

From Wednesday's Daily. W. S. Strickler and wife left this afternoon for Chicago and for the eastern cities.

Miss Mabel Stevens, who has been on a visit to the Grand Canon of the Colorado, returned home to-day.

Horace Lopes, the well known civil engineer, was at the San Felipe last night, registered from Las Cruces.

Hon. Silas Alexander, territorial secretary, came up from Socorro Monday night and went on to Santa Fe yesterday.

Judge Adams, who has been quite ill for the past few days, is much better by his partner, L. R. Strauss, as much better to-day.

Felix Baca and Jose Escobar will issue a Spanish weekly newspaper, called "La Voz de Nuevo Mexico," in this city, on the 15th of August. It will be six columns.

Julius Ulfelder left last night for Trinidad, where he accepts a position in a mercantile establishment. Julius has many friends in this city who wish him success in Trinidad.

Miss Lila Summers will visit friends at San Marcial and El Paso and will return home for a month. Her sister, Miss Maud, will leave in a few days for Denver, where she will visit relatives several weeks.

Dr. Himes, the Atlantic & Pacific surgeon at Needles, who took in the Grand Canon of the Colorado with other surgeons, came into the city this afternoon. He will remain a few days and then return to Needles.

Rev. H. Billman, superintendent of the Indian school at Tucson, Arizona, and who is filling the pulpit of the Presbyterian church during the absence of Rev. Beattie, will remain among us until some time in September.

M. M. Harris, the piano man, whose business in Las Vegas was closed up yesterday, came down to the city last night and is at the Hotel Columbus. Mr. Harris was formerly tuner for the Clark-Watson Leach Music company.

Henry Eschinger, the southwest agent for a Cincinnati, Ohio, wholesale liquor house, arrived from the west Monday night and is at the European. He reports having been blockaded during the strike for fourteen days at Yuma, Arizona.

W. J. Dixon reached his first birthday yesterday. He stated to THE CITIZEN this morning that he was busy writing up the proceedings of the city council yesterday that he did not realize that he was 31 years old until last night. Success to you, in the wish of THE CITIZEN.

Receiver Schofield, of the Albuquerque National bank, says that it is almost impossible to get some of the creditors of the bank to call and get their dividend checks, and among them are a number of people in this city. The money is lying in the east, and should be called for and put in circulation.

John N. Dixon, of Detroit, Mich., a brother of W. J. Dixon, city clerk, writes that he will visit Albuquerque about the 15th of August, and will remain in the territorial metropolis, a guest of his brother, for a few days. He is a lumber inspector of Michigan, and is on his way to California.

The El Paso Herald says: "The fourteenth annual exposition of the New Mexico Fair association will be held in Albuquerque September 11, 12, 13 and 14. This annual fair given by the citizens of Albuquerque has done more to advertise New Mexico and her resources than any other one thing."

W. Schwedtfeger, of Richmond, Va., who had the contract to repair and overhaul sixteen engines for the Atlantic & Pacific, arrived in the city last Sunday with engine No. 37, the last one of the contract. While here he was the guest of H. C. Giggoldt. The gentleman left yesterday afternoon for his Virginia home.

Col. Hoffman, accompanied by his daughter-in-law, Mrs. Wm. Harris, will leave for the north this evening. The colonel will continue on to Massachusetts to visit his old New England relatives and friends, while Mrs. Harris will get off at Wallace and from there join her husband at Bland, Cochiti mining district.

Trainer Knight, of the Albuquerque horse running team, a gentleman who never fails to comply with all his promises, will have the foot race program of the events at the fair grounds next Sunday afternoon, ready for publication tomorrow. All arrangements for the base ball game between the Browns and Barceas team have been perfected.

Yesterday THE CITIZEN stated that George Weinert had been selected by Clerk Grunfeld to collect the poll tax for the year 1904, but this morning Mr. Weinert resigned the position, whereupon Mr. Grunfeld employed G. C. Beaman to do the collecting. All persons who fail to pay poll tax will be reported to the Board of Education, who will act upon such failure as the law directs.

Park Wilson, who was Albuquerque's base ball catcher when Mann was pitcher six years ago, made a home run hit off Staley, of the Boston club at New York the other day, and the event was so unexpected that many of the spectators had to be carried out of the grand stand in a fainting condition. Park is a rattling good catcher, being one of the receivers for the New York club, but has never distinguished himself at the bat.

