Legion work; Mrs. Harding, of Silsbee, superintendent of flower missions; Mrs. Tout, superintendent of evangelistic work and Mrs. Ada Parsons, superintendent of medal contests.

Mrs. Royce, of El Centro, led the devotional exercises.

The object of the meeting was to plan and outline the temperance work for the following year and those in attendance feel that much was accomplished. The visiting delegates were entertained by the El Centro W. C. T. U. at the Hotel El Centro.

We have the finest sanitary fountain in the Valley. Valley Drug Co.

Laundry Walls are Up

Contractor Peterson finished the brick work on the new steam laundry last Wednesday. The lumber is already on the ground to build the roof and as the floors had already been put in, it will not be long now before the building will be ready to receive the machinery and by fall early the laundry will be in operation. It was the intention of the builders to make this laundry large enough to accommodate all the towns of the valley for some time and being located at the junction of the railroads as it is, it will be handy for all parts of the valley. The machinery to be placed is of the very latest type and the work done here will be up to the highest standard in every particular. The building itself is a very fine and imposing one and would do credit to any town in Southern California.

Colorado River Gage Taken At Yuma

Daily mean gage height and discharge of the Colorado river at Yuma, Arizona for week ending July 13

Date	Gage Height	Discharge
July 7	27.35	107,000
July 8	27.50	108,100
July 9	27.70	109,600
July 10	27.80	110,400
July 11	28.05	112,300
July 12	28.00	111,900
July 13	28.05	114,100

Reclamation Service.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would have Saved Him \$100.00

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by El Centro Drug Store.

The Standard is still building the San Diego and Eastern railroad through Imperial. It has been suggested that Howe study his geography a half hour and learn that Carrisa creek and Carrissa canon are not the same. Howe is trying to make people believe the route of the road comes down Carrisa creek. He knows the road will not be built until after the vote is taken on the county seat matter, and after that he don't care where the road goes but just now its an object if he can fool the people into believing the road will go through Imperial. It never will. The route of the San Diego and Eastern follows the Carrisa canon and that is quite a little south of west of Imperial. Howe and Imperial both would have more friends if there was less misrepresentation on their part.

The Personal Issue in the County Seat Matter

Being unable to bring forth a single reason why the county seat should be located at Imperial, the Standard insists on making the contest on personal lines alone. We don't wonder that the Standard refuses to discuss the merits of the case. We don't wonder that they don't want to talk soil production, industries, progress—for Imperial is not noted for these essentials.

But when it comes to throwing mud, there the Standard is in its element. Having no character to assail the Standard's editor is certainly fearless in traducing people who have. However, if the county seat question is to be decided according to the character, methods, mental or moral qualities of the persons having the greatest financial interests in the two places or according to what those persons have done in or for the valley, we enter no particular objection.

Here they are, Mr. Voter, compare them: Mr. Holt, of El Centro and Mr. Paulin, of the Imperial Land company. Both have made money on speculation in the valley. No honest man objects to that. But what have they done with it? Every school boy in the valley knows that Mr. Holt's money has been reinvested in substantial improvements of a character needed and welcomed by every resident—ice plant, light and power plant, local railroad to Holtville, banks, opera house, etc. When things looked the very worst and stoutest hearts among us hesitated to invest further money in the path of the flood, Mr. Holt went on spending hundreds of thousands of dollars, rebuilding his burned ice plant when things looked worst of all.

Now, where has Mr. Paulin's money gone? Echo answers where? Not in the Imperial Valley certainly. And should the voters be so short sighted as to place the county seat at Imperial they will simply vote Mr. Paulin and the Imperial Land company a chance to sell some more of the Imperial lots and take the money out of the valley.

If you help Mr. Holt you help yourself. Your vote will help extend and electrify the Holton Inter-Urban railway, to extend the Holton Power light and power system all over the valley. You vote to increase the capacity of the ice and cold storage plant; in short you vote to encourage people who have done things to continue to do things. If you want the valley to grow, prosper, boom, vote for El Centro for county seat.

A Majority is Pleased

The Imperial Standard of Saturday sets up a whine similar to that of a whipped pup because Supervisor Webster is in the Imperial supervisory district. The reason is apparent. The Imperial push, with an idea to ringism and favoritism, had a candidate it wanted for supervisor. But it so happened that in making up the supervisory districts the logical place for the lines included Mr. Webster's farm and naturally makes him their supervisor. Monday a number of farmers, as well as a number of towns people were interviewed as to how they liked their supervisor and with hardly an exception the sentiment was in favor of Supervisor Webster. Now, all in the world that is the matter with Howe and the push is they know Supervisor Webster is a good, clean, honest man, and one that will look out for the very best interests of the valley, but cannot be controlled by anyone. The push wanted a man who would be as pliable as rubber and they are not going to get him. Those of the third supervisory district who like an honest man and are in favor of square dealing are in favor of Supervisor Webster. But you can't expect the push to look upon such a man with complacency. Listen to the howl!

Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—WILLIAM H. STROLING, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by El Centro Drug Store.
