## Territorial Topics

### SOCORRO.

**From the Chief.**  
J. Leon Knapp returned from a trip to Albuquerque.  
F. C. Williams went up to Cerrillos the first of the week to work in the smelter.  
Prof. F. A. Jones left for a sojourn of ten days in the Ocenra mountains.  
A. D. Coon says that he will have a good crop of fruit from his orchard south of town.  
F. Fisher has just sold sixty-two head of stock horses to Cripple Creek, Colo., parties at a good price.  
Will Fullerton was in town on his way home from Albuquerque where he went to sell his wool.  
Mrs. C. L. Herrick, of Albuquerque, is a guest at the home of Mr. and Mrs. John W. Terry on Fischer avenue.  
Socorro has experienced decided summer weather for several days, the temperature going as high as 102 degrees.  
There were 1,200 sacks of wool in Magdalena the first of the week. Most of it was purchased by the Becker-Blaekwell Co.  
The first crop of alfalfa in this vicinity was a fine one and the prospect is good for the second crop.  
Dr. C. G. Duncan has moved into a new office on California street, first door north of his residence.  
Prof. F. A. Jones has bought a comfortable home in Albuquerque and he and family will take up their residence there in the near future.  
Mrs. Simon Stern and children of Albuquerque, came down to visit Messrs. M. Loewenstein and Jos. Price and families.

Haynes Howell went to Cerrillos and immediately entered upon the duties of assayer at the smelter. This is another illustration of the fact that young men with a diploma from the School of Mines are always in demand.  
The Albuquerque Citizen recently announced that "Mrs. Doctor Kittrell" departed Monday morning for her home in Socorro. The only Doctor Kittrell known in Socorro avows that there must be some mistake abroad, that he is still a bachelor and that he has not even declared his intentions to be otherwise.

### PORTALES.

**From the Herald.**  
R. W. Wood was on the streets circulating a petition that had been prepared by Governor Otero, asking that the draft taxes be allowed to stand. The petition had a number of signers.  
Bud Lee, who took a part in the killing at Tucuman last week, is well known to the people of Portales, his home being about two or three miles east of town.  
A very creditable entertainment was given at the church by the children of the Sunday school, under the direction of Mrs. W. E. Lindsey. The children did well and Mrs. Lindsey deserves much credit for the way in which she drilled the little ones. It is hard for one who has not had some experience in such work to realize the great amount of labor required to get up such an entertainment, and considering the many disadvantages under which Mrs. Lindsey and the little ones labored, they have good cause to be proud of their effort. It could be well for the children if there were more such entertainments given.

### ALAMOGORDO.

**From the News.**  
Mrs. E. J. Dedman has been spending the past week at Clouderoit, with the family of James H. Laurie.  
John Quinlan has been spending this week in the Gallinas mountains looking after his valuable mining interests in that place.  
I. I. Annals, probate clerk of Lincoln county, and Sheriff Alfredo Gonzales, of same county, were in this city, en route home from Socorro, where they had been on official business.  
The Alamogordo Improvement company secured a permanent injunction against Monte Butler, prohibiting the sale of liquors within the limits of the Santa Rosa townsite. The case was heard before Chief Justice Mills.  
The 2-year-old baby of Mr. Bantean, living near Weed in this county, was burned to death during the short ab-

sence of its mother. The little one got hold of the matches and set fire to itself. When the mother returned she found the baby a charred mass, lying on the floor.

### SAN MARCIAL.

**From the Bee.**  
It is reported that Joseph McQuillin has purchased the W. H. Kromb residence.  
G. H. Sweet is visiting points in Kansas and expects to be absent about two weeks.  
The flour mill is grinding a few thousand pounds of wheat lately delivered.  
Chas. E. Owings is figuring on moving to Belen, to take charge of John Becker's flour mill, about the first of the month.  
San Marcial lodge No. 5, A. O. U. W., selected its present reading officers for another term. They are Francis Wilson, recorder; H. H. Howard, treasurer; W. G. Lane, receiver.  
Paul Phillips, a Chicago attorney, and C. B. Willard, a member of our syndicate that now controls the Almaraz gran, were here looking over the grant. Improvements are contemplated and the first move may be the fencing of the entire grant.  
The Armstrong Bros. have purchased the lots adjoining their business block. The long row of adobe rooms in the rear of the building occupied by the Drs. Crickshank as an office are to be put in good shape and partially used as a liquor warehouse. Other improvements will follow. This purchase places the Armstrongs in the lead as large holders of real estate in San Marcial.