David Strachan, who is mining in Hell canon district, drove into the city this morning. He has reached a depth of sixty feet in his mine, but has struck nothing that would indicate the presence of gold, although the dirt appears good

from a mineralogical standpoint of view. Experts have examined the hole being dug by Mr. Strachan, and all have agreed the faithful toiler after the precious yellow stuff that he will be rewarded with success if he continues digging long enough. Mr. Strachan is one of those human beings that never gives up, and as long as the dirt has a good color he will keep digging.

Miss Maggie Fornoff, sister of Policeman Fornoff, resides in Baltimore, and has ordered THE CITIZEN, for the purpose of learning something about New Mexico, especially Albuquerque and the famous Rio Grande valley. It is more than likely, after reading THE CITIZEN for a few weeks, that Miss Fornoff will conclude to come to Albuquerque and take up her residence with her brother, one of Albuquerque's efficient policemen.

W. H. Cooley, a Duluth, Minn., newspaper writer, and C. T. Prescott, an attorney from the same city, were in the city yesterday, and in the afternoon Mr. Cooley made a pleasant call at THE CITIZEN office. The two gentlemen are in camp at Laguna, and have been visiting the various tribes of Indians along the Atlantic & Pacific, with the view of compiling articles upon their customs and habits for several large eastern journals.

Hon. L. Bradford Prince, ex-governor of the territory, and Hon. N. B. Newcomb, of Las Cruces, the latter having been at Santa Fe attending the sessions of the territorial supreme court, came down to the city last night on No. 1 from the territorial capital and continued on to Las Cruces, where Mr. Prince is interested in some Mesilla valley lands and also in some mining property out in the Organ mountains. He expects to be in Albuquerque again in a few days.

THE CITIZEN, through an oversight, neglected to state that Rev. A. Gourbeyre, the Manzano priest, who had a hearing last Saturday afternoon before United States Commissioner Bryan on the charge of fornication, was acquitted, the witnesses examined claiming that they did not know anything derogatory to the good character of the reverend father.

The man who preferred the charge against Rev. Gourbeyre testified that he did not know anything wrong about the priest, but that he saw the latter and his housekeeper out driving and that they acted very queer in the buggy.

Death of Mrs. Donovan. Mrs. W. T. Donovan, wife of Col. Donovan, died at the residence of her daughter, Mrs. Horace A. Johnson, on Silver avenue near Third street, this morning at 3:30 o'clock, with dropsy, after a long illness.

Mrs. Donovan was born on her father's farm about forty miles below Pittsburg, Penn., on the Ohio river, on July 22, 1822, and was married in Bridge Water, Penn., on July 3, 1848, to the husband that survives her. In 1857, they immigrated west, and located for a time at Plattburg, Neb., where they experienced many trials and hardships on the then frontier. They remained in Nebraska until 1881, when they left for the Rio Grande valley, for the health of the wife, making Albuquerque their home, until now, when death has taken the husband of his wife, who was his companion for nearly fifty years. Her health was greatly improved here, but the rheumatic affection, which troubled her in Nebraska, returned on her in December last, when she was also ill with a gripple. The latter disease developed into acute rheumatism and neuralgia, and then into dropsy. She was a great sufferer and was almost continually bed-ridden for eight months and eight days.

Besides her aged husband, who is bowed down with grief, there is left to mourn her death three sons and a daughter as follows: Joseph, of Colorado Springs; Melancthon, of Denver; Morton, and Mrs. Johnson, of this city. The Colorado sons have been notified by wire of the death of their mother, and they are expected to arrive tomorrow morning. Morton is out with a surveying party on the mesa, and will reach the city this afternoon.

Col. Donovan and the surviving children have many warm friends in the city, who are expected to extend condolence.

The funeral will occur from the residence on Silver avenue to-morrow morning at 10 o'clock. All friends invited.

Needs the List. W. T. McCright, for a long time the efficient city editor of the Albuquerque Citizen, has purchased a half interest in the plant and his name appears at the head of the column as city editor and business manager. Mr. Hughes continues as editor. THE CITIZEN is one of the very best papers in the country, way in advance of the town in which it is published, and deserves all the support that can be accorded it. We congratulate Mr. McCright in securing an interest in so valuable a property.—Trinidad, Col., Chronicle.

