UMPIRES TO CALL "PLAY BALL" TOMORROW

TWO PENNANTS IS SLOGAN OF NEW YORKERS

THE PENNANT RACES IN THE TWO MAJOR LEAGUES START THEN
Chicago, April 11.—After weeks of preliminary training followed by a number of exhibition games, which hardly served to test the real mettle of the sixteen teams, comprising the two major baseball leagues, the players of both are traveling today, bound for the happy batting grounds, where tomorrow begins the championship pennant races of 1911.

Though there have been many changes in team composition in both leagues since the close of last season, the changes for the most part, have not been of such radical nature as in some previous years. The Chicago Cubs, champions of the National league, and the world's champion Philadelphia team of the American league are practically standing pat with last season's line-up. The shifting of "Ginger" Beumant from the Cubs to the minors is about the only notable change among the veteran players who contested for the world's pennant last fall.

Nearly all of the sixteen clubs have been trying out new players. This is one of the elements that enters into the uncertainties of the pennant races, for it can never be foretold with certainty just how these novices are going to pan out. A lucky "find" among the new material may add greatly to a club's chances of capturing the flag. As for the managers, there have been fewer changes among the big league clubs this year than ever before. The St. Louis team of the American league and the Boston Nationals are the only clubs to begin the season with new pilots. St. Louis has secured a competent manager in Bobby Wallace, while the Boston club will be under the direction of the veteran Fred Tenney, who comes back into the big league after a season with the minors.

In the initial games tomorrow, weather permitting, the sixteen teams will face off as follows:
National league: Brooklyn with Boston, at Boston; Philadelphia with New York, at New York; Pittsburg with Cincinnati, at Cincinnati; St. Louis with Chicago, at Chicago.
American league: Chicago with Detroit, at Detroit; Cleveland with St. Louis, at St. Louis; New York with Philadelphia, at Philadelphia; Boston with Washington at Washington.

In cases of rheumatism relief from pain makes sleep and rest possible. This may be obtained by applying Chamberlain's Liniment. For sale by all druggists.

Connie Mack is a Standpatter
Philadelphia, April 11.—Full of the spirit that carried them to baseball glory last fall, the world's champions will open the American league season at Shibe park tomorrow, with New York, which expects to make a strong bid for the pennant this year.

For the first time since the American league has been organized the Philadelphia representative in that circuit will start the season with a "stand-pat" team. Connie Mack, their astute leader, has looked over the veterans and has tried out his youngsters and has decided that the men who brought the highest honors in baseball to this city are good enough for another campaign.

The only position in doubt is left field, which gave the tall manager considerable worry last fall. Mack had picked "Bill" Hogan, from California, to fill the place, but the manager now says to win the position he will have to play better ball than that shown by Amos Strunk, who is putting up a game that pleases Mack.

The Philadelphia pitching staff, one of the strongest in the league, has been strengthened by the addition of "Lefty" Russell, who may take a regular turn on the rubber. Bender, the Sterling Indian pitcher; Coombs, who won the three games he pitched in the world's series; the trusty Plank and Krause are in shape for the opening of the season, but it is expected that the Indian will open the season against the New Yorkers.

Much is expected of the Philadelphia Nationals this year by reason of the addition of several lively players acquired through the Cincinnati deal. Manager Dooin believes he has the right combination for a winning team and declares that he expects to be one of the two teams that will fight it out next fall for the world's championship.

The team opens the season at New York the same day the American league season opens here.

Detroit Regulars in Condition
Detroit, April 11.—The first of the Detroit players who will be in the lineup when the club meets Chicago in the opening game of the American league season here tomorrow reached Detroit yesterday. Among the first were Mullin, Crawford, Cobb, Willett and Summers. The other players arrived this morning.

Although the days of idleness at Indianapolis and Cincinnati, caused by bad weather, resulted in several talking on weight, Manager Jennings says the squad left Monroe, La., the training camp, in such splendid shape that all of the regulars will start the season in good condition.

According to President Navin and Manager Jennings the final disposition of the recruits will not be made until after the season opens. They have said, however, that Walter Schaller will be retained as substitute outfielder. Cainor will be on first base in the first game.

Of the new pitchers, Lively, the Pacific coast recruit, Covington and Mitchell have been highly spoken of by Jennings and Battery Coach Sugden. It has not been announced whether Works and Stroud of last year's staff will be retained.

George Mullin is the pitching choice for the opening game and Schmidt probably will catch.

That Hopeful Cincinnati
Cincinnati, O., April 11.—In case fair weather heralds the national ball season here tomorrow, there is hardly a doubt that League park will receive more patrons than on any previous opening day. Baseball is at fever heat, caused possibly through the many predictions that have emanated from leading baseball writers

Six new players have been added to the club this season, and it appears as if four of them will be retained. They are Shean and Doyle, utility players; Sailer, a promising first baseman and Ball, an outfielder. In the infield, Chance, Evers and Tinker will appear again, while Sheppard, Hofman and Schulte will hold down the outfield positions. Kling and Archer, regarded as the best catchers in the league, will compose the receiving staff. It is probable Reubach will oppose St. Louis in the opening game, with Kling behind the bat.

Much is expected of the Chicago American league club this season. Manager Duffy has the material for a team of veterans or youngsters, whichever may prove best. The team will open the season at Detroit with the following probable line-up: McConnell, second base; Lord, third base; Zelder, short stop; Dougherty, left field; Callahan, center field; Mc-

that Cincinnati will finish one-two-three in this year's race.