### LAS CRUCES.

**From the Progress.**  
The little daughter of Mrs. L. C. Woodson is ill with a light attack of typhoid fever.  
W. S. Gilliam and family have removed from Mesilla Park to their ranch near Earham, where they will spend the summer.  
Mrs. O. H. Brown and little daughter left for Modoc to spend a few weeks at that resort.  
F. H. White, accompanied by his mother and the family of D. A. Creamer, left for a camping trip to the White mountains.  
Mrs. A. Jacoby, accompanied by her daughters, Misses Clara and Lydia, left for southern California, where they will spend the summer.  
F. H. Bailey killed a large wild cat on his ranch near Anthony, which is being mounted by Charles Wilkinson. The cat is one of the largest that has ever been seen in this part of the country.  
The married men of Las Cruces have challenged the boys for a game of base ball on the Fourth of July, which will in all probability be pulled off if the married men can get up enough "ginger."  
Miss Lulu Weeks left for Chicago, where she will visit for several weeks before returning to her home in Clinton, Michigan. The boys in the valley are evidently pretty slow or they would never have let her go back. But there are rumors that the lucky man lives in Michigan, so that gives some excuse to our boys.

### RATON.

**From the Range.**  
Mrs. S. E. Leeman and son are home from La Junta.  
Mrs. Will Mitchell, of Florence, Colorado, is visiting here with her mother, Mrs. Cox.  
Miss Clemons, a teacher from Pittsburg, Pa., is visiting with her brothers and sister, Della, of this place.  
A sight to delight the eyes of all lovers of flowers is the blossoming cactus in Mrs. Englewood's show window.  
Mrs. M. Lechune, of Dawson, and Miss Marian Ellis, of Wichita, Kas., who has been teaching the Maxwell school during the last term, visited Miss Boggs in the city a few days this week. Miss Ellis contemplates spending the summer at Dawson the guest of her former school mate, Miss Maude Terhune.  
Eugene Shepherd, of Trenton, N. J., a friend of Miss Lizzie Boggs, of this city, arrived and left the next day for the Dane ranch, where he will remain all summer. He is here for the benefit of his health, and there is no doubt but that a few months residence in the dry, pine perfumed air of this country will make a new man of him.

### DEMING.

**From the Headlight.**  
James Kelly, who for the past year has been assistant postmaster at this place, left for his home in Indiana.  
F. R. Pollard, who recently took a position with W. J. Wamel as bookkeeper left for Portage, Wis., having been offered a much more lucrative situation as cashier of a large lumber concern at that place.  
Harry Harris, who for so long a time has been employed as a bartender at the Aquarium has resigned and gone to work at his trade, carpentering, for the Bisbee road. Mr. Harris' health was not good and he thought that out of door employment might be beneficial.  
Sheriff Higgins, of Roswell, was a visitor in Deming this week. Mr. Higgins came here for the purpose of taking Walter McConigal over to Roswell for trial there. McConigal is charged with the same offense there as that he stood trial in this county. Obtaining money under false pretenses.  
John Corbett, James Irvine and J. B. Hodgdon have during the past week had a cement sidewalk placed in front of their residences and now that part of Deming looks a whole lot better in