W. T. McCright, who has been connected with the Albuquerque Evening Citizen since it was started, has purchased a half interest in that excellent up-to-date paper. Mac will have charge of the local and business departments of the paper, while Tom Hughes will look after the editorial department and keep his weather-eye on matters of a political nature. THE CITIZEN with this strong team, and the afternoon Associated Press report is now the leading republican daily of New Mexico and the southwest.—Gallop Gleaner.

Four Big Successes. Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale: Dr. King's New Discovery, for Consumption, Coughs and Colds, each bottle guaranteed—Electric Bitters, the great remedy for Liver, Stomach and Kidneys, Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at Dr. Thos. H. Burgess & Son's Drug Store.

A FEEL OUR TRIP. Joe Goodlander and a "San Juan Water Spout." "Yes, I had a hard time getting out of the San Juan country," remarked Joe Goodlander, the well known St. Louis druggist traveler, who here today, "and it was all in account of a water-spout."

"I had left Durango," continued Mr. Goodlander, "in a buggy, the lines on the horse's back being handled by a colored boy who blazed my boots back in old Missouri a few years ago, for the purpose of visiting my customers along the San Juan river in New Mexico. Everything went along smoothly until about 4 o'clock in the afternoon, when a heavy black cloud showed up in the western sky. We had just crossed the river and was going through a small canon, probably a mile long, when I looked forward and it seemed the very heavens had parted, and a torrent of water came rushing down the canon toward us, fully four feet deep and so mighty, it appeared to me, as the big waves on the ocean. The colored driver became frantic, in fact I was frightened myself, but we managed to keep in the buggy, as the horse, with the vehicle and occupants were being washed back toward the river. Finally, the horse shied to one side, and within a few yards of the river bank the animal and vehicle got lodged between two trees. This saved us and we remained there until the water receded. I then continued my visit to my customers, was successful in taking a number of orders, and then returned to Durango. I have had many narrow and dangerous experiences on my trips to the southwest, but I will never forget my water-spout experience along the San Juan river in New Mexico."

From Thursday's Daily. The Santa Fe fire department sent in their resignation to the Santa Fe city council.

The Santa Fe school board have laid a levy of five mills, for school purposes, in that city.

The machinery for the saw mill at Bland is all on the ground and being rapidly put in place.

Bernardino Baca, deputy sheriff of this county, who was at Santa Fe on business connected with the assessor's office, returned last night. The board of equalization sustained Assessor Baca in his assessments.

City Marshal Flike is supporting a handsome gold badge, the gift of a St. Louis firm. It is a pretty badge, the design handsome, and no doubt cost the donor considerable money. Mr. Flike is proving a good marshal.

A strike of more than passing importance was made on the "Central," at Cochiti, last week. The ore body encountered is about six feet thick, and while no assays have been obtained, the ore is said to be very rich in appearance.

Mrs. Frevell and daughter left this afternoon for Topeka, where they will visit relatives and friends for an indefinite period. Mr. Frevell was a machinist in the employ of the Atlantic & Pacific before the local shops were closed down, and is now out looking for a job.

M. A. Otero, a popular gentleman of Las Vegas, whose name is prominently mentioned as a candidate on the republican ticket for delegate to congress, is in the city, and made a pleasant call at THE CITIZEN office this morning. Mr. Otero will remain in the city for several days.

Joe Helwig, the deposed treasurer of the kid how running team, who was elected captain after "Gladiator" Hart refused to serve longer, makes regular trips to Ialeta every afternoon. The "gladiator" informs THE CITIZEN that Joe has a sweetheart among the Pueblo Indians.

Hon. W. H. Patterson, the well known owner of the Graphic and several other first class mines in and around Kelly, Socorro county, came up from the south last night and left this afternoon for Piketon, Ohio, where his wife and children are visiting. They will return to the territory sometime in October.

Edward Williams, charged with creating a disturbance during a festival at the A. M. E. church, was tried before Justice Lockhart last evening and fined \$5 and costs. He was accused of brandishing a pistol in a threatening manner, but the witnesses, when placed upon the stand, denied that Edward had a pistol.

C. B. Tyler, for several years the competent ticket accountant at the Atlantic & Pacific general offices, will leave this evening for the south, to accept the position of chief dispatcher for the Sonora railroad. H. L. Stephenson, Memphis, Tenn., arrived last night, and has accepted the position made vacant by Mr. Tyler.

