New Mexico Authorities Will Attend to the Fights.

Senator Call Wants to Send the Navy Over to Protect Armenia.

At a Less Radical Resolution Was Adopted by the Committee.

ITEMS OF GENERAL INTEREST.

Denver, Jan. 24.—A special to the Times from El Paso says United States Attorney General Harrison has written to El Paso ministers' union that he has advised the New Mexico authorities to attend to the prize fight matter as their own judgment dictates.

FIRE IN CHICAGO.

Best Deal of Excitement but Not Much Harm Done.

Chicago, Jan. 24.—A fire in the old stock exchange building, at the northeast corner of Dearborn and Monroe streets, today, caused a panic among the occupants. The building is a six-story structure, and the location one of the most crowded street corners of the city.

People on the fifth floor, where the flames were first discovered, found the way to the stairs barred by smoke, and sorted to the fire escapes.

One woman, completely unnerved, appeared at a window and endeavored to jump. She was seized by a man who held her until the firemen raised a ladder and rescued her.

All the occupants were finally rescued by the firemen. The loss on the building comparatively trifling.

J. S. Robinson, who has an office in the building, was quite seriously burned about the hands and face while making his way out.

H. Barton Lindley, an employe of the Chicago Tribune, was loudly cheered by a crowd when he emerged from the smoke, safely carrying his father in his arms. Lindley, Sr., is 75 years old, and lives at Chillicothe, Ohio.

THE PRIZE FIGHTS.

Program Arranged for the El Paso Prize Tournament.

Denver, Jan. 24.—A special to the Times on El Paso, Tex., says: The program of Stuart's prize tournament has been completed as follows:

February 17, George Dixon vs. Jerry Walsh, purse \$3,000 and feather weight championship of the world.

February 18, Jimmy Barry vs. Johnny Murphy, purse \$2,500 and bantam weight championship of the world.

ANOTHER PLAN.

For the Solution of the Pacific Railroad Difficulty.

New York, Jan. 24.—Attorney Morgan, who represents the first mortgage bondholders of the Union Pacific railroad, whose holdings amount to over \$100,000, has prepared a bill which he will ask Congressmen Powers, chairman of the committee on Pacific railroads to bring before congress.

The plan includes the appointment of three government commissioners, who will secure the co-operation of all the bond creditors who can enlist, bringing out foreclosure through the company's directors to pay interest on the last coupon due, and by the road at public sale.

An organization would be made by using new first mortgage bonds for the full amount of the debt at such rate as commissioners might decide was justified by the net earnings of the road.

Chicago Stock Market.

Chicago, Jan. 24.—Cattle receipts, 5,500; market quiet, steady. Hogs, \$3.15 to \$3.17; cows and heifers, \$1.90 to \$2.75; pigs, \$2.75 to \$4.00; stockers and cubs, \$2.00 to \$3.75. Sheep receipts, 6,000. Market quiet, unchanged.

Forestry Association.

Washington, Jan. 24.—The fifteenth annual meeting of the American Forestry Association began here today. The main object is to secure the enactment of laws for the proper administration of the vast reserves of the United States, which aggregate 17,564,800 acres, and secure protection for the forests on public lands. Two business sessions were held today. Forestry protection will be discussed, when speeches will be made by Secretary of Agriculture Morton, president of the association; Senator Dulles, Representatives Lacy and McRae, and others.

Nominated for Marshal.

Washington, Jan. 24.—The president today sent to the senate the nomination of Patrick S. Nagle to be marshal for the territory of Oklahoma.

HOPELESSLY SICK!

General Gomez Has But Few Days to Live.

Miss Barton Will be Permitted to Distribute Supplies.

Only Eight Votes in the Senate Against the Monroe Doctrine.

BIG STORM IN CANADA.

Havana, Jan. 24.—Gen. Mazimo Gomez, commander in chief of the insurgent forces, is a very sick man. It is stated that the doctors in attendance upon General Gomez recently held a consultation and diagnosed his case as an advanced stage of consumption, complicated with fever, and agree that he can only live about two months longer.

