THINKS CRISIS HAS NOT YET ARRIVED IN MEXICO

President Wilson Does Not Believe Public Mind in United States Is Excited Over Present Situation in Southern Republic.

INTERFERENCE BY MILITARY FORCES IS STRONGLY DENIED

Shooting of Immigration Inspector Serious But Does Not Affect Status; Madero Refugee Reported in Imminent Peril.

Washington, July 28.—Ambassador Wilson immediately after his conference with the president said: "The discussion related entirely to the facts of the situation in Mexico and not at all to any question of governmental policy. All views relative to the situation have been placed in the hands of the president for his consideration."

Secretary Bryan was not present. Ambassador Wilson said that he expected to leave Washington tonight to be away several days. He would not discuss the possibility of his return to Mexico in his official capacity. His departure at this time seems to indicate that he will not appear before the senate foreign relations committee.

Secretary Bryan, who had been expected to leave Washington tonight to be away several days, remained a short time with the president after Ambassador Wilson's departure.

"No policy was discussed at the conference," said Mr. Bryan, "and it is not known when a policy will be formulated, but it probably will be in a very short time."

"The conference was for the purpose of placing before the president all the information available on the Mexican situation. The president will consider the entire subject including whatever recommendations Ambassador Wilson has made or may desire to make."

[By Leased Wire to Evening Herald.] Washington, July 28.—Whether Wilson does not believe the public mind in the United States is excited over the situation in Mexico nor is he convinced that a crisis has been reached in the revolution itself.

This information was obtained in official circles today with an authoritative denial that any proposal looking towards a cooperation between American military forces and the Mexican government for restoration of peace has been suggested.

Those who approached the president today on the Mexican situation found him disinclined to discuss the subject as later he was to confer with Ambassador Wilson.

Secretary Bryan arranged to see the president before the conference. The secretary also continued his residence on Mexican affairs.

It was learned at the White House, however, that reports reaching Ambassador Wilson with having advocated a set of proposals contemplating military cooperation with Mexico or intervention were unfounded. The president has received from Ambassador Wilson a historical account of events in Mexico in the last three years.

The ambassador himself declared today he had not mentioned any remedies on the situation and had not put on paper the plans he had in mind. He reserved, he said, for his personal interview with the president.

Contradictory information has reached the Washington government regarding the stability of the Huerta government. It was said today to be a question of reliability of informants. Officials declined to state what reports were being credited. It was said, however, that in the last ten days there had been little or no change in the status of affairs in Mexico.

The shooting of Charles B. Dixon, Jr., at Juarez, is regarded as a serious incident but its bearing on the general Mexican situation is being minimized by officials here today, as the American demands for investigation and punishment of the offenders apparently were being complied with. At the White House it was said the United States would pursue a course of diligent inquiry into the affair and would insist on summary action.

Secretary Bryan, after a call at the White House, sought information through a conference with President Brown of the Mexican National Railway, on traffic conditions in Mexico

U. S. INSPECTOR WILL RECOVER FROM BULLET WOUND, BELIEVED

Mexican Troops Responsible for Outrage Being Held Pending Inquiry Into Incident.

[By Leased Wire to Evening Herald.] El Paso, Tex., July 28.—Charles B. Dixon, Jr., who was shot Saturday in Juarez by Mexican soldiers, while on official duty as an immigration inspector of the United States, will recover, attending physicians say. He was brought to El Paso Sunday afternoon and is resting well.

IMMIGRATION MEN TO KEEP OUT OF JUAREZ

Upon demand of the United States, the Mexican troops who arrested the inspector on a charge made by a negro whom Dixon was investigating are being held for hearing before the Mexican courts. The negro, Arthur Walker, is also being held.

Dr. J. W. Tappan of the United States public health service who treated Dixon in Juarez, says Dixon was given a clean room and furnished with clean linen and bedding, and proper food by the Mexican authorities while they held him.

Orders have been issued to United States immigration inspectors not to make any more trips to Juarez and the operations of the government's men across the river will cease.

TELEGRAPH OPERATOR OF EL PASO IS MISSING

El Paso, Tex., July 28.—R. C. Kimball, a telegraph operator of El Paso, is missing. The last seen of him he was in jail in Juarez. Three weeks ago he was arrested in Juarez on a charge of creating a disturbance, but was released after interrogations by friends. A week ago he disappeared from El Paso. Today two Americans came over from Juarez and claim they crossed over to Juarez a week ago with Kimball to get some effects he left in Juarez and that all of them were arrested. They said Kimball was taken from their cell several days ago and they have not seen him since. They were released today. Juarez officials claim to know nothing of the case.