The old family gray horse of D. L. Sammie, which has been almost a member of his family for the past ten years, was shot and killed this morning. A short time ago the old gray was driven to the mountains, and on returning to the city the horse stepped into a hole of a prairie dog and injured himself. The injury developed into lockjaw and the sufferings were so intense that it was thought advisable to kill the animal.

Hon. B. S. Raley has returned from the Cochiti mining district, where he went with Judge Stuart and Dr. Smith, Denver capitalists. He informs THE CITIZEN that the Colorado visitors were greatly pleased with the district, and that Judge Stuart purchased two-thirds interest in the Monte Carlo mine. He also stated that the chances are bright for the judge to put in, near the Monte Carlo, an ore concentrator and sampler.

On next Sunday afternoon at the fair grounds, there will be some grand outdoor sports under the auspices of the fire department, and the admission price of only twenty-five cents is besides as guarantee a big crowd. Besides a game of base ball between the Barceas club and the Browns for a purse, hung up by the fire department, there will be several exciting foot races. The first

event will occur at 2 o'clock p. m., and the game of base ball will be called at 3:30. The proceeds derived therefrom will be added to the hose running fund.

The St. Johns Herald says: "John V. Morrison is able to be out on the street, though his wound is not entirely healed. The bullet turned on striking the rib and tore a very large hole across his stomach. It is his intention to take a trip to Santa Fe, on a visit to his father and mother as soon as he is able to stand the trip from this place to Navajo." Mr. Morrison is the son of Hon. A. L. Morrison, of Santa Fe, and a brother of Hugh Morrison, of this city.

The No. 4 passenger train from the west, due at 1 p. m., is marked up at the depot four hours behind time. The citizens could not ascertain the cause of the delay, Transmitter Robins not being in possession of facts in regard thereto. The passenger train from the south, due last night at 8:25, did not arrive until this morning at 3:45. Cause—water running over the track this side of San Antonio. This train was held here until this afternoon at 1:30 o'clock, when it was sent north.

A Painter for the Colonel. During the past month THE CITIZEN has received a number of letters from editors and printers, back in the east and down south, asking work, some on account of bad health and that they would like to reside in a more mild climate, and some stating that they are compelled to go elsewhere for the health of their families. To all these letters THE CITIZEN has been kind enough to explain the situation fully, telling the writers that there is no work out here, and stating, if they have jobs back at their homes, it would be wise to hold them until better times.

One letter was received the other day from a gentleman residing at Millersburg, Ky., who is anxious to come to New Mexico, but don't want to make the move until guaranteed work. His letter was answered and he was informed that it was best to remain at home.

To the personal knowledge of THE CITIZEN, at least a hundred editors and printers, in the last ten years, have been persuaded to leave good situations and come to Albuquerque on false promises. They work for a few weeks, find out how nicely they have been duped and imposed upon, and then they resign their positions, without a cent in their pockets, money due them for work, and soon they are noticed pawning their grub up and down the streets.

Such acts are heartless, but as long as an institution don't pretend to pay its employees, so long will the management work such little schemes on the unacquainted.

The funeral of Mrs. W. T. Donovan occurred this morning at 10 o'clock from the residence of her daughter, Mrs. Horace A. Johnson, on Silver avenue, and there were a number of mourners present. The services were conducted by Rev. Billman, who is officiating as Presbyterian minister. The remains were consigned to a grave in Fairview cemetery.

The Colorado sons were telegraphed in regard to the death of their mother, but no answer was received. It is thought by Col. Donovan that they are mining somewhere off the railroad, and cannot be reached for several days. Morton, the son who is a member of the surveying party on the mesa, received the news of the death of his mother at midnight last night, and he left for the city at once on horseback, reaching here this morning.

Mrs. Sanchez Dead. The daughter of John Miller, the old town fresh meat dealer, Mrs. Jesus Sanchez, died at her residence in the west end yesterday afternoon at 5 o'clock. About two months ago Mrs. Sanchez gave birth to a girl baby, and never recovered from the shock. Her sisters and brothers reside at Casa Salazar, on the Rio Puerco, and as soon as possible after her death a courier was sent to Casa Salazar to carry to them the sad tidings. They are expected to arrive this afternoon, when the funeral will occur to-morrow morning at 8 o'clock, at the old town cemetery, burial in Santa Barbara cemetery. All friends are respectfully invited to attend.

