The deed is from the Gulf, New Mexico and Pacific Railway Company to the Chicago Title and Trust Company, as trustee, and William C. Niblack, co-trustee. It is to secure an issue of 120,000 first mortgage five per cent gold bonds which are to be issued. The mortgage is executed by Herbert Green and A. W. Strong as president and secretary of the Gulf, New Mexico and Pacific railroad, and by William C. Clark and H. C. FOR DYNAMITING PLOTS

ONLY HOPE FOR RYAN AND ASSOCIATES NOW LIES IN AN APPEAL FOR PARDON.

Western Newspaper Union News Service.

Washington.—President Frank M. Ryan and twenty-three members of Bridge and Structural Ironworkers' Union, convicted in the famous dynamite conspiracy cases, must serve their jail sentences, the Supreme Court decided.

The court refused to review their conviction in the lower federal courts at Indianapolis and Chicago. Denial of the writ of review exhausted the last resource of the defendants.

Confessions of Ortle McManigal and James B. McNamara, former secretary of the union, formed the basis of the convictions of the defendants who appealed to the Supreme Court. They were tried and convicted at Indianapolis of conspiracy to transport dynamite in interstate commerce. Their conviction was recently affirmed by the appellate Federal Court at Chicago.

Dynamiting of the Los Angeles Times started the prosecution and disclosures of the alleged wholesale dynamite plots and outrages.

Several of the twenty-four defendants are now serving jail sentences, unable to get bail. Originally there were thirty-two defendants. Those whose cases were under advisement were Frank M. Ryan, John H. Barry, Eugene A. Clancy, Michael J. Young, Frank C. Webb, Philip A. Cooley, John T. Butler, J. E. Munsey, Peter J. Smith, Charles H. Baum, Henry W.