GOVERNOR OF YUCATAN ATTACKS GOVERNOR

Eagle Pass, Tex., July 28.—The following statement about Ambassador Henry Lane Wilson today was telegraphed to President Wilson by Governor Valles, of the state of Yucatan, Mexico, now in Piedras Negras, the constitutional provisional capital of Yucatan, having been elected December 19, 1911, and still holding under the constitution and laws of Mexico.

"I am the brother-in-law of Vice President Plan Duques and was in Mexico City with my family during the February revolution when on the 19th it became necessary for me to save my life. My wife subsequently called on the ambassador and he told her that it was necessary she should telegraph me at once and urge me strongly to recognize General Huerta as president of the republic."

Valles' telegram declared that the ambassador threatened him with what would happen if Valles did not recognize Huerta. The telegram also specified other alleged wrongs which the American ambassador in which Valles said Mexicans objected.

SOUTHERN PACIFIC SYSTEM STRIKE HANGS IN BALANCE TODAY

[By Leased Wire to Evening Herald.] San Francisco, July 28.—Whether or not a strike shall be declared against the Southern Pacific by the Brotherhood of Railway Trainmen, and the Order of Railway Conductors, is being decided here today by a canvass of the strike vote completed last week, from the Gulf of Mexico to the Canadian boundary.

The result probably will not be known for 24 or 48 hours. The question at issue is whether suburban trainmen and conductors shall receive equal rating pay and promotion with main line employees. The company wishes to segregate its electric lines, and the men maintain that to do so would put them at a disadvantage by depriving one class of employees of the power of support of their consolidated orders.

WHEELS SILENT IN DEEP WORKINGS OF MINES AT CALUMET

Accumulating Water Reaches Depth of 300 Feet in Bottoms of Deep Shafts Putting Pumps Out of Commission.

QUIET REIGNS IN THE STRIKE DISTRICT

[By Leased Wire to Evening Herald.] Calumet, Mich., July 28.—Only preliminary efforts to open up the copper mines, closed last week by a strike, took place today on the South range. Pumps were started in some of the shafts, but on the deep conglomerate ledge workings of the Calumet and Hecla not a wheel moved.

Meanwhile it was acknowledged that water was accumulating in the mine rapidly, having already reached a depth of 300 feet in the bottom of the shafts and put out of commission the two lower batteries of electrically operated pumps in the Calumet and Tamarack mines, the deepest in the district.

Quiet reigned generally throughout the two counties headed by the strike and brigade headquarters at Calumet because of calls because of rioting. Additional troops were sent to the stations north of here to cover the increased territory given protection by the regulation of the Keweenaw county sheriff yesterday. Saloons, closed Sunday, were permitted to re-open today.

Mine operators of the Superior Copper district prepared today to follow the advice of the militia commanders and resumed operations with every available man of the 15,000 miners who have been idle here since July 23 as a result of the Western Federation of Miners' strike. Because the fires had been banked for the day the work was slow and it was impossible to learn definitely what progress had been made.

The first shots of the strike were fired early today at the Isle Royale mine. A sentry guarding the powder house detected several men approaching the place and fired when they failed to heed his command to halt. The intruders fled and a company of guardsmen scoured the district, but without making any arrests.

TROOPS IN ISLANDS NOT SUBJECT TO INSANITY

[By Leased Wire to Evening Herald.] Washington, July 28.—Insanity among the American troops serving in the Philippines is not prevalent and a common belief to that effect is disproved by figures collected by the surgeon general of the army. The figures show there are more discharges from the army for mental ailments in the United States than in the islands, the figures being 2.78 per 1,000 for the former and 2.19 for the latter.

Unsettling in Lisbon

London, July 28.—A rumor was current in Madrid last night that a series of uprisings had occurred in Lisbon.

The Daily Mail estimates that 1,600 bombs of various sizes have been found in the streets of Lisbon since the organized attempt at bomb throwing was frustrated there July 20.

Met at noon and adjourned at 12:03 p. m., a record short session, because of Republican Leader Mann's filibuster for debate on Camille-Dizig white slave case. FIERCE VENDETTA CLAIMS VICTIM IN CHICAGO SUBURB

Italian, Leaping from Window to Escape Policeman Shot Four Times in Neck and Killed by Feudal Enemies.

SLAYERS ARRESTED AND CONFESS CRIME

[By Leased Wire to Evening Herald.] Chicago, July 28.—A feud which began ten years ago and which is said to have been marked by several previous homicides claimed another victim today in Michael Orsino, at Blue Island, a suburb. Orsino was shot by Michael Blossa and John Sincera, as he jumped from a window to escape policemen who had broken open the door of his room to arrest him on a charge of shooting at Michael Costello, several months ago.

Blossa and Sincera, friends of Costello, lay in wait for Orsino and as soon as he jumped from the window they shot him four times in the neck and back causing instant death. The slayers were arrested soon afterwards, and the Blue Island police say, confessed the shooting.