An Impostor. A Mexican, supposed to be blind, has been making the rounds of the stores begging, and the little bag he carries is filled several times a day. He has worked the racket pretty well, but THE CITIZEN is pleased now to expose him. There is nothing the matter with his eyes, except that they are a little sore, and the impostor can see as well as any one. This is a pointer, and when he calls give him the cold shoulder.

Good Wishes. The Albuquerque Citizen announces that Mr. W. T. McCright has purchased a half interest in that paper and the firm hence forth will be Hughes & McCright; the veteran, Thos. Hughes, serving as editor and Mr. McCright filling the dual role of business manager and city editor. Success to the new firm.—Silver City Sentinel.

When moving into our present home I found a bottle of Chamberlain's Pain Balm left by a former tenant. On the label I found the statement that it was good for cuts and burns. I can testify to the truth of this. Nothing in all my experience has found its equal for treating blisters or burns. F. E. Barrett, manager Le Sueur Sentinel, Le Sueur, Minn. Pain Balm is also a sure cure for rheumatism. For sale by T. H. Burgess & Son, druggists.

A large number of our citizens left on the freight train this morning for the feast at Bernalillo. It is learned the little town is pretty well crowded to-day with visitors from all parts of the territory.

In order to introduce Chamberlain's Cough Remedy here we sold several dozen bottles on strict guarantee and have found every bottle did good service. We have used it ourselves and think it superior to any other. W. L. Murray, Jarvisville, W. Va. For sale by T. H. Burgess & Son, Druggists.

WEATHER BULLETIN.

Weather for the Past Week Favorable to Crop. H. B. Hersey, director of the United States weather bureau, central office at Santa Fe, has mailed the following weather crop bulletin for the week ending August 6, which will be read with interest by our valley farmers subscribers:

The weather during the past week has been very favorable for all kinds of crops and fruit. Partly cloudy weather with frequent showers has been the prevailing condition.

The southern part of the territory has been favored with a seasonable amount of rainfall, but was rather unevenly distributed.

In the favored localities many late crops that were suffering severely for water are now at a ting up and with a fair amount of rain during the present month will make a satisfactory crop. The ranges in the south that were nearly burned out by the long drought are beginning to show signs of life, but a large amount of rain will be necessary to insure a good supply of feed for the winter.

In the northern part everything has made splendid progress during the week. The ranges are reported to be in excellent condition. The principal hay product of the territory is alfalfa, and the reports indicate that up to date the amount produced is about the average in the northern part but much below the average in the south.

The following extracts from a few of the crop correspondents, received at this office will be of interest:

Springer—Rainfall .30 of an inch. Grass fine, no better at this time of year in ten years. Good prospect for corn, oats and alfalfa.

Hill's Peak—Everything making excellent progress. A splendid growing week. Rainfall during week 1.60 inches.

Cruella—Fruit in fine condition. The rains of past few days of great benefit as they were slow and steady. Rainfall during week 2.18.

Watrous—On Aug. 1st heaviest fall of rain for years, over two inches. River swollen, running over banks. Alfalfa much injured, except that in stack. Very good outlook for corn and growing crop of alfalfa.

Total rainfall during past week was 3.01 inches.

Gallop Springs—The rains have been scattering the past week but most crops are doing well. Rainfall .32 of an inch.

Las Vegas—The week has been cool and damp and grass and crops have come forward well. Rainfall .29 of an inch.

La Luz—Conditions have been more favorable for all crops, the frequent rains in the mountains having increased the supply of water for irrigation. More water is needed for the grass, on the ranges. Second crop of alfalfa is being out, and is much lighter than first, owing to lack of water for irrigation. Immense yields of fine potatoes are being dug for market, in the mountains.

Alma—Condition of growing and cattle improved. All crops growing fast and plenty of water for irrigation. Rainfall .55 of an inch.

Roswell—The outside country begins to show the need of rain to lay the dust and freshen the grass. Cattle are doing well and ranges are in good condition. Alfalfa crop is in fair way, melons, corn and fruit plentiful in market.

Rincon—Rain and cloudy days have been the rule during the week, adding very materially to the prospects for late crops and ranges.

(From Friday's Daily.) Mrs. M. S. Otero and children, Alfred Otero and wife, Mrs. G. W. Harrison and children, and Elias Armijo, who have been at the Jemez hot springs almost since the opening of the season, returned to the city late yesterday afternoon.

