**A** MOMENT OF REFLECTION will make clear to any logical mind the necessity for this July Clean-Up Sale. In a few days our buyer will leave for the Eastern Markets, where he will purchase a large stock of the newest and best merchandise for Fall. In order that he may intelligently make his purchases, and we have room to place them upon arrival, it is necessary that our present stock be reduced as much as possible, before his departure. This fact coupled with the rule of the house never to carry merchandise from one season to another, furnishes the sole reason for these unusual values.

It is a Fact with the thought of low price there comes the impression of low quality. But remember that in this sale the merchandise is all of the Rosenwald quality, and it is prices, not qualities, that have been reduced.
