PLUGGED BY PILLAGERS.

Full List of Killed and Wounded In Wednesday's Fray—A Council of War to be Held.

CHICAGO, Ill., Oct. 7.—The Tribune's staff correspondent at Walker, Minn., en route to the scene of the fight between Company E, Third Infantry, and the Pillager Indians, under command of General Bacon, on Bear Island says: The steamer Flora has arrived, bringing the killed and wounded in Wednesday's engagement. The killed are: Officers—Major Melville Wilkinson, Sergeant William Butler; privates—Edward Lowe, John Olmstead, John Swallenstocker, Alfred Zebell. The wounded are: E. E. Antonelle, shot in the leg; Sergeant Levy Ayers, shot in the neck; Richard Boucher, shot in the shoulder; Edward Brown, shot in the face; John Dally, shot through the thigh; Charles Francis and Private Godfrey, shot in the shoulder; Chas. Jensen, Albert A. Chuyler and Charles Turner, shot in the shoulder; George Wicker, shot in the leg. The wounded civilians are: Edward Harris, city marshal of Walker; Joseph Oscar, pilot of the steamer Jennie; T. J. Sheehan, deputy U. S. Marshall; Indian Inspector Tinker and Henry Waters, engineer of the tug Jennie.

General Bacon is unhurt. All newspaper correspondents have been accounted for uninjured, although at one time under the same heavy fire which thinned the ranks of the troops. Lieutenant Colonel Harbach says General Bacon will come into Walker from Bear Island today. A council will then be held at which it will be decided what the next move in the campaign shall be. Bacon has sent word that the Indians scattered from the front, and have taken refuge in a dense tangle surrounding the forest.

ONLY SPECULATION.

MINNEAPOLIS, Oct. 7.—The Journal's Walker, Minn., special says: Watchers around town last night reported signal lights flashing back and fourth on the opposite shore of the

lake and are fearful that large bodies of Indians from other reservations reached the Pillager camp during the night. The tug Flora left at 2 o'clock this morning to bring out General Bacon and men. Pending their return there will probably be nothing done. The indications are that both sides will rest today with fair prospects for a resumption of hostilities tomorrow unless the Indians surrender. Gus Beaulieu, who knows the Indians around Leech Lake as well as any living man, is confident they will today ask terms for peace. Beaulieu brought word that four of those for whom warrants were issued have given themselves up to the chiefs of their respective tribes by whom they will be given up today at a conference they have asked for with Agent Sutherland. As proof of the intentions of the Indians to be more friendly, Beaulieu points to the fact that all Indians now coming into the agency are bringing their wives and children.

HAS 'EM WHIPPED.

MINNEAPOLIS, Minn., Oct. 7.—A special from Duluth, Minn., says General Bacon sent word that he has the Pillager band whipped, and does not need further reinforcements.

WALKER, Minn., Oct. 7.—General Bacon and men arrived here at 12:35 p.m., having no difficulty in landing off the boats. It is reported that at several points along the lake were seen white flags indicating surrender.

Gen. Greene's Testimony.

WASHINGTON, Oct. 7.—Gen. F. V. Greene, in charge of one of the divisions of the U. S. troops at the battle of Manila, was before the war investigating commission this forenoon. He sailed to Manila on the steamer China. He found the ship in good condition, but men necessarily crowded. There was no complaint during the voyage of scarcity of supplies, but during the first two days out there was some dissatisfaction with the cooking. This was soon improved. Details of the battle of Manila were related, as in his report to the war department.

McKinley's Ahead in Colorado.

DENVER, Colo., Oct. 7.—Simon Gugenheim has withdrawn as candidate of the anti-Teller Silver Republicans for governor. This is probably the initial step looking towards fusion with the regular republicans.