Al. Codrington and Frank Lee left on the No. 4 passenger train, this afternoon, for Denver, as delegates from the Bicycle club of this city to the national association, which will soon convene in Denver. The boys expect to return home by the 19th inst.

Albert Grunfeld and wife, who have been spending their vacation among eastern relatives and friends, are expected home next Monday evening. While in New York, Mr. Grunfeld purchased the fall and winter stock for the firm of Grunfeld Bros.

Mr. Cavalier, who has held the position of mining engineer at the hard coal mines, Cerrillos, has been in the city the past few days, and will leave shortly for the City of Mexico, where he takes a position on the Mexican Central railroad. Mr. Cavalier has returned to Trinidad, Col., for the present.

C. Raim, a Los Angeles, Cal., wholesale grocery drummer, was introduced to THE CITIZEN this morning by Ivan Grunfeld, of the firm of Grunfeld Bros. Mr. Raim stated that the people throughout the southwest are complaining of hard times, still he has taken good orders wherever he stopped.

W. A. Maxwell, John Spiers and wife, and Rev. Hodgson came in from Gallup this afternoon. Mr. Maxwell continued on to Santa Fe, while Mr. Spiers and wife will leave for Cochiti mining district this evening. Rev. Hodgson, who has been holding a Methodist revival meeting at Gallup, returned to his church here.

Floyd Bone, one of the competent employees at the Atlantic & Pacific general offices, was a passenger going east this afternoon, his objective point being Indianapolis, Ind., where he will visit for the next thirty days. During his absence, THE CITIZEN will keep him posted on the happenings in and around Albuquerque.

An Old Timer Dead. This morning, at 4 o'clock, George Morris died at his ranch on the mountain road, just beyond the city limits, from typhoid malarial fever. His funeral will occur at the residence on Sunday morning at 10 o'clock, and the remains will be buried in Fairview cemetery.

Mr. Morris was born in the southern portion of England 57 years ago, coming to the United States when quite young. He landed in old Albuquerque in 1863 as a private soldier in the California column under General Carleton, serving in Capt. Shinn's light battery. When he received his discharge he engaged in the grocery and bakery business in old town, and by careful attention to his business, fair and honorable dealing, he amassed considerable property and was regarded as one of the solid men, financially, of the west end. He carried on business on the narrow street, just back of the old Exchange

building, in one of his adobe houses for a number of years, but his health began to fail him several years ago, when he sold out his mercantile business and with his wife and grandchildren moved to his pretty ranch on the mountain road, about half a mile from the old town, where his death occurred this morning.

The surviving wife and relatives invite all friends, especially the old timers and soldiers, to attend his funeral Sunday morning.

Chas. Yondorf, business manager of "Our Chief, McKnight" Opera company, was out rusting this morning, making arrangements to give an exhibition at Las Vegas on either Aug. 23rd or 24th. The company, on its return home, will stop over at Cerrillos, playing there on Aug. 25th.

Dr. Price's Cream Baking Powder. Most Perfect Made.

E. K. Gregory, manager of the Prescott office of Lantry Bros., railroad contractors, came in from the west last night, and met his sister here, who arrived on No. 3 from Topeka, Kansas. They left this morning for Topeka.

Kenneth Hazenore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left, which he gave to Geo. W. Bader, a prominent merchant of the place, Lewistown, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic and cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. Twenty-five and fifty cent bottles for sale by T. H. Burgess & Son, druggists.

A. McCartney, a wealthy gentleman of San Francisco, who has purchased considerable Albuquerque real estate by tax sales, arrived in the city last night and registered at the San Felipe. He went on to Kansas City this afternoon.

TO PUT ON. Needed flesh, no matter how you've lost it, take Dr. Pierce's Golden Medical Discovery. It works wonders. By restoring the normal action of the deranged organs and functions, it builds the flesh up to a safe and healthy standard—promptly, pleasantly and naturally. The weak, emaciated, and thin, and puny are made strong, plump, round and rosy. Nothing so effective as a strength restorer and tonic. It is a true and healthy tonic; this put on healthy flesh not the fat of cod liver oil and its filthy compounds. It restores every organ of the body to activity, purifies, enriches and vitalizes the blood so that the body feels refreshed and strengthened. If you are too thin, too weak, too nervous, it may be that the food assimilated is not being properly used. A little of this is necessary for the reception of the fat foods in the blood. Too often the liver holds back the element which would help digestion. Dr. Pierce's Golden Medical Discovery stimulates, tones up and invigorates the liver, nourishes the blood, and gives the body the power to assimilate the rich food they require.