Michael Costello, whom Orsino is accused of trying to kill but who escaped because his assistant's aim was bad, is said to have killed a brother of Orsino's a year ago. Orsino is survived by a widow and six children.

SENATOR LODGE S GIVEN THE LIE BY WITNESS MULHALL

Renegade Lobbyist-in-Chief Flatly Contradicts Denial Entered by Solon from Massachusetts.

CROSS-EXAMINATION TO BE SEVERE GRILL

[By Leased Wire to Evening Herald.] Washington, July 28.—Less than one thousand of Martin M. Mulhall's letters as a lobbyist for the National Association of Manufacturers, remained to be put into the record when the senate investigating committee met today. Attorneys for the association and the American Federation of Labor, granted the right to cross-examine the witness through the committee, will attempt to shake Mulhall's story before he is turned over to the house lobby committee about the middle of the week.

In January, 1911, Mulhall wrote General Manager Blvd. of the Manufacturers' about the Democratic house: "I am positive we will fare very much better with the incoming Democrats of the house than we have with the present congress. I assured Mr. Emery that if he would select some man we could agree on for chairman of the labor committee, we could have him appointed. I also told Mr. Emery I am positive we will control the judicial committee and its sub-committees and also the labor committee and its sub-committees in the next congress. I am not making this statement until I am fully convinced that those facts can be accomplished."

"What grounds had you for making this statement?" demanded Senator Nelson.

"I can't just recall at the present time. I had broke down about that time," said Mulhall.

"Did you and Emery agree to name any men?"

"No, that I remember."

"But that all the information you can give this committee on a basis of the statements?"

"All at this time. I think the letters will show," said Mulhall.

Frequently in his correspondence Mulhall referred to the "labor lobby."

"Who did you mean by the labor lobby?" asked Senator Nelson.

"Gompers, Morrison and members of the executive board of the federation of labor," said the witness. "I always found them busy. I saw them frequently about the capitol."

Senator Lodge appeared to deny Mulhall's statement that he conferred with him in the summer of 1910. He denied ever having seen Mulhall before the investigation began.

"I certainly am not going to try to contradict what you say, senator," said Mulhall, "but I do say that I had a conference with you in your office."

Mulhall swore that J. H. Michael, one time chief page of the house, came to see him in Baltimore to get \$100 and was to give half of it to Representative McDermott of Illinois. He testified that McDermott later claimed he got only \$75.

Mulhall later wrote the manufacturers' officials about fixing things in the new house.

TARIFF MEASURE WAS CONCEIVED IN HATRED OF PROTECTION

Mishaped and Deformed Thing Brought Forth in the Darkness of Secret Caucus Chamber Says Senator Townsend.

EXECUTIVE PROD IS SEVERELY SCORNED

[By Leased Wire to Evening Herald.] Washington, July 28.—Senator Townsend of Michigan, in a speech in the senate today, characterized the Payne-Aldrich tariff law as "a mishaped and deformed thing in the history of the tariff." He said that the tariff party were formed in "a dark room," that led to the triumph of the Democratic party, giving it an opportunity to write the pending tariff bill which he condemned.

"This bill, Senator Townsend said, "was conceived in hatred of the American policy of protection and brought forth in the darkness of the secret caucus chamber under the professional charge of one who has never had any experience in business statistics. Is it any wonder that the thing is mishaped and deformed? Is it any wonder American progress and prosperity look with disfavor on it?"

Senator Townsend also criticized "executive interference" and caucus domination.

Yet on amendments last week showed many of the progressive Republicans at variance with the remainder of the Republican side on certain items. It is understood now that an agreement was made to substitute the La Follette wool schedule for that which has already been introduced by Senator Smoot and which the latter expects to present as the Republican measure.

In today's conference predated over by Senator Clapp were Senators Borah, Hristov, Crawford, Sterling, Cummins, Kenyon, La Follette, Gronna, Norris and Weeks.

Another conference will be held in a few days and each member will present amendments which he proposes to support in the senate. Senator La Follette outlined substitutes he will propose to the wool and cotton schedules next week which will be an attack on the schedules of the Democratic bill. Senator Kenyon will urge amendments placing on the free list all articles in control of a monopoly, one of them being aluminum. He expects to speak this week on the general policy of free listing all uncontrolled commodities.

Senator Cummins has an amendment to tax all commodities sold through stock exchanges, similar to the cotton futures bill (as included in the Democratic bill). Other progressive Republicans are to propose amendments which the conference will consider.

Eleven Progressive Republican senators tentatively agreed today to support Senator La Follette's wool schedule on wool, cotton and several items of the tariff bill. This marked the first effort on the part of the Progressive Republican element to take a definite stand on tariff revision.