RED CROSS IN TURKEY.

Government Will Permit Miss Barton to Distribute Relief to the Sufferers.

Washington, Jan. 24.—Owing to the energetic efforts of Minister Terrill, Miss Barton and party will be permitted by the Turkish government to distribute relief to the distressed Armenians, although the Red Cross will not figure in the work. This news came to the state department in a cablegram from the minister, in which he says: "While the porte refuses such permission to the Red Cross, it will recognize any person the minister names to distribute relief in the interior of Turkey, provided the Turkish authorities are kept informed of what is being done."

IMPORTANT TO COLORADO.

Certain Reservations in that State to be Opened to Prospector.

Denver, Jan. 24.—A special to the Times from Washington says Representative Shattuck today succeeded in securing a unanimously favorable report from the house committee on public lands, upon his bill to permit prospecting and location of mining claims on forest reservations, but amending in accordance with a recommendation by Secretary Smith, to confine its operations to the Pike's Peak, Plum Creek and South Platte reservations, and restrict work to prospecting and mining for gold, silver and platinum.

The secretary, in his letter to the committee says, he does not consider it necessary that the bill should apply to all reservations in Colorado, as suggested by the commissioner of the general land office, but recommends that the operations of the bill be confined to the districts where mineral has been found.

Shattuck considered it better to accept the recommendation, as not to have done so would have meant indefinite delay and probable failure. He hopes to get the bill up in the house next week.

An Indian Desperado.

St. Louis, Jan. 24.—A special from Van Buren, Ark., to the Post Dispatch, says George Ward, a Cherokee Indian, was hanged there this forenoon for murdering Henry Bacon in July last year. He was a noted desperado and all around criminal.

BALTIMORE & OHIO.

John K. Cowen To-day Elected President of the Company.

Baltimore, Jan. 24.—John K. Cowen, general counsel of the Baltimore & Ohio railroad company, and representative in congress from the fourth Maryland district, was today elected president of the Baltimore & Ohio, to succeed Charles F. Mayer, who resigned in November.

Cowen was decided upon as a compromise between the factions favoring Major Alexander Shaw, and Second Vice President Thomas M. King.

Severe Storm in Canada.

Toronto, Ont., Jan. 24.—This city is cut off from communication with all the rest of Canada and the United States this morning, the sleet storm having rendered the wires useless. It is not known how far the trouble extends through Ontario.

Only Eight Against It.

Washington, Jan. 24.—Senator Lodge has made a canvass of the senate on the Davis resolution, affirming the Monroe doctrine, and has only been able to find eight votes against it.

Chicago Grain Market.

Chicago, Jan. 24.—Close: Wheat, January, 61 1/2; May, 64 1/2; Corn, January, 27 1/2; May, 29 1/2. Oats, January, 18 1/2; May, 20 1/2.

Big Damage Suit.

Chicago, Jan. 24.—Forty thousand dollars damages was awarded today in the case of Herbert B. Gehr against the Mexican Central Railroad company. Gehr obtained a position in the office of the company. He had been there two years when a robbery occurred, which caused him to be locked up until he was released on demand from Washington. The attorneys for the defendant moved for a new trial, and the case will be taken to the highest court.

The Rankin Meetings.

Last night the Congregational church was filled once more with an audience the size and attendance of which emphasized the interest that is being manifested in those meetings.

Mr. Rankin took for his text the words,

"What think ye of Christ?" and delivered a discourse of great beauty and power. The divinity of the man of Galilee was depicted with such fidelity and force as to make apparent the folly of the rationalist, who would call him mere man. The spirit of the hour was manifested in the deep emotion which was frequently elicited by the speaker's words, and by the large number who remained to the after meeting.

The music of the evening was in consonance with the speaker's theme. Mrs. Dunlap and Mr. Tressler sang "Jesus is calling you now," as only those can do who sing from the soul, and at the close of the sermon Mr. Tressler sang, "What will you do with Jesus?"

