Active Work All Along the Republican Line.

Everything Bright for the Whole Republican Ticket. The Democrats and Oterolites Demoralized and Discouraged.

Word comes from Zemon Sandoval that he will sit upon the corpse of the Pinto candidates, and as that will be his first duty he will donate the proceeds derived therefrom to any benevolent society in the city, to be named by the noble leader of the lost cause, M. S. Otero, before said issue transpires.

will their suffrage so cheaply. It is in salt, and Mr. Otero and his Pinto ticket will be repudiated at the polls. It is learned from reliable sources that he has ordered 250 tickets, and more to follow.

The overshadowing democratic power of Col. J. Edward Priest, Col. J. O. Albright and Judge W. C. Hancock, three of the "Big Four," so named by Col. John Brady, has completely wiped out the dimmutive but trim figure of our friend, Capt. George M. Canfield. The services of the captain are not so valuable this fall.

THE INDEPENDENTS.

This So-called Party Same a Ticket at the Polls.

As stated in The Citizen of yesterday the independents of Valencia county held a convention at Los Lunas last Saturday. The names to be presented to the voters are as follows: For council, Pablo Garcia y Ortiz; for representatives, Walter G. Marmon, Antonio Campos; for commissioners, Francisco Sorroco first district, Jose G. Chavez second district, Elisha A. Dow, third district; for sheriff, Francisco X. Vigil; for collector, Juan Torrey Mirabel; for assessor, Estanislao Otero; for probate judge, Victor Sain; for clerk, Bobolo Romero; for superintendent of schools, Jose E. Chavez; for treasurer, John Becker; for coroner, Gregorio Ajalack; for surveyor, John M. Gunn. It is understood that the independents will hold the name of Antonio Joseph for delegate to congress.

The placing of this ticket in the field in Valencia county will bring out the full republican strength of that county, thus insuring a majority of at least 1,500 votes for Hon. Thos. B. Catron, the republican candidate for delegate. Valencia is all right all the time, and don't you forget it.

From Tuesday's Daily. L. P. Gilman returned from the Arizona ranch this afternoon. Rev. Clayton, the Methodist presiding elder, came in from Gallup this afternoon. D. A. Shipe, the "boss" carpenter on the Santa Fe road, headquarters at San Marcial, came up from the south last night.

Mrs. Prosser, wife of the specialist, Dr. J. D. Prosser, has arrived from the east. Albuquerque will be their home in the future. Mrs. James McCarty, who has charge of the section house at McCarty's station, on the Atlantic & Pacific, is in the city, and is registered at the European.

Col. J. L. Morris came down in Wallace this morning and bought a bill of goods from E. L. Washburn & Co. The colonel returned home this afternoon. Wm. Meahan, chief clerk in the mechanical department of the Atlantic & Pacific, returned from Williams this afternoon. He reports a full force at work in the shops there.

J. H. McCutchen, publisher and editor of the Socorro Chief, accompanied by his wife, came up from the south last night. They are here doing their fall and winter shopping, and are stopping at the Hotel Columbus. John W. Walton, well-known in this city, came down from James hot springs last night, and is registered at the Armitage. He states that politics have reached the James mountain precinct, and that the ticket will be considerably scratched.

Rev. Menaul, the synodical missionary of the Presbyterian church, leaves tomorrow afternoon for Raton and Polson. He will return Monday night and continue on to the Indian village of Zuñi, where he will superintend the building of a new school house. N. B. Field, who is in attendance upon the supreme court at Santa Fe, says that the report to the effect that a writ of error has been applied for in behalf of S. M. Folsom is a mistake. Mr. Field says that if such an appeal had been entered the papers would have been filed with the supreme court clerk of this territory.

Yesterday afternoon at 5:30 o'clock, Fred. Whiteman met with a painful accident at the Atlantic & Pacific shops. He was assisting in lifting an oil tank from a wagon, when it fell off. The little finger on the left hand was caught and mashed off at the first joint. Two other fingers on the same hand were badly gashed. Eli Johnson, of Colorado Springs, Colo., who has been alternating his time for the past several months in this city and at Bland, visiting his two sons, H. D. and J. K. Johnson, will leave this evening for his pleasant Colorado home. Mr. Johnson is well pleased with his visit and will have to say good-bye about New Mexico on his return home.

The handsomest badges ever brought to this city will be worn by the committees having in charge the Thanksgiving eve ball of the Ferguson Hook and Ladder company at the Armitage. Foreman Jacoby dropped in at The Citizen office this morning, and stated that everything was bright for one of the best and finest annual balls ever held by this company. G. W. Neff, general western agent for the Germania-American Insurance company, with headquarters at Denver, is in the city on his way north. Mr. Neff was at San Marcial adjusting the insurance of the recent Simon Leyer fire there, and made, so it is understood, satisfactory settlements. This excellent fire insurance company is locally represented by Henry Lockhart. J. J. Kinney, chief of the secret service department of the Santa Fe road, is in the city from Topeka, Kansas, registered at the European. One of his agents, E. F. Taylor, has been raising the very Cain on some of his celebrated sprees, by pulling his pistol and threatening to shoot holes through people, and Mr. Kinney is here to investigate the deeds of said Taylor. This evening Deason Sanford will leave for the west. He will first visit southern California and thence go to San Francisco. At this point he will take a Pacific ocean steamer for Honolulu, and for several weeks interest himself with the manners and customs of the Hawaiians. He will take lessons in the national dance of Hawaii, and after considering himself perfect will visit Cuba. He expects to return to Albuquerque in two months. During his absence Al. Coleman will have charge of his duties at Zeiger's Cafe. The following fusion candidates: Edward Dadd, Manuel Gonzales and Fred. J. Otero, with Judge W. C. Hancock and Col. Modesto Ortiz, have returned from a

