

M'NAMARA'S ENTERPLEAS OF GUILTY TODAY

Following Conference of Attorneys With Prosecutors, Alleged Dynamiters Change Their Pleadings.

LLEWELLYN IRON WORKS CASE ADMITTED

John J. McNamara Admits in Court That He Destroyed the Plant As Had Been Charged By Detectives.

(Associated Press Bulletin to Herald)

Los Angeles, Calif., Dec. 1.

(4:12 p. m.)—Following a secret conference between Attorney Darrow and the district attorney this afternoon, James B. McNamara pleaded guilty to murder in connection with the dynamiting of the Los Angeles Times. He had previously entered a plea of not guilty which he withdrew.

John J. McNamara withdrew his plea of not guilty and entered a plea of guilty to destroying the Llewellyn Iron works.

What caused this sudden change of front on the part of the defense has not been made public at the time the pleas were made.

(By Evening Herald A. P. Leased Wire) Los Angeles, Cal., Dec. 1.—At the opening of court in the McNamara case today, District Attorney Fredericks asked for a continuance until 2 p. m. He did not state the reason, but he never asked a continuance before.

The request was granted. It was rumored that certain Indianapolis developments interested the state, but this could not be confirmed.

Thirty-eight men in the venire panel of fifty were reached with summons and of the number fifteen remained after Judge Bordwell's preliminary examination.

The district attorney's office was completely engrossed in details of the alleged illegal registration of voters and this was given as the reason not only for the inactivity in the Franklin case but for the request for early adjournment of the McNamara case.

Scores and scores of complaints had to be prepared today by the district attorney in connection with the registration, as the election occurs on Tuesday. The alleged election fraud is to be one of the subjects of investigation of the new grand jury and it is supposed that the district attorney's office expected as a result of today's work to furnish two good reasons for the postponing at once of the grand jury—election frauds and bribery attempts in connection with a McNamara ventureman, Franklin was in conference today with his attorney, Henry T. Gage, going over details of the defense to be made at the preliminary hearing Monday. Rumors flew thick and fast that the district attorney's office was investigating a report charging that one of the sworn jurors had been tampered with before entering the box. It was said that a re-examination of the men in the box might be asked for by the prosecution.

This theory gained wide credence and chief detective, Samuel L. Brown, admitted that such a thing was not impossible at this time.

It developed that Larry Sullivan, another of the detainees, occasionally employed by the McNamara defense for special work, was secretly closeted with District Attorney Fredericks today. Sullivan, who guarded Mrs. Orlie E. McNamara, when she was in Los Angeles, is understood, was admonished by the prosecution and subjected to a long interrogation, though what it was about could not be learned.

That District Attorney Fredericks would ask, when court convened at 2 o'clock, a reopening of the examination of one or more of the sworn jurors was the admission made on good authority shortly after noon today. Members of the district attorney's staff unofficially declared that they had been working for some

ANARCHY REIGNS IN WAR SWEEPED TOWNS OF CHINA WHERE PIRATES RULE

West River Outrages Have Been Suppressed by Armed Guards on Boats, but Land Is Being Terrorized Now

BANDITS BOLDLY LOOT A SMALL BANK

(By Evening Herald A. P. Leased Wire) Hong Kong, Dec. 1.—Although the reign of piracy on the West river has been checked by the vigilance of the guards on board the river steamers, the situation on shore is utterly chaotic. In the towns and settlements along the river the most deplorable outrages are frequently occurring. Even in Canton the military regime has proved itself wholly inefficient. For several days armed bands of robbers and hoodlums have gone about Canton looting shops and houses. Today five ruffians, bristling with revolvers, walked boldly into a bank in a southern suburb and got away with \$5,000 in cash. About the same time a band of seven armed natives blundered into the open market and hastily plundered two prominent merchants before the eyes of hundreds of panic-stricken onlookers. They secured several hundred dollars in money and then walked off. The local police, disarmed, watched the spectacle helplessly. Street fighting goes on continuously in all parts of Canton and those killed or injured include many innocent bystanders.

PEARL PRECINCT WAS NOT LEGAL VOTING PLACE

Chief Justice Pope Requests Recorder to Send in Statement Eddy County District Could Not Hold Election.

(Special Telegram to Evening Herald) Carlsbad, N. M., Dec. 1.—At the request of Chief Justice Pope, recorder A. R. O'Quinn is forwarding today, affidavits of Democratic County Chairman Cowan, Republican County Chairman Richards and Deputy District Attorney Woodwell, in which it is declared that Pearl, Eddy county, is not a legally organized voting precinct, and hence there could be no election held there.

This situation, it is believed, makes the proposition a purely technical one for court decision and eliminates any charge of fraud or ill intent on the part of either party to the controversy. Pearl held no election on November 7, but in the Democratic primaries Pearl cast 22 votes, most of them Democratic. It is said.

