EMPEROR BETTER.

Berlin, May 23.—Emperor Frederick passed a very good day. His pulse was better than it has been at any time since the operation was performed on his throat. In the afternoon he drove in an open carriage. He was met with enthusiastic greetings along the route.

RESCUED.

London, May 23.—The Danish steamer Laura has rescued 35 fishermen belonging to the Dunkirk boats, which were wrecked off the coast of Ireland. These boats belonged to a French fishing fleet which was caught in the recent gale. Fifty boats have not been heard from.

BIG STRIKE.

Shamokin, Pa., May 23.—The slate pickers at the Heery Clay shaft, numbering three hundred, struck for the discharge of the foreman and the reinstatement of discharged men. In consequence of the strike three collieries owned and run by the Reading company are affected, and three thousand men are idle.

FISHERIES TREATY.

Ottawa, Ont., May 23.—The item for the expenses of the fisheries commission passed in the parliament. Mitchell said, if in the excitement of the political turmoil, the United States senate should reject the fisheries treaty, the Dominion government should deal liberally during the coming fishing season with American fishermen, in order to give the same a chance to think over quietly and reconsider their decision.

MUST GO.

London, May 23.—A dispatch from Wellington, New Zealand, says that a bill directed against Chinese immigration has passed the house of representatives of that colony. A dispatch from Sydney, New South Wales, says forty Chinese immigrants, possessing exemption papers, have been permitted to land here. The government will compensate those sent back to China. The admiral in command of the Austrian station has declined to comply with the request of captains of emigrant vessels to prevent meetings among Chinamen forbidden to land.

WANTS A DISSOLUTION.

New York, May 23.—Robert Roosevelt, W. J. Florence, Joseph Proctor, Theodore Moss, J. H. Stoddard, John Gilbert, George Beck, Wm. R. Danham and Wm. Warren have petitioned the supreme court for voluntary dissolution of the Dramatic (American) Fund association. Elliott Woodford was appointed referee. The master, the petitioners say, the property of the association, is not sufficient to meet the demands of subscribers and beneficiaries. They recommended a distribution of the fund, which amounts to \$35,000, among the securities.

GILMORE'S BAND.

Little Rock, Ark., May 23.—The two concerts, afternoon and evening, by the Gilmore's Band, under the auspices of the McCarthy Light Guards, took place yesterday. Considerable interest is attached to the occasion because the matter was taken up and the Pastors' Association of this city and several of the preachers urged their congregations not to attend. Both concerts, however, were largely attended, and every detail was executed even to the artillery accompaniment. After the first concert, elegant silk colors were presented to the company by Col. J. H. McCarthy. They are now arranging for a southern summer tour.

THE AMERICAN CLUB.

London, May 23.—The American club held its first annual general meeting at the club house in Albermarle street, in Piccadilly, Sir Ed W. Thornton, late British minister in Washington, was in the chair supported by Mr. Henry West, American, Charge Affairs, C. P. Phelps and Captain Chadwick, of the United States legation, Sir Garland Graham and Sir Seymour Dine, generals of the British Army, Cornelius Vanderbilt, Howard Potter and many other prominent citizens of both countries. The membership now numbers 320 and on reaching 500 it is hoped that the committee will be able to take a fine club house in Piccadilly. The advantage which the club presents to members of the best clubs, M. U. S., and eligibility for immediate election on presenting an introduction from the secretary of the their clubs.

THE GRESHAM BOOM.

Washington, D. C., May 23.—Hon. George R. Davis, of Chicago, who is generally recognized as the manager of the Gresham boom, is in the city, having arrived yesterday morning. He is here looking up the political situation at the national capital, and is pleased with the prospects for his candidate. Last night he attended a dinner at Senator Palmer's, at which a few prominent Senators and Representatives were present. It is said that Mr. Gresham was a topic of favorable discussion in a conference which followed the dinner, and that to-morrow Mr. Davis will meet with other prominent Republican politicians and statesmen who are kindly disposed toward the Indiana candidate. Mr. Davis expects to remain here several days, and during that time he hopes to convince Republican party leaders here that Gresham should be the nominee of the Chicago Convention.

THE TURNERBUND.

Chicago, May 23.—At a session of the Turnerbund a communication was read from the league for the preservation of the freedom and rights of the people of Cincinnati, and denouncing all proposed know-nothing enactments, like the bill of Congressman Adams, as an outcome of the old hatred against all emigrants not especially English, was referred to the committee on national affairs. The most important business of the day was the adoption of an amendment to the report of the committee on constitution, making it obligatory for all members of Turnerbund to be citizens of the United States. Proposals to commit the Turnerbund to a demand for the abolition of the United States senate and for election of President by a direct vote of the people, were defeated. At the night session a tumultuous debate, lasting several hours, resulted in the endorsement of Herman Bopp, editor of Die Turn-Zeitung, of Milwaukee, the Turners' organ. Bopp has been accused of sympathy with the anarchists, and he has been savagely denounced by the conservatives. Bopp was sustained by a vote of 413 to 174.

lis at one o'clock yesterday morning by policeman Myers. The deceased was one of the most skilled machinists in the State, but his love of strong drink made him a physical, moral and mental wreck. Wheeler barely escaping with his life by lowering himself from a front porch with a rope. The deceased has a brother living in St. Louis. Coroner Groverstreet held an inquest, when a verdict of death from alcoholism was returned.

Brenham, Tex., May 23.—Yesterday morning at daylight the body of Neerham Lee was found on the track of the Santa Fe Railroad, a short distance from the depot. His arm was severed from his body. It is reported he was seen at 11 o'clock at night, and one of the many trains that were running ran over him. An impression prevails that he was killed and placed on the track. He was a malatto and his general reputation and record was good. He was a carpenter and worked steadily.
