## S.S.S. PERMANENTLY HEALS SORES AND ULCERS

No matter in what way an old sore or ulcer first commenced, whether from a wound, cut, or bruise, or from the ulceration of a wart, pimple or mole, or even if it came without apparent reason, the fact that it does not heal shows that bad blood is responsible for the place. While the circulation remains impure and polluted, the nerves and tissues of the flesh around the place are constantly being fed with unhealthy matter and the fibres are thus prevented from knitting together and healing. Purify the blood and the place MUST heal, its cause having been removed. S. S. S. cures old sores and chronic ulcers because it is the greatest of all blood purifiers. It removes from the circulation every taint or impurity, and so enriches the blood that it feeds and nourishes the tender, sensitive flesh, causes a knitting together of all fibrous tissue and thus heals the place naturally and permanently. Book on Sores and Ulcers and any medical advice desired sent free to all who write and request it. S. S. S. is sold at drug stores.

He Fires First Gun in Fight  
He Will Make on Southern  
Pacific to Wrest From It  
Valuable Lands on Coast.

### HE GAINED FAME IN OREGON FRAUDS

Los Angeles, Cal., Sept. 21.—Frank  
H. Heney, the noted San Francisco

the city of Los Angeles, where he is  
conducting a campaign to wrest from  
the Southern Pacific a valuable tract  
of land on the coast.

The oil land grab, which was first  
exposed by Heney in the "Oil Land  
Grab" in the United States, is now  
being exposed in the city of Los An-  
geles. Heney, who has gained fame

### Kansas City Man Has a Novel War Record; Love of Game Took Him to Four Sides of the Earth.

St. Louis, Mo., Sept. 21.—A man  
of unusual character, who has been  
known for many years as a "war  
record," is now in the city of Kansas  
City, where he is conducting a cam-  
paign to wrest from the Southern

### SOCIETY WOMEN TAKE DRUGS TO BE SLIM

Dangerous Stuff Reduces Their  
Flesh and Keeps Their Fig-  
ures Up to Requirements of  
Fashion.

Newport, R. I., Sept. 21.—Moore  
now and then it is reported that a  
New York or Philadelphia or Boston  
or Western woman who has been in  
shining light in society here is in bad  
health, and it is the proper thing to  
say she has broken down under the  
strain of her social duties. But it  
is becoming known today that the poor  
health of some of these women has  
been caused by the use of a dangerous  
drug, with which fashionable women  
in Europe first experimented.

Women in Newport have been using  
this drug ever since fashion decreed  
that a truly fair one must be slim,  
slender, fax-like. The drug, which is  
immensely costly, has reduced the  
flesh and consequently the weight of  
its devotees, but it has left them  
weak and flabby, so that they have  
to truss themselves with the most  
approved harness of the toilet. So  
threatening have been the conse-  
quences of using it that these women  
have abandoned the drug; physicians  
are treating them to restore the nor-  
mal tone of their systems, and they  
gladly submit to medical treatment,  
even at the risk of regaining their  
enchantment.

But the use of the drug has had one  
good result. Knowing that it is dan-  
gerous, more and more women are  
reducing their weight and keeping them-  
selves in good condition by proper ex-  
ercise. They rise early, walk, ride,  
take the rails over a good horse, golf,  
play tennis or swim. Riding before  
breakfast is all the rage here at the  
moment, a most healthful fashion in-  
troduced by Miss Constance Warren,  
who leads in all outdoor sports, and  
Miss Adelle Smith, Colgate of New  
York.