On the singer's lips the words of the gospel song seem to glow with life and meaning and find their way to the heart of the listener. The purity and sweetness of the music was manifested in a thorough appreciation of the sentiment and an exceptional sympathetic power enables him to sing the gospel with rare effectiveness.

Those who attend these meetings are enjoying a rich feast to which everyone has a most cordial invitation.

Torpedo Boat Explosion.

Washington, Jan. 24.—Secretary Herbert has decided to accept the torpedo boat explosion from the Iowa Iron Works, subject to a dock trial at New London, to demonstrate whether her engines have been repaired since the last mishap. The department is satisfied the boat, when properly handled, can make at least twenty-five knots an hour, or half a knot more than was required by the contract.

Mr. Call Wants to Fight.

Washington, Jan. 24.—Senator Call offered a radical resolution, demanding either through peaceful negotiation or force of arms, that the Armenian atrocities be stopped.

GENERAL HARRISON!

His Appearance in the Supreme Court To-day.

Argument in the Famous California Irrigation Case.

A Formidable Array of Legal Talent Engaged on Both Sides.

GREAT INTEREST IN THE MATTER.

Washington, Jan. 24.—The supreme court room was the center of attraction at the capital today.

The news that ex-President Harrison would appear in the California irrigation case drew thousands through the mid and rain to the capital, and for two hours before noon the hallways thronged and the doors banged.

Owing to the very limited space of the old senate chamber, where the supreme court sits, but few persons gained admission.

Harrison was the target of all eyes. It was his first public appearance in Washington since he left the white house three years ago. His appearance had changed but slightly. The careworn look had disappeared, and time, seemingly, had dealt kindly with him.

There was a great array of legal talent on both sides of the case.

Sanctuary Assured.

Dr. C. F. Blackington, a respected citizen of Secor, for many years, is in the city today accompanied by his wife. Dr. Blackington has just returned from Boston where he was successful in organizing a company for the development of valuable mines in the Spanish mountains. L. D. Lathrop, of Boston, a cousin of the doctor, is president, and Dr. Blackington is secretary, treasurer and general manager. The doctor states that he placed an order with Fraser & Chalmers, Chicago, for a sixty ton smelter, which will be put up at once for the reduction of the ores.

Quick in effect, heals and leaves no scar. Burning, scaly skin eruptions quickly cured by DeWitt's Witch Hazel Salve. Applied to burns, scalds, old sores, it is magical in effect. Always cures piles. Pillsbury & Walton.

Las Vegas Veterans.

Sherman post No. 1, G. A. R., met last evening, pursuant to adjournment, completed its organization and elected the following named as officers for the ensuing year: Geo. W. Hartman, post commander; John Hill, senior vice commander; Kil Caldwell, junior vice commander; Robt. K. M. Cullen, chaplain; J. H. Gifford, quartermaster; M. J. Crowley, officer of the guard; Robt. Speckman, outside guard. The post starts out on its re-organization with twenty-two members.—Optic.

The Rankin Meetings.

Last night Mr. Rankin met an exceedingly large audience in the Congregational church. He preached a very impressive sermon from the text "Come see a man who told me all things that ever I did. Is not this the Christ?" He made many telling appeals to his audience to acknowledge sin, using many apt illustrations drawn from his work in other cities.

Near the Close of the Service Mr. Tressler Sang a Most Effective Solo.

On Sunday, a meeting for men only will be held in the opera house at 4 p. m., and a children's meeting in the Congregational church at 2 p. m.

The folly of prejudice is frequently shown by people who prefer to suffer for years rather than try an advertised remedy. The millions who have no such notions, take Ayer's Sarsaparilla for blood diseases, and are cured. So much for common sense.

An Old Soldier Cured of Chronic Diarrhoea.