consequence. Mr. Corbett had a walk laid on the south side of his lots, 142 feet in length.  
There has been within the past two months, over fifteen hundred feet of cement sidewalk laid in different parts of this city. It must be admitted by all that this is a pretty good showing for our town. And in addition to this amount placed there is about half as much more contracted for that will be "at down late fall."  
Henry Nordhaus met with more luck last Tuesday than falls to the lot of an ordinary mortal usually in one day. First, he received a telegram announcing that he was a "grandpa" and then he succeeded in purchasing the lot just south of the one where he is at present doing business. Mr. Nordhaus has wanted this lot for a number of years, and only last Tuesday succeeded in making satisfactory arrangements with Otto Smith, the former owner. The telegram referred to stated that on the morning of the 17th Mrs. Frank Ward, nee Nordhaus, had become the mother of a fine twelve pound girl, at her home in Kirksville, Mo. And now, boys, don't forget that Morris is now "Uncle Morris."

### SANTA FE.

**From the New Mexican.**  
The local brewers are passing a subscription list to raise funds for a big Fourth of July celebration and floral parade this year.  
Max Kaiter has resigned his position with Sullivan Brothers and will on August 1, take charge of the management of the dry goods store that John Demuth will open on that date.  
The concert by the Capital City band on the Plaza drew a large crowd last evening. The band played superbly. It is to be hoped that these Thursday evening concerts by the band will continue to be a feature of the summer months at Santa Fe.  
Flower Day will be observed next Sunday at the penitentiaries. All who have any flowers to give for the occasion, are requested to send them to Mrs. Harvey on Johnson street, or send word to Mrs. Harvey, Mrs. Kinsell or Mrs. Warner, who will send for the flowers.  
W. J. McPherson made a trip to his ranch in the Espanola valley. He reports that the valley will have an abundant fruit crop this year but that growers are doing much damage, some alfalfa fields having been eaten off to the roots by the pest.  
A Dockweiler came over from Tesuque with some of the finest cherries seen here this season. He reports that the cherry crop is rather short and that the apple crop will be only medium as the frost late in May killed the fruit in many spots. There is still sufficient water in the Tesuque for irrigation purposes, although the country is as dry as tinder at present and a good soaking rain is much needed.  
M. W. Mills, attorney and fruit raiser at Springes, is in Santa Fe in consultation with Solicitor General E. L. Bartlett and Territorial Treasurer J. H. Vaughn in reference to the assignment of Juan Santistevan, proprietor of the Taos bank, which was one of the depositories of the territory. It is understood that a demand has been made upon Santistevan and Mills, who is Santistevan's bondman, to return the territorial deposit bonded the Taos bank into the territorial treasury.  
The Denver Post of Saturday prints an excellent picture of Miss Tessie Call of this city, who is visiting friends at Denver.  
Miss Thompson, matron of the United States Indian school, is still confined to her bed suffering with a broken ankle. She is, however, slowly improving.  
Mr. and Mrs. Pedro M. Espino left for Albuquerque to pass the Fourth of July in that city. After that date they will go to Flagstaff, Ariz., where they will make their future home.  
Mrs. William M. Berger and daughter, Miss Ella May, left for Denver on a pleasure trip for a couple of weeks. They will attend the Sunday School convention in Denver and the Colorado-Texas Chautauqua at Boulder as well as visit friends in both cities.  
Petitions should be signed praying the county commissioners to levy a tax, the proceeds to be applied to the construction of a bridge on Don Gaspar avenue over the Santa Fe river. Such a bridge is of great necessity and the petitions should be in readiness to be acted upon by the commissioners at their July meeting.  
S. S. McKillen is meeting with fair success in soliciting subscriptions to build a good road over the gap in the road between Santa Fe and the Jemez Springs. The project is a good one and it will pay the business men to contribute to the project. The road when completed would also be a good one over which to reach the cliff dwellings.  
Major Fred Muller received a letter from James Dean, a Rough Rider and former resident of this city, who is now in the Philippines and is doing very well, being deputy clerk and deputy collector of the province of Tayabas, and is promised a promotion to an \$1,800 a year position. Mr. Dean sent Major Muller several boxes of Philippine cigars of excellent flavor. W. R. Price was similarly remembered by Mr. Dean.  
The shipment of new cable for the Santa Fe Telephone company was completed today by the receipt of a reel with two tons of cable upon it. The new telephone exchange will soon be ready for business.  
Frank S. Davis burned his hand severely by taking hold of the rope of a swiftly descending elevator at the store of F. S. Davis company, because the brake refused to work. The injury is a very painful one.  
Ralph McPie writes his father, Judge