Every reserved seat has been sold for the opening struggle with the Pittsburg team and in anticipation of a record breaking attendance workmen have been busy erecting 5,000 circus seats in the outfield.

The Cincinnati team is far from being in perfect condition. Since its arrival from its southern training quarters at Hot Springs, Ark., two weeks ago, it has encountered only one day of fair weather.

As a result, seven men have been reported on the hospital list suffering from colds and grip. Notwithstanding this, Manager Griffith believes his regulars will round into form in time to present his strongest lineup on the opening day. The Pittsburg team is scheduled to arrive this afternoon.

Washington Stands Almost Ready
Washington, April 11.—In a modern baseball plant, reconstructed from the ashes of the old one, destroyed less than a month ago by fire, the Washington baseball club of the American league will inaugurate the season of 1911 tomorrow with the Boston team as its opponent.

New steel and concrete, low deck stands have replaced the ancient wooden stands and accommodations for twelve thousands persons will be available when the time for the game is at hand. Eventually, when the new plant is completed, at a cost approximating \$150,000, it will have a capacity of seventeen thousand.

The Washington team, minus Walter Johnson, who refused to sign a contract for a salary less than \$7,500 a year, has returned from the spring training camp at Atlanta. Twenty-four men were in the squad, including Alansmith, Henry, Somerlot and Cunningham, recruits of the latter part of last season; Hughes, the veteran pitcher, obtained from Minneapolis, and several promising new recruits, among the Conway, Miller and Bunting. President Noyes and Manager James McAleer are convinced that the club has been strengthened by these players, despite the refusal of Johnson to meet the terms of the club management and his retreat to his home in Kansas.

Probably a thousand fans greeted the players upon their return from the training camp at Atlanta. Disappointment was expressed that Walter Johnson was not among the arrivals, and some enthusiasts expressed the opinion that Johnson will join the team before the season is well along.

Browns Not in Condition
St. Louis, April 11.—All in readiness for the opening of the major league baseball season tomorrow, when the local American league team will play with Cleveland. With the exception of twenty days at Hot Springs, Ark., the Americans have attempted to get in condition on their own grounds.

The Nationals, with Manager Drenahan in control, spent a few days at an Indiana health resort and, with the exception of one trip to Kansas City, have played almost daily on their own field.

Rhoderick Wallace, shortstop for a number of years, will have his first experience this year as manager of the Americans. The team, after having been under an option, is still owned by R. L. Hedges. It is generally admitted that the Americans are not in condition. Many new players are on the team and the regular lineup has not been chosen.

The Nationals practiced here today for the last time and then took a train for Chicago where they will open the season. Drenahan will carry his full quota of men most of the season if he clings to his present intentions. His team is in good condition. He says the success of his team depends on the pitchers. They are at present quite unknown, with the exception of Sallee, a veteran.

In the inter-league series the Na-

tionals won all of the seven games.

Hunter the Only New Pirate
Pittsburg, April 11.—Pittsburg will open the season tomorrow at Cincinnati with the same lineup as it did in the opening game with St. Louis last year, except the initial corner, while a year ago Bud Sharp took care of it. It is assured the batting order for the first game will be Byrne, Leach, Clarke, Wagner, Miller, Hunter, Wilson, Gibson, Camnitz.

It is almost certain Camnitz will pitch the game, although Liefeld and Adams are said to have been under consideration. Camnitz has pitched the opening game in the last three seasons and won them all. Neither Liefeld nor Adams has pitched an opening game, but each won the first games they pitched in these seasons.

The Pittsburg club has not opened at home since 1893, when it was beaten by Cleveland, 7 to 2.

Reports from the team have inspired the fans with an assurance, unusual at the opening of the season, and that so far as physical condition goes, Clarke's men ought to have a shade of advantage over their opponents. While Cincinnati has been trying to play exhibition games at home in cold weather, Pittsburg has been coming from the south by gradual stages and good weather has apparently followed them.

The field for speculation as to Pittsburg's chances narrows down to a question of playing ability. It is asserted here that if Pittsburg players show the speed they have uncovered at Hot Springs and in the exhibition games, they will put up a pennant winning article of baseball.

Lynch Will See Boston Opening
Boston, April 11.—When Manager Fred Tenney leads his band of youngsters onto the diamond tomorrow afternoon, for the first game of the season with the Brooklyn Nationals, it will be under the eye of President Thomas J. Lynch, who has chosen to honor Boston with his presence on that day. In addition there will be the governor and staff, and the legislature while Mayor Fitzgerald will pitch the first ball.

The Boston team will start the season with a new aggregation of young and untried players, but Manager Tenney is so confident of his material, he says the team is fully 25 per cent stronger than that of last year.

After the experiment of taking a coast to coast trip for a season's training in California the Boston Americans will first meet the Washington team at Washington and will not be seen at Boston until April 20. According to general reports there is still much uncertainty as to fixtures at first and third bases. The absence of Jake Stahl at first will be especially felt, but Manager Patsy Donovan believes he can end up the season with the first division bunch.

One Conductor Helped Back to Work
Mr. Wilford Adams is his name, and he writes: "I was confined to my bed with chronic rheumatism and used two bottles of Foley's Kidney Remedy with good effect. The third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It will do all you claim in cases of rheumatism." It clears the blood of uric acid. O. G.