During the war, John L. Hase, of Mill Creek, Ill., contracted chronic diarrhoea, which inconvenienced him very much, and at times greatly impaired his strength. He says: "One dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy has always relieved me and two doses cured me so that I could get on again about my business. I always keep the Remedy at hand." For sale by Dr. T. H. Burgess & son.

A Deserving Institution.

The Albuquerque Academy is one of our most deserving institutions. It does not often come before the public asking for assistance, and when occasionally it requests us to "lend a hand" we ought to do so cheerfully.

The entertainment to be given at Perkins' Hall, by the "Lady Quartette," will be for the benefit of the Academy. There is an impression in some quarters that the entertainment is a private speculation. But that is not correct. It is being managed by the Academy, for the benefit of the academy, and the proceeds will be used in the interest of the school. For this reason should be liberally patronized. You will receive a full equivalent for your money, in the concert itself, and in addition will have the satisfaction of knowing that you have assisted a good cause.

A False Rumor.

The Chicago Tribune in a recent issue announced that the Santa Fe route was about to take off its California limited train, as it had proved unprofitable. This statement was unfounded and is absolutely untrue. The train is exceedingly profitable, and its discontinuance has not been thought of by the management.

Don't invite disappointment by experimenting. Depend upon One Minute Cough Cure and you have immediate relief. It cures croup. The only harmless remedy that produces immediate results. Pillsbury & Walton.

THE COMING MILL!

Albuquerque Sports Debating the Maher-Fitzsimmons Fight.

MAHER IN FINE CONDITION.

On Feb. 14, St. Valentine's day, Peter Maher and Robert Fitzsimmons will meet near El Paso to try conclusions as to who is justly entitled to the honor of the "champion heavy weight pugilist of the world."

Fitzsimmons was to have met Jas. J. Corbett, who won the title by knocking the boots off John L. Sullivan, but Corbett showed the white feather by refusing to fight, and went so far as to give up the title to Maher, before the coming Maher and Fitzsimmons fight.

Yesterday afternoon, half a dozen Albuquerque sports who keep posted on such events, met in a popular resort, and debated the coming mill. A majority of them argued that Maher, who is much the stronger and larger of the two, would have to whip his man inside of three rounds, or Fitzsimmons would weary the patience of our fans, and let him up as easily as Corbett did up Sullivan.

It is understood that Albuquerque will send to the little carnival, near El Paso, quite a large delegation of sports, and it would be wise for those contemplating the trip to leave their names with W. H. Matson, depot agent.

MAHER IN FINE CONDITION.

A SPECIFIC FOR—

La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and felt so weak and languid, which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping me better. In spite of his attendance, I got no better. Finally my husband, reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral, procured for me a bottle of this medicine, and before I had taken half of it I was cured. I had been the best for for my children, and in my family, whenever we have a cold or a cough, and a special remedy for colds, coughs, and lung troubles, Dr. Emily W. Wood, South St., Boston, Mass."

OUR CHINESE TO CELEBRATE.

They Have Arranged to Celebrate their New Year.

The CITIZEN learned this morning, through the local Chinese agent of the "Six Companies," that the Chinese of this city have arranged to celebrate their New Year, which begins on Saturday, Jan. 25, in grand style. An exchange says:

The Chinese New Year, according to the calendar received by the mayor of "Chinatown," begins on January 25. The days of the month are marked by two figures, the extra month being an additional day. The present Chinese year began on February 17, and contained only twelve months. Every third year contains thirteen months. Calendars of the new year were received in "Chinatown," New York, a few days ago, from headquarters at San Francisco, where the reckoning was made by the Chinese company officials. The calendar is a sheet about two feet square, divided into months, something in the order of the American almanac, only that the Chinese, of course, read from right to left. The days of the month are marked by two figures, the red letter denoting the Chinese day and the white the American day. Of course this interpretation is only for the benefit of the Chinese residents in this country. The margin and lower end of the calendar contain advertisements of business firms, which indicates that the Chinese have imbibed the spirit of American progress.