Special Hundreds of Dollars with no Benefit. M. J. COLEMAN of St. George, N. Hampshire, writes: "After suffering from dyspepsia and constipation for several years, I had a good opportunity for at least 18 months, I am more than pleased to say that after using Dr. Pierce's Golden Medical Discovery for one month, I was entirely cured, and from that time to this I do not even think of my old troubles. I got more relief in one hour from your medicine, as far as my stomach was concerned, than from all the other medicine I used."

Albert Grunfeld and wife, who have been spending their vacation among eastern relatives and friends, are expected home next Monday evening. While in New York, Mr. Grunfeld purchased the fall and winter stock for the firm of Grunfeld Bros.

Mr. Cavalier, who has held the position of mining engineer at the hard coal mines, Cerrillos, has been in the city the past few days, and will leave shortly for the City of Mexico, where he takes a position on the Mexican Central railroad. Mr. Cavalier has returned to Trinidad, Col., for the present.

C. Raim, a Los Angeles, Cal., wholesale grocery drummer, was introduced to THE CITIZEN this morning by Ivan Grunfeld, of the firm of Grunfeld Bros. Mr. Raim stated that the people throughout the southwest are complaining of hard times, still he has taken good orders wherever he stopped.

W. A. Maxwell, John Spiers and wife, and Rev. Hodgson came in from Gallup this afternoon. Mr. Maxwell continued on to Santa Fe, while Mr. Spiers and wife will leave for Cochiti mining district this evening. Rev. Hodgson, who has been holding a Methodist revival meeting at Gallup, returned to his church here.

Floyd Bone, one of the competent employees at the Atlantic & Pacific general offices, was a passenger going east this afternoon, his objective point being Indianapolis, Ind., where he will visit for the next thirty days. During his absence, THE CITIZEN will keep him posted on the happenings in and around Albuquerque.

An Old Timer Dead. This morning, at 4 o'clock, George Morris died at his ranch on the mountain road, just beyond the city limits, from typhoid malarial fever. His funeral will occur at the residence on Sunday morning at 10 o'clock, and the remains will be buried in Fairview cemetery.

Mr. Morris was born in the southern portion of England 57 years ago, coming to the United States when quite young. Dr. Price's Cream Baking Powder. Most Perfect Made.

E. K. Gregory, manager of the Prescott office of Lantry Bros., railroad contractors, came in from the west last night, and met his sister here, who arrived on No. 3 from Topeka, Kansas. They left this morning for Topeka.

Kenneth Hazenore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left, which he gave to Geo. W. Bader, a prominent merchant of the place, Lewistown, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic and cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. Twenty-five and fifty cent bottles for sale by T. H. Burgess & Son, druggists.

A. McCartney, a wealthy gentleman of San Francisco, who has purchased considerable Albuquerque real estate by tax sales, arrived in the city last night and registered at the San Felipe. He went on to Kansas City this afternoon.

TO PUT ON. Needed flesh, no matter how you've lost it, take Dr. Pierce's Golden Medical Discovery. It works wonders. By restoring the normal action of the deranged organs and functions, it builds the flesh up to a safe and healthy standard—promptly, pleasantly and naturally. The weak, emaciated, and thin, and puny are made strong, plump, round and rosy. Nothing so effective as a strength restorer and tonic. It is a true and healthy tonic; this put on healthy flesh not the fat of cod liver oil and its filthy compounds. It restores every organ of the body to activity, purifies, enriches and vitalizes the blood so that the body feels refreshed and strengthened. If you are too thin, too weak, too nervous, it may be that the food assimilated is not being properly used. A little of this is necessary for the reception of the fat foods in the blood. Too often the liver holds back the element which would help digestion. Dr. Pierce's Golden Medical Discovery stimulates, tones up and invigorates the liver, nourishes the blood, and gives the body the power to assimilate the rich food they require.

Special Hundreds of Dollars with no Benefit. M. J. COLEMAN of St. George, N. Hampshire, writes: "After suffering from dyspepsia and constipation for several years, I had a good opportunity for at least 18 months, I am more than pleased to say that after using Dr. Pierce's Golden Medical Discovery for one month, I was entirely cured, and from that time to this I do not even think of my old troubles. I got more relief in