TAFT INTERVIEW IN MATIN IS DENIED

President's Secretary Issues Statement That Young Frenchman Was Merely Casual Caller.

(By Evening Herald A. P. Leased Wire) Washington, Dec. 1.—Regarding the De Tessan interview in the Paris Matin, the following statement was given, but at the White House by Secretary Hill:

"An alleged interview in the Matin of Paris purporting to quote the president on certain phases of the attitude of the government of the United States toward foreign affairs was brought to the attention of the secretary to the president. Mr. Hill explained that much surprise had been felt at the White House in finding that a gentleman, the cousin of the French military attaché, introduced by the French ambassador, should have thought, without any authorization, to circulate an interview his recollection of casual remarks made by the president in the course of hurried conversations. The gentleman in question was one of a large number received during a busy morning and no interview whatever was authorized."

Francisco de Tessan is a cousin of Count de Chambard, military attaché of the French embassy and was introduced to the president several days ago by Ambassador Jusserand. Mr. Taft talked with the young Frenchman at some length.

(By Evening Herald A. P. Herrick at a banquet at the Union club tonight and shortly after will depart for Buffalo, where a stop will be made tomorrow. The governors were surprised here by a visit from Governor Harmon of Ohio, who came up from Columbus, he said, "To extend a welcome to the visitors." At the chamber of commerce luncheon humorous short addresses were made. Governor Burke, Governor Norris, Governor Hawley, Governor West and Governor Odell were among the speakers. PRECINCT RETURNS ARE COMING IN AT SANT FE

Board of Canvassers Will Take Up Actual Work of Making Count on Monday; Missing Books Are Sent.

(Special Telegram to Evening Herald) Santa Fe, N. M., Dec. 1.—The board which has started the work of canvassing the election returns will take up the counting on Monday, according to a decision reached by the members here today. It is believed that by that time all of the thirty-odd precincts from which no returns had been received will have been heard from. A number of returns came in today. It has been found that where returns had not been sent in promptly they were generally sent by the election officials to the county officials, as in past elections, and hence there was delay in getting them to Santa Fe. The board has completed the work of listing the precincts and is prepared to start work on Monday to secure the official returns for all of the state officers.

NINETY MILLIONS TO BE EXPENDED BY GERMANY ON HER NAVY

SIX YEARS TIME IS ALL REQUIRED

(By Evening Herald A. P. Leased Wire) Berlin, Dec. 1.—A news agency which is sometimes well informed states that an increase of the German navy has been decided on. FIVE YEARS ARE NOT SUFFICIENT FOR NESTERS

Gov. Sloan of Arizona Declares That 15 or 20 Years Would Be More Adequate for Homesteaders to Pay Up

(By Evening Herald A. P. Leased Wire) Chicago, Ill., Dec. 1.—Gov. Richard E. Sloan of Arizona, speaking before the National Water Users association here today declared for a liberal extension of time to homesteaders in paying back to the government the money loaned them to carry on irrigation work.

"The five years that are allowed is far too short," he said. "It should be extended to 20 years or at least fifteen. The five year requirement imposes too great a burden. Settling the land requires many improvements necessitating expenditure of money and with the yearly payments to the government make too hard a struggle for existence to the homesteader."

Fullon H. Sears of Fallon, Nev., president of the association, said the association would formulate a petition to be allowed to take some part in the government's irrigation schemes. "The government has spent about twelve million in irrigation and will eventually spend two billion dollars. As we have to repay this money eventually we wish to have some voice in the spending of it."

MR. TAFT WILL ACT ON TARIFF REPORT AND WILL NOT GO FURTHER

Experts Will Submit Findings to President About Dec. 11, and He Will Base Message on Document.

COTTON FIGURES WILL BE READY LATER ON

(By Evening Herald A. P. Leased Wire) Washington, D. C., Dec. 1.—The much-discussed report of the tariff board on the wool schedule of the Payne tariff and on the wool industry will be in the hands of President Taft not later than December 11. This prediction was made at the white house today following a visit of Chairman Emery and A. H. Sanders of the board. The cotton report will be sent to the white house a few days later.

Mr. Taft spent nearly an hour with the two members of the board and urged them to make all possible haste in the preparation of both reports and the board will work night and Sunday until its work on these schedules and industries are completed.

Mr. Taft's two special tariff messages, one on wool and the other on cotton, it became known, will be more formal documents of transmittal. Under the act creating the tariff board it is not expected to make recommendations for tariff regulations to congress.

Its reports will show the comparative cost of production of wool and cotton in the various states in the United States and abroad, but it will not contain conclusions as to any rates. It is said that in his tariff message, the president does not intend to go any farther than the board.

