

HEREFORD SALES REVIEW

Kansas and Missouri Hereford Sales—Pointers on the Demand and Prices Realized for Them.

The four public sales of registered Hereford cattle held this month in Kansas and Missouri, tend to show, if one may judge from prices realized, that the Whitefaces are very highly appreciated by the beef producing public.

The first of the quartette of sales held on March 2 and 3, was that of 146 head out of the Sunny Slope herd, founded early in 1892 and owned by Mr. C. S. Cross, of Emporia, Kansas.

Table with 2 columns: Number of animals and Average price. Includes rows for highest averaged, 10 highest averaged, 25 highest averaged, etc.

Twenty-six bulls were, on an average, nearly 16 months of age, and 51 Sunny Slope bulls averaged nearly 13 months old, 26 of which may be classed as calves making an average of 9 months.

This sale was followed March 15, at Kansas City, Mo., by the dispersion of the Sycamore Springs herd, founded in 1894 and owned by Mr. H. M. Hill, of La Fontaine, Kansas.

The fourth sale was held at Glasgow, Mo., March 17, by N. E. Mosher & Son, of Salisbury, and H. C. Taylor & Son, of Roanoke, Mo. The cattle sold by Mr. Hill were not up in sale dress, as it was not decided to disperse the herd until six weeks before they were sold.

Table titled 'THE CROSS SALE RESULTS' with 2 columns: Number of animals and Average price. Includes rows for 26 imported bulls, 26 cross bulls, 89 bulls, etc.

Table with 2 columns: Description of cattle and Price. Includes rows for 40 imported bulls and cows, 108 cross bulls and cows, etc.