John R. McPie, from Manila, that Lieutenant Sherard Coleman and family had arrived in Manila and that Mrs. Coleman and children are about to leave for the United States and can be expected to arrive very soon in Santa Fe.  
Two important road projects should not be lost sight of by the people of Santa Fe, one is a continuation of the Carson road, from Monument Rock over the divide to Macho canyon and the other is the construction of the line to complete the road from Santa Fe to Jemez Springs.

### SAN JUAN COUNTY.

**From the Times.**  
Miss May Rush left on the stage for Acton, where she will visit her sister, Mrs. William Rufferty.  
W. T. Duffer took out two loads of loaded alfalfa in Lock Simpson Wednesday and returned yesterday. He had on 1,100 pounds and loaded up at the Hyde yard.  
Orange Phelps estimates that his orchards will produce 7,000 pounds of apples this year. Our apple crop will surprise Durango and the railroad people when we begin to unload on them. The Elginville League meets every Friday evening. The officers are: President, Mrs. Florence D. Lewis; first vice president, Bert Wallis; second vice president, Mrs. J. M. Jarvis; third vice president, Miss Della March; secretary, Miss Clara Daniels; treasurer, Edmund Woods; organist, Miss Mamie Harwood.  
Constable Milheim came around Monday morning about 7:30 and woke up Justice Schmidt, telling him there were some horses in the south part of town. So the justice got on a bronco and went after and impounded them. S. R. Blake hunted up Schmidt after breakfast and talked sympathetically to him, accusing someone of driving his horses out of his private lane and into town while he was peacefully sleeping. Mr. Blake does not want to be badly robbed and has since examined the town clerk's records and ascertained that the ordinance states that the marshal shall do the impounding act.

### SIERRA COUNTY.

**Hillsboro.**  
**From the Advocate.**  
Mrs. J. C. Pleimmons and Mrs. J. F. Hopkins are visiting friends at Hermosa.  
Mrs. S. F. Keller left for California where she will remain for some time. Francisco Luna y Garcia and Miss Remedios Saldaña will be married at Monticello next Monday. Mr. Luna is one of Sierra's brightest young men and has recently closed a most successful term of school at Cuchilla.  
W. W. Williams went to Deming to meet his wife, who was on her way from El Paso to California, where she goes for the benefit of her health. Mrs. Williams has been in the hospital at El Paso for some weeks.  
A base ball game has been arranged for the Fourth between the Wicks nine and the town nine. A good purse has been arranged for and the boys are preparing themselves for the occasion. Other games and sports will be arranged for the day.  
At the last term of court the grand jury found a true bill against Felix Grady for making a gun play. Sheriff Rollins went out to the Placers last Sunday and brought him in and Grady spent the night in the county board jail house. On Monday he gave bonds for the amount of \$1,000 for his appearance at the next term of court.

