The sale of stamps and envelopes at the local postoffice during the month of November has been the largest in its history, the sales averaging \$100 per day. Postmaster Grunsfeld states that these phenomenally large sales are partially due to the fact that many people have laid in a supply of the Omaha exposition stamps in the belief that they will become valuable in a few years on account of their scarcity.

The 'possum supper given by the colored people of the city at the A. M. E. church was attended by a large number of citizens, who greatly enjoyed the treat. In the money raising contest the Blue Bird society, Miss Fannie Joyce, president, collected \$121.35, and the Red Bird society, Mrs. S. T. Ellsworth, president, \$100. THE CROOKS CAPTURED.

Las Vegas Robbers are Apprehended in Albuquerque.

The three men captured by Marshal McMullen and his assistants night before last and identified by T. A. Whitten's clerk as the individuals who sold \$50 worth of silk handkerchiefs and gloves for \$3, were given a hearing before Justice Crawford yesterday. They refused to say where they received the goods but denied having stolen them. There was no clew to connect them with the burglary that has been going on in the city.

One of the men, who gave the name of Comstock, had a revolver in his possession, and he was given ninety days in the county jail for carrying concealed weapons. The other two got sixty apiece on the charge of vagrancy. The men will thus be kept safely while other crimes are being traced to them.

There is little doubt that the men are genuine crooks. Comstock made several attempts to pass forged checks, and it was discovered yesterday that several articles had been disposed of by the gang in the city.

Further, it is almost certain from the nature of the goods in their possession, that the Albuquerque officers have captured the very gang that burglarized Rosenthal Bros. store in Las Vegas.—Albuquerque Democrat.

This arrest and commitment is particularly gratifying because it shows the intimate relation and communication between the two cities, both of which have been, and doubtless will more largely be during the winter, over run by tramps and thieves; and it is well for such gentry to understand that even though they fly from one town to the other they can still be brought to justice.

There is no doubt that they are the men who robbed the store of Rosenthal Bros., for the goods they sold in Albuquerque had the private cost and selling price mark of the Rosenthal's on the articles. No doubt they will spend a part of their lives as guests of Col. E. H. Bergmann, at Santa Fe.
