

## HIPPODROME AND ZOO FOR GOLD AVENUE

J. Sam Houston Has Plan Which Will Provide Plenty of Interesting Entertainment for Everybody.

New York City may be the only place in the United States that can boast of real hippodrome just at the present time. But J. Sam Houston, organizer of hippotheque has decided that Albuquerque will go without a hippodrome no longer. J. Sam has gone and done it again. He has arranged to construct on a site on Gold Avenue a hippodrome and an adjoining zoo which will be the latest wrinkle in an enterprise of that character. The plans for the hippodrome and zoo have been completed; the site selected. The people are now warned about what J. Sam intends to do and nobody can kick and say that he didn't give every one sufficient notice of his intentions. J. Sam Houston never stops thinking. First it was the Aerodrome, then the Aerodrome animated animal annex. Now it is going to be the Hippodrome and Zoological auxiliary. The hippodrome will be so constructed that there will be ample stage room for the most difficult vaudeville acts. Bon Huz, with its mighty scenic effects will not be too great an attraction to successfully stage on the Hippodrome boards. J. Sam will continue to give the people of Albuquerque the best entertainment that will come west of the Missouri river.

*There's a Reason.* Keep your eye on the Hippodrome and the Zoo.

## PRESIDENT SIGNS

(Continued from Page One.)  
next Republican platform will be bitterly fought, particularly by the insurgent states. It will be a hard plank to write. Perhaps it will be compromised by a declaration in favor of extending reciprocity beyond agricultural products. But there are many Republicans, principally progressives, who will never stand on a blank endorsing the present reciprocity measure and who will openly repudiate it unless a marked change comes within the next year.

How far the Democrats will go in making reciprocity one of their issues is problematical. They are entitled to the credit of passing the Canadian bill. On the other hand it is distinctly a Taft proposition and they cannot take from the president the credit of having initiated it and pushed it through to a successful conclusion. Many Democrats who voted for it are shaky in support of it, for the Democrats are almost as much affected with protection communists as are the Republicans.

**NEW COTTON TARIFF BILL IS INTRODUCED**  
Washington, July 26.—The new cotton tariff bill approved yesterday by the Democratic caucus was introduced today by Representative Underwood and referred to the ways and means committee of which he is chairman. Discussion of the bill will begin tomorrow.

**Senate Leaders Tell TAFT NOT TO WORRY**

Washington, July 26.—Information came to President Taft today from Republican Senate leaders that he need have no anxiety over the possibility of action at this session of congress on a bill revising the wool schedule of the present tariff.

## OWLS WILL HAVE CLUB ROOMS OF THEIR OWN

Duke City Nest No. 1079 Votes Down Proposition to Affiliate With Beavers; Club Room Committee Named.

By unanimous vote the members of Duke City Nest No. 1079, Order of Owls, last night decided not to affiliate with the Beavers and take over the club rooms of that organization. Following the voting down of the affiliation proposition, a resolution was adopted by unanimous vote providing for the appointment of a club room committee, with full authority to secure club rooms and purchase furniture and other incidentals for an exclusive Owl home. The committee appointed consists of President William Kiehl, Vice President Joyce and Past President Otto Rehner. The committee will get busy at once and will carry out the instructions of the nest.

The Beavers will hold a meeting tonight, at which it is presumed the course adopted by the Owls will come up for discussion. Several members of the Beavers today expressed the belief that the Albuquerque men will soon effect a reorganization and cut off the per capita tax, following the line of action taken some months ago by the Las Vegas Beavers, who dissolved the Den and organized a new club club.

In any event the Owls and the Beavers will not merge or affiliate. The Owls will have a coast of their own.

### REYES THREATENED BY ENEMIES

Considerable Feeling Is Manifested Against General; He Is Warned to Keep Out of Politics.

Mexico City, Mex., July 26.—General of Division Bernardo Reyes has been threatened with assassination if he does not retire from political life and forfeit all claims to the portfolio of minister of war in the cabinet of Francisco I. Madero in the event Mr. Madero is elected to the presidency. Reports that General Reyes has received a number of threatening letters were yesterday confirmed by his son, Lic. Rodolfo Reyes.

There is considerable feeling against the appointment of General Reyes as minister of war by Madero in the event that gentleman is elected president. This feeling was demonstrated by the antirevolts who publicly declared that the presence in the cabinet of General Reyes who they asserted was closely identified with the methods of the old regime and had persecuted many people during his public career in the state of Nuevo Leon.

It is said that some of the communications which have been sent to the general or to his friends state that he has persecuted the writers and that unless he retires completely from public life they will assassinate him.

General Reyes for some years has been one of the leading men in the political life of the republic. Since the time he became governor of the state of Nuevo Leon he often has figured in the press as a possible future president.