### Kingston.

Remember the Fourth of July and get a twist on yourself.  
John Bright has the largest peaches in town.  
A new hotel is talked of as the storm clouds rise.  
The post men are happy, confident and independent.  
The heat has been so intense for the past few days that the natives honestly are getting tender footed.  
The "Gang of the Sierras" says that there are more recorded fights over water than over whisky in the Kingston district.  
"Sheta" Hurst, the prospector, is now busy looking for a live volcano. He informs us that the rim rock on the east side of Sawyer's Peak is steaming but that the crack on the west side positively cold.  
A forest fire has been raging for the past week on and around Sawyer's Peak. It is spreading in all directions and is now on the head of South Potosi in the vicinity of Wedgewood's goat ranch, and if no rain falls it will probably extend along the range for many miles, doing great damage to timber and grass.  
Joseph Reed and Henry Brown have gone to the north end of the county on a hunting and prospecting trip. Several other parties are just now contemplating a tour through the range, believing that there is yet a great possibility of finding mines in a different form from any heretofore discovered.  
Frank P. States has secured the contract to clean out and keep open all the springs and water holes on the west end of the range for the N. A. N. Cattle company. During the drought here several years ago, when all the big cattle companies on this side of the range lost almost all their herds, Rolstein of the N. A. N. put his whole outfit to digging and scraping for water and he lost but few head.  
Reports from upper Cave Creek indicate a large crop of wild fruits and nuts. Stock doing fine with a fine calf crop. Mountain lions are also being found in good condition, fat and sleek. The mines are not doing much, but by the first of September many of them will resume. Ed Pontius, the prophet, at the Eagle canyon, has found some very fine ore that will bear transportation to almost any smelting point.  
A mountain lion got into Tom Wedgewood's angora goat herd on the

head of South Potosi and killed and added six head and maimed several more. Robert Kinnerget and Jean Rouse, the lion chasers, took to the trail, set the trail traps, but did not succeed in catching him, although they saw where he had washed his face in iron creek, and otherwise completed his trail.

### Farmington.

**From the Herald.**  
De McGowan reports the arrival of a big baby girl at the home of Mr. and Mrs. Frank Noel on the La Plata.  
There will be millions of pounds of Farmington peaches, pears and apples this year. The evaporator and distillery will both run from the beginning to the end of the season. The Wetherill Wetherill brought in from Troutway Hills a fine bunch of fat cattle which Clayton Wetherill will drive up to the mountains. Mr. Wetherill reports business good at his trading store.  
Manager George H. Browne returned from a three days' stay in Denver. He reports having sold a large quantity of curtains and blankets while there, and to have completed the deal for the entire output of the evaporator for this season. Browne is a hustler.  
One of our model young men, a devout church attendant, was indulging in the annual (5) sport of racing a horse against a horse, and in order to urge the poor dumb brute on, lashed his side with a pair of nasty steel pointed spurs until the animal was as bloody as a butchered hog. We should have a humane society.

### Aztec.

**From the Index.**  
W. C. Johnson, wife and son of Alton, Mo., arrived here and are located in the Palmer residence. Mr. Johnson was here last fall and then decided on this county as the proper place for a home.  
Born to Mr. and Mrs. J. W. Lane, a boy. John hasn't been up town since, but will doubtless be around in a day or two to receive the customary congratulations and get "cup-up" as usual on account of his boy.  
The Fourth of July will be more joyously observed than usual in San Juan county this year. Farmington, Aztec and La Plata having arranged for celebrations, which will be presented to us in every form. Parades, banners and universal in San Juan.  
Cherries are up all the way down the river. C. M. Light the stage man, brought some splendid specimens of this fruit to Santa Fe market at Farmington the other day and treated the boys around town to some of the cherries he had been able to save from the loads. They were fine.  
Work on the foundation for the court house is completed. The most of the stone work was done by William Coyne, of the La Plata, a skilled mason. Mr. Coyne worked at this trade for twenty-five years in the city of Chicago, prior to coming west and taking on farming as a pursuit and has been employed on several big buildings since locating in this section. The court house foundation is an excellent one. Work of laying the brick will commence in a short time and will be pushed as fast as possible.

### You Know What You Are Taking.

When you take Grove's Tasteless Child Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure, no pay. No harm.

### Let to Albuquerque Firm.

The contract has been let to an Albuquerque firm to put a steam heating apparatus in the State residence. It is understood that it will cost \$1,800 to do this—New Mexican.  
That firm is the Wilfries company, and it is a guarantee that the plumbing in the State residence will be first class in every respect.  
Born at 10 o'clock this morning to Mr. and Mrs. H. G. Stoneham, a fine baby girl. Mrs. Stoneham is a daughter of Mr. and Mrs. F. W. Hann. The father is a well known citizen of Globe, Arizona. The glad tidings have been wired him, and he is expected to reach this city tomorrow morning.