To be Expected. Jesus was divine, so the greatest impendor the world has ever known—Albuquerque Democrat.

When a newspaper, in this Christian land, and in this age of the world, utters such a sentiment as that, we cannot be surprised that it favors taxing school entertainments when they are not given in its proprietor's play house.

A Big Owner.

J. F. Goodlander, the bustling representative of the Myers Drug Co., of St. Louis, wore such a pleasing smile this morning that the reporter felt moved to inquire the cause.

"Business is the cause," said Mr. Goodlander. "I've just bagged the handsomest order for drugs that I've taken in my travels in New Mexico."

The Maxwell Drug Co. is the enterprising firm placing the order referred to, and it is an indication of the liberal season which they expect to do business. Long may they wave.

U. S. DISTRICT COURT.

Bachelor Timber Trespass Case. Twenty-Six Indictments Returned.

The New Mexican yesterday says: The timber trespass case of the United States vs. S. D. Bacheelder continues to occupy the attention of the United States district court. It will probably be given to the jury this afternoon.

The grand jury returned in all twenty-six bills, seven of which were against James Addison Peralta-Lewis, and grow out of the effort to establish the so-called Peralta land grant in the court of private land claims.

Peralta-Lewis yesterday afternoon pleaded not guilty, and on the first indictment for uttering forgeries he was held for trial in May in the sum of \$5,000. On the other indictments he was ordered released on his recognizance after giving the first bond.

Juan Martinez and Maurilia Perez, indicted for adultery, pleaded guilty to one of the counts and were each fined \$1 and costs. In default thereof, they were committed to the United States jail.

DEMAND FOR A RELIABLE MAP OF THE FAMOUS MINING DISTRICT.

Eastern capitalists are asking for maps of Coehiti. Walter G. Marmon is the man to get up these maps as he has been over the district and perhaps did more surveying than any other man.

It is quite natural for investors to want to see a map of the so much talked of gold camp and this would be the very best advertisement the great camp could get; have it printed in THE CITIZEN, with the largest circulation of any paper in the southwest. It would then reach nearly every town or city in the Union. Let us see if this cannot be done and that right quick.

This map should show all the different canyons and the nearest railroad and the different points where stage connections are made. It should give the positions of the great leads, their courses, and everything that would be of interest to the people. Claims have been offered for sale in the east and the first thing is, "send me a map of your district." S.

Editor Hughes, of THE CITIZEN, is laid up with a slight attack of pleurisy.

THE CITIZEN'S DIRECTORY.

THE CITIZEN is putting forth every effort to make the Albuquerque Directory complete and accurate in every particular. The work will be a complete city and business directory of Albuquerque and a business gazetteer of the territory. Five canvasses have been in the field since Monday, and not a house will be skipped. The data being taken includes a census of the city and also a school census.

From now on until the work is completed and given to the printers, citizens are requested to report promptly to this office all changes in business and residence.

The secretary or other proper officer of every society or organization, secret, religious, civic, military, political, etc., is requested to furnish this office with the names of all officers necessary for publication, time and place of meetings, etc. Churches and educational institutions are also requested to send in the proper information for the directory.

To insure classification it will be necessary to hand in this information without delay.

It not only is so, it must be so. One minute Cough Cure acts quickly, and that is what makes it cure. Pillsbury & Walton.

Library Entertainment Course.

As announced in yesterday's CITIZEN the Aramont Concert company will appear January 29 instead of the 28th, as advertised. We have every reason to believe that this entertainment will highly please every one. The New York Press says:

"The grand concert at the Metropolitan must hall last evening was most enjoyable. Mme. Aramont (who is a great favorite in New York) charmed everybody with her beautiful voice, singing an Aria from Il Trovatore in a most artistic manner, and on being recalled, 'O Day Dream.'"

The diagram of the opera house will be at Newcomer's at 10 o'clock Saturday morning. Secure your reserved seat early and get the location you want.