campaign trip to Bland and Allerton, the two precincts in the Cochiti mining district, and their talk is rather on a despondent order. They state that they found that a majority of the voters of the two precincts intend to throw their votes away by casting their ballots for the populist candidates, except Col. T. B. Mills for delegate. They will let him severely alone. Ayer's Sarsaparilla acts directly and promptly, purifying and enriching the blood, improving the appetite, strengthening the nerves and invigorating the system. It is, therefore, in the truest sense, an alternative medicine. Every invalid should give it a trial. Editor J. L. Montgomery, of Marshall (Ill.) Democrat, states that for many years he suffered untold agony from dyspepsia. At last he began to take Ayer's Sarsaparilla, and by the time he used six bottles he was as well as ever. Cures others, will cure you. Merchant Kempenick, of Peralta, Valencia county, is rolling in wool to this market, consigned to the big merchants, Field Bros. About twenty-five wagons, heavily loaded, have already arrived, out of a consignment of forty wagons. Undertaker Montfort will remove from Gold avenue to one of the N. T. Armitage building vacant store rooms on the Second street side on Nov. 1st. Hair Renewer cures dandruff and scalp affections; also all cases of baldness where the glands which feed the roots of the hair are not closed up. RING THEM IN. They are Finally Arrested and Lodged in Jail. On the evening of August 18 last, Jesus Rodriguez and a lewd woman, named Cleo Trujillo, called at the jewelry store of M. C. Nettleton and asked to be shown some rings. Mr. Nettleton set out before them a tray of elegant rings, some of them diamonds, and they at once began inspection, taking the rings out of the tray in a suspicious way. Suddenly they left the store, and would not return at the request of Mr. Nettleton. The jeweler realized that he had been "touched," and informed the police. The officers, diligent in working on the case, and ascertained that two diamond rings—one sold by Harry Bramlette and Russ Henderson. These rings were returned to Mr. Nettleton. The officers, in their search, ascertained that Rodriguez did considerable of his loafing over in old town, and yesterday morning Policeman Formoff, after some interference from the marshal of the west end, found Rodriguez and brought him to this side, locking him up in the city jail. This morning, in Hell's half acre, Policeman Harris found the woman, and put her in jail. The trial of the ring thieves is now in progress before Justice Lockhart. Mr. Nettleton is positive that the thieves secured several more rings besides the two returned to him. BEST IN THE SOUTHWEST. Citizen Job Room Facilities for All Kinds of Work. The Citizen job room are now in the hands of competent, artistic job printers. The Citizen's facilities for doing job work of every description with neatness, correctness and dispatch are better now than at any previous time. Bring along your job printing of every description and have it done in the best manner at the lowest living prices. Bank work of every kind solicited and will be executed with promptness. The Citizen job room is without doubt the most extensive in the southwest. Senator Dubois and Silver. Some of the populist papers have been claiming that Senator Dubois, of Idaho, was on the point of following Senator Jones into the populist camp. The white metal has no truer, truer friend than the Idaho senator. But he evidently does not propose to leave the republican party. Being interviewed in Chicago he said: My own impression is that republicans who join the populist in order to aid silver make a serious mistake. The restoration of silver will come through the demand of the people of the entire country. It will come through one or both of the great political parties. The populists are for free coinage only as a stepping stone to fiat money. The cause of bimetalism is injured by associating it with irresponsible paper money. The populist party is an irredeemable paper money party. That is its goal. From the fact that it is the only party to advocate free coinage of silver at 16 to 1, my honest and sincere bimetalists mistakenly join it, while they are utterly opposed to fiat money and the numerous wild and visionary schemes which they also advocate. The true friends of silver should use every endeavor to disconnect it from fiatism. They should endeavor also to prevent bimetalism from becoming sectional. By bimetalism I mean the free and unlimited coinage of gold and silver at a ratio of sixteen ounces of silver to one ounce of gold. Lively Runaway. Jimmy Kelly, one of the young drivers of W. L. Trimble & Co., yesterday afternoon at 5:45 was driving one of the firm's big bay teams east on Railroad avenue, when the horses took fright and ran away. At the corner of Railroad avenue and First street the horses ran into a cart, in which were Leo Britton and Oscar Oberg. The cart was demolished, and both boys were thrown out but neither seriously injured. The horses driven by Kelly continued on and at the depot they freed themselves from the wagon, one of the animals barely escaping running into a moving freight train, but the other horse ran heading into a box car, knocking him to the ground and inflicting a serious injury to his head. Kelly came out of the wreck with his left arm painfully sprained—Kelly, however, says it is broken. Theodore Zimmer was 26 years old yesterday, and his home folks, back in the east, remembered him by sending him a very nice present. The Gallup Newseer is making a grand fight for the glory of Summit. Remember, pool selling at Zeiger's Cafe every evening until the election.
