PROFESSOR R. R. LARKIN PRAISES COMMON SCHOOLS

R. R. Larkin, member of the territorial board of education, has returned from a trip to the southern part of the territory visiting enroute Tucumcari, Carrizozo, Alamogordo and Santa Fe and being absent from the city just a week.
Prof. Larkin reports that Tucumcari has a magnificent new high school building of the same architecture as the Castle school of this city. He also reports that in Quay county at the teachers' institute three years ago there were fourteen teachers while at the institute held this year there were eighty-two teachers. The growth of the school system throughout the territory has been remarkable during the past few years and still shows a tendency to grow right along.
"It is encouraging to those connected with the territorial educational board to know that such great progress is being made in the schools of New Mexico and that such satisfactory results are being shown both from pupils and teachers," said Prof. Larkin.
Don't say women never learn from experience. An Atchison, Kas., woman's first husband ran off and the second time she married it was to a man with both legs cut off.

ABSOLUTE CURE OF SKIN ERUPTION

Broke Out on Hips and Legs—Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep—Scatched Constantly and Kept Growing Worse.

CUTICURA'S EFFECT QUICK AND PERMANENT

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. I used only half the bottle of Cuticura Resolvent and less than a box of Cuticura Ointment. Mrs. B. B. Whitaker, Winchester, Tenn., Sept. 22, 1908."

Vagaries of a Cold.
You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. In the summer it may give you the colic with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the pain or cramp take Perry Davis' Painkiller in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis'. It is now put up in a large 35c size, as well as the regular 50c size.