## ELECTRICIANS ON NEW THEATER GET IN ON STRIKE

Refuse to Work Alongside of Non-Union Plumbers and Are Told by Contractors to Get Their Money.

A further complication was injected into the strike situation today when the electricians employed on the New Crystal theater, being built for Joseph Barnett, on South Second street, refused to work alongside of plumbers who do not belong to the union. M. Nash, the electrical contractor, upon hearing the complaint of his men, told them to go to the office and get their wages which they did. Union carpenters employed on the building were still at work this afternoon. It is likely, however, that they will hold a meeting tonight to decide whether or not they will continue to work.

## GOAT WILL PREVAIL IN INITIATION OF CANDIDATES

Class of Eight Will Be Put Through the Elks Tonight; Coyote Water and Lunch Will Follow Degree Work.

Instructions to the contrary not having been received by the Albuquerque Lodge of Elks, the same honored goat will be one of the principals in the initiation of eight candidates into the order at a meeting of the Antelope Lodge tonight. A resolution abolishing the goat and putting the focus on using his services in meetings was adopted by unanimous vote at the recent national convention of Elks in Atlantic City. The Albuquerque Lodge, however, has received no definite instructions to put the soft pedal on the goat business, and the officers have decided to use the animal in its official capacity at the initiation tonight. It may be that the goat will be relegated to the background after tonight and that the next bunch of candidates will be put through by a different route. Any way the eight candidates should be appearing tonight have signed their willingness to pay the "goat" business rather than to wait until the next initiation and run the risk of something possibly going wrong.

The meeting tonight will be the first one to be held since the return of Secretary Frank Stroh from the convention. After telling the members how strong they going to West Virginia, Mr. Stroh will show them the way to the coyote water and lunch which will be served after the meeting in the lodge rooms.

A big crowd is expected out tonight to see the fun, which may prove to be the final appearance of the long-haired, long-horned ruminant quadruped of the goats, represented by the Albuquerque Lodge, which was brought here from Dead Man's Island, being a direct descendant of one of the wild goats which Robinson Crusoe found on the island when he was cast ashore there many years ago.

## "GLORIETA NIGHT," SLATED FOR ELKS SATURDAY

B. P. O. E. Club Rooms Will Assume Their Old Time Aspect Through Courtesy of George Rankin.

Saturday night is going to be a big, fine, large night for the members of the Albuquerque Lodge No. 101, B. P. O. E. Every Elk and his brother will be at the job early and stay as late as he pleases, until it begins to get too early. The Elk's club rooms, because of the unsatisfactory circumstances, which it is not necessary here to relate, has not been far used as a regular meeting place, if one was. Through the courtesy of Mr. George Rankin, of the Southwesten Brewery and Ice company, however, the club rooms will assume their old time splendor Saturday night and every Elk in town is cordially invited to be on hand. Mr. Rankin has arranged to give a "Glorieta" night, just what a "Glorieta" night is, nobody knows exactly. "Glorieta," distinctly native product, has made the acquaintance of nearly everybody in Albuquerque, however, and it is believed that there will be no difficulty in arranging things to the satisfaction of all concerned. Mr. Rankin has arranged in addition to furnishing a plentiful supply of Glorieta, to have a few mountings of specimens of various kinds and these together with other incidentals, all of which will go to make "Glorieta" a real winner.

## CONGRESS WILL NOT TOUCH THE WOOL SCHEDULE AT THIS SESSION

Smooth and Crane Talk With President Today; Declare Adjournment Will Come on August 10.

### FARMERS' FREE LIST COMES UP AUGUST 1

Rumor That Insurgents Will Attempt to Tack An Amendment Revising Wool Schedule on Farmers Bill.

(By Evening Herald A. P. Leased Wire)

Washington, July 26.—Senator Simon of Idaho and Crane of Massachusetts, two of the leaders who talked with the president today, presented the adjournment of congress August 16, with all bills pending in either the Senate or the House, except the Farmers' free list schedule, delayed. On the basis of these predictions, however, came rumors from the capital that an amendment would be made by insurgents seeking to tack an amendment revising the wool schedule on the Farmers' free list bill. Word is varied on the date when tomorrow the farmers' free list comes up, Augus-

tin first.

According to the regular senators, the La Follette wool bill will not be supported by the democrats and the democratic wool bill cannot be accepted by the insurgents. The insurgents plan, however, it was said today, to get the farmers' free list bill with the amendment for wool revision into conference with the aid of the democrats and out of the conference they hope to get a compromise measure.

"Both the La Follette bill and the house bill will be defeated in the senate," declared Senator Simon, as he left the white house. "The insurgents in the senate cannot accept the house bill and the democrats cannot accept La Follette. We will adjourn August 16, without touching the wool schedule."

The close was firm September 24 higher.
