"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing at last. My face was full of pimples and black heads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. Hope to have a chance to recommend Cascarets."

WILL STRICTLY ENFORCE THE COMPULSORY ATTENDANCE LAW

Superintendent of Public Instruction James E. Clark has just sent a circular letter to county school superintendents throughout the territory, calling their attention to the compulsory attendance law, in which the head of the territorial department of education serves notice that this law will be enforced to the letter the coming school year. The full text of the law, together with the remarks of Superintendent Clark thereon, follows.

Gentlemen:
This is to call your attention to the Compulsory Education Law found in Section 1555, C. L. 1897, as amended by Chapter 39, Laws of 1903 and Chapter 121 of the Laws of 1909. This law requires the boards of school directors to compel parents, guardians and other persons having the control and care of children between the ages of seven and fourteen years to send such children to school during the entire time that the school is in session in their respective school districts. Attendance upon denominational schools is accepted under the law in lieu of attendance upon the public schools and children of physical or mental disability such as to unfit them for school attendance as well as children who live more than three miles from the public school are not required to attend. Parents or guardians failing to comply with this law "shall be punished upon conviction by a fine of not less than five dollars nor more than twenty-five dollars or by imprisonment in the county jail not more than ten days." The following steps of procedure under this law are suggested:

First—Clerks of boards of school directors should post or publish notices at once as provided in the act. See Section 1555, C. L. 1897. The following form of notice is suggested:

Notice to Parents or Guardians of Children of Compulsory School Age.
Sec. 1555, C. L. 1897, as amended.
The school directors or board of any school district, town or city in this territory, are hereby empowered and required to compel parents, guardians or other persons having the control, care or direction of children, when such children do not attend some private or denominational school to send such children under their control to the public school during the entire time such school is in session in each scholastic year in their respective school communities, except that children referred to in this act shall not be less than seven nor more than fourteen years of age, or of such physical disability as to unfit them for school duties, which disability shall be certified to by some regular practicing physician. Provided, That the private or denominational school shall be equal in its teaching to the public school of the district; and Provided, further, That this section shall not apply to children who live more than three miles from a public school.

Any parent, guardian or other persons having the control of children and who shall fail or refuse to send such children to school as required by this act, after the clerk of the school district or the clerk of any town or city school board shall have given public notice containing the substance of this act, written or printed in both English and Spanish, by posting same in some conspicuous place at three separate points within the district, or publishing the same in some newspaper within the district, shall be punished upon conviction thereof by a fine of not less than \$5 nor more than \$25, or by imprisonment for not more than ten days in any county jail.

County superintendents are hereby vested with general supervisory powers in this matter and shall require directors to comply with the provisions of the preceding section; and it shall be the duty of the presiding judge of the district court to give at each session of the court, the substance of this law as a special charge to their respective grand juries, and it is made the duty of the district attorneys to give particular heed to the prosecution of causes growing out of violations of this act; and all fines so collected for the violation of this act shall be paid into the county treasury and placed to the credit of the school district in which the offense occurs.

Sec. 12, Chapter 123, Laws of 1909—Any member of the board of education, county school superintendent, or other school officer who may violate the provisions of this act or other acts concerning their powers and duties in connection with school matters or who shall not faithfully perform all such duties imposed under and by virtue of the law, shall, on conviction thereof, be fined in a sum not less than twenty-five dollars (\$25.00) nor exceeding five hundred dollars (\$500.00).

Second—All children over seven years of age and under fourteen years of age must attend school for the entire term in the district. If the dis-

will have the merit of being new. The management believes that the people have tired of the same old things year after year and has been hunting novelties.

It has found them. One of the most interesting is the Southwestern Marathon, the first long distance endurance race to be run in this part of the country.

Another brand new attraction here will be the Strobel Airship—a real Airship that flies; one that has made flights before thousands of wondering spectators in all parts of the United States and the greatest dirigible balloon ever invented. The immense ship of the air will make daily and nightly flights over the city and the Fair grounds.

Another brand new thing in the line of sports is the game of Pushball. This will be the first time this game has ever been played in the Southwest or for that matter in the whole west, and it promises to be the most exciting innovation in the history of the carnival sports at Albuquerque.

The biggest novelty of the bunch however is President William Howard Taft who visits Albuquerque for the first time during the Fair. A reception to President Taft is being prepared which will smash all records for enthusiastic demonstrations in the Southwest.