GOVERNOR ELECT M'DONALD IS VISITOR

He Is Looking Well in Spite of Strenuous Campaign and Says That He Will Fill Office to Best of Ability.

W. C. McDonald, Democratic governor-elect, spent today in Albuquerque conferring with leading Democrats and his many friends here. He is looking fine despite the strenuous campaign and he says he never felt better in his life.

"I consider that it is too early to discuss matters connected with my administration. The canvassing board has not yet completed its work and I believe that it will be time enough for me to talk when the actual work of administration is at hand. When I am finally in office, it will be up to me to act as well as talk. I have only this to say at this time and that is that I will fill the office to the best of my ability and that I believe is sufficient for those who know me. To those who do not know me personally I expect to demonstrate by my official acts, that I have at all times, the good of New Mexico and our people at heart. I hope to see a united New Mexico striving for the best the new state can produce in all lines for we have a great state and a good citizenship, the very best of foundations for a good future."

STANDARD OIL IS SEPARATED INTO THIRTY THREE CONCERNS

Dissolution of Giant Octopus is Made Today in Conformity With Ruling Under Sherman Act.

STOCK CERTIFICATES MAILED TO HOLDERS

(By Evening Herald A. P. Leased Wire) New York, N. Y., Dec. 1.—The thirty-three subsidiary companies into which the Standard Oil company divided after the supreme court decreed its dissolution, began their separate, individual existence today. Some 200,000 new stock certificates containing proportionate shares in these companies were mailed to the 6,900 odd stockholders of the old Standard Oil company of New Jersey. No provision has been made for the elimination of the fractional shares now distributed. The usual Wall street practice of having fractional shares listed on the stock exchange and dealt in until they become consolidated into full shares is not possible in this case, because at present the oil shares in general can not be listed. Brokers said, however, that some plan undoubtedly would be worked out.

Leased Wire) Colorado Springs, Colo., Dec. 1.—Continued decrease in ore shipments from the Cripple Creek district is given as the reason for the temporary suspension of operations by the United States Reduction and Refining company's plant at Colorado City, which will mean the laying off of about 175 men.

PERSIA DECLINES TO ACCEDE TO DEMANDS OF RUSSIANS

After Spirited Debate in Council, Members Decline to Discharge American Treasurer and Pay Indemnity.

CZAR'S SOLDIERS ARE MARCHING ON TEHERAN

(By Evening Herald A. P. Leased Wire) Teheran, Persia, Dec. 1.—The national council has rejected the Russian ultimatum by a big majority. The foreign minister says the vote of the national council on rejection of the ultimatum was cast in open session. A subsequent secret sitting of the members was practically unanimous against compliance.

A cablegram from British Foreign Minister Sir Edward Grey was presented to the assembly during its sitting. The dispatch urgently advised compliance with the Russian demands out some of the members pointed out that England's advice had heretofore only led to Persian humiliation. They believed that Sir Edward Grey had been misinformed and emphatically asserted that Russian injustice had become intolerable. They thought that resistance on the part of the Persian government to the Russian demands would awaken foreign attention and lead to an impartial inquiry. Compliance on the other hand, would be construed as a sign of abject cowardice and would mean national suicide.

Als-Et-Down, former governor of the province of Persia, was assassinated as he was leaving his residence today. Three men participated in the crime. A deputation of members from the national council waited on W. Morgan Shuster before the vote was taken in the parliamentary session. The American treasurer-general begged them to consult only the interests of their country and not to consider him.

The national council registered its refusal to comply with the terms of the Russian ultimatum at 11:45, just a quarter of an hour before the expiration of the time limit of the ultimatum.

In the meanwhile, large, silent crowds thronged around the precincts of the parliament house waiting for the verdict of the deputies. The Russian minister here, M. Pokrowsky Kusiel, notified the Persian government that the Mother Shau-Ka-Sultany and all her property would henceforward be placed under the protection of Russia in compliance with a request which she had telegraphed to the emperor and empress of Russia.

RUSSIAN TROOPS ADVANCE ON TEHERAN St. Petersburg, Dec. 1.—In consequence of the rejection by the Persian national council of the Russian demands, Russia has ordered the Russian troops now concentrated at Reest, capital of the Persian province of Gilan, 16 miles from Khezel, on the Caspian sea, to advance on Teheran.

The Russian ultimatum, of the terms of which the Persian national council has refused to agree, called in the first place for the instant dismissal of W. Morgan Shuster, the American who has for several months occupied the post of Persian treasurer-general. A further demand was for a cash indemnity from Persia to cover the cost of the dispatch of Russian troops to that country.

PRESIDENT TAFT ASKED TO INTERVENE Washington, D. C., Dec. 1.—President Taft was appealed to today by the Persian-American Educational society to use the good offices of the United States government to prevent war between Russia and Persia.
