BLACK TONY SAYS HE MURDERED BANK TELLER

Charles Bender Admits to Police He Shot Omaha Man When He Robbed the Bank.

[By Leased Wire to Evening Herald.]
 Pueblo, Colo., Feb. 7.—According to local authorities, Charles Bender, alias "Black Tony," confessed today to the murder of Henry Nickell, Omaha bank teller. The murder, according to the alleged confession, occurred when Bender with two companions held up a party in Omaha. Bender is said to have admitted killing Nickell himself, while his two confederates made their escape with \$6,000 jewelry and \$200 cash. Bender claimed to have received but two dollars as his share of the crime. He claims not to have seen his accomplices since the holdup.

Bender was arrested here last week and after he had written a letter to Omaha, and tattoo marks on his body had been compared with the description of "Black Tony," the local police began to connect him with the affair. They continued charging him with it until his alleged confession today. Bender was arrested upon the charge of larceny here, preferred by a local hotel, at which place he had been employed as a bellboy last year.

TRIAL OF CAPTAIN OF LINER NANTUCKET BEGINS NEXT WEEK

[By Leased Wire to Evening Herald.]
 Washington, Feb. 7.—The trial of Captain Berry of the Merchants' and Miners' packet Nantucket, charged with negligence in the collision which sank the Old Dominion liner Monroe with a loss of 41 lives a week ago, will begin Wednesday in Philadelphia. Bedford Sargent, local inspector at Philadelphia, will head the trial board, to which David A. Howard, another inspector, has been specially assigned. Assistant Secretary Sweet of the department of commerce, Inspector General Ulmer of the steamboat service, and Commissioner Chamberlain of the bureau of investigation, will attend.

THE GENTLE MORO WOULD MAKE SHORT WORK OF RULE BY FILIPINO

American Government and Control Necessary to Fulfill Obligations to Natives of Islands.

PLAIN TALK FROM GENERAL PERSHING

[By Leased Wire to Evening Herald.]
 Washington, Feb. 7.—The Moro would make short work of the local Filipino government," says Brigadier General Pershing in his latest report as governor of Mindanao today to Secretary Garrison.
 "The actual relations between them are such that any attempt at Filipino government would lead only to rebellion and disaster. Peace in the Moro province can be maintained only by a continuance of American control. If we are to honestly carry out our obligations to the tribes who have yielded to our authority and who expect us to guide them to something better; then the entire island of Mindanao should be governed and controlled permanently by American officials and under American sovereignty."
 The administration's Philippine government policy has not yet been worked out far enough to indicate how far the general's views are shared in Washington.

URGES REMOVAL OF HIGHWAY SYSTEM FROM PARTISANSHIP

[By Leased Wire to Evening Herald.]
 New York, Feb. 7.—James W. Osborne, Governor Glynn's graft investigator, in a formal statement today said he would "recommend the removal of the whole state highway system from the field of party politics."
 "It ought to be done," he declared, "at the earliest possible moment before we spend a dollar of the new fifty million fund. Many millions of dollars have been all but wasted through the alliance of contractors and politicians."

Some Swindler.

New York, Feb. 7.—Lorenzo B. Adams, arraigned before the United States commissioner as a mail swindler, had, according to the charges of the police inspectors, developed his art to such a degree that his victims were not individuals, but corporations. He was accused of swindling the promoters of newly formed stock companies out of \$100,000 by selling them a worthless service whereby he promised to exploit and sell their securities.

ARCHITECT PLEASSED WITH HIGH SCHOOL

Henry Frost, head of the firm of Frost & Frost of El Paso, designers of the new high school building, is in the city for a short stay with George P. Hill, the firm's local representative. Mr. Frost came especially to see the progress of construction of the high school, which he says is progressing splendidly. He considers the building one of the most perfect of its kind in the country. It was planned after a careful study by the firm of what are considered the model school buildings of the middle west, and combines the good points of all of them.

SENATE VOTES TO CONTINUE PROBE INTO NEW HAVEN AFFAIRS

Interstate Commerce Commission Directed to Continue Investigation of Conduct of Big Railroad.

THIRTEEN RAILROADS APPEAL RATE CASES

Commission Begins Work of Finding Out Whether United States Steel Received Illegal Rebates.

[By Leased Wire to Evening Herald.]
 Washington, Feb. 7.—Senator Norris' resolution directing the interstate commerce commission to continue its investigation of the New Haven railroad affairs was passed today by the senate today in a modified form. The modification specified that the commission need not duplicate any of its previous work and leaving it to the discretion of the commission whether its previous investigation had developed all the information it desired. Commissioner Prouty, who made the first investigation, recently declared he could see little to be gained by further work by the commission but that something might be brought out by a committee of congress.
 This information was called for by the resolution:
 "What became of the funds of the New Haven invested in various enterprises and corporations mentioned in the recent report of the interstate commerce commission?"
 "Whether the person or persons authorizing investment of those funds and the person or persons receiving the benefit are liable to punishment under existing laws?"
 "Whether under existing law these funds can be recovered on behalf of the stockholders of said company?"
 "What legislation, if any, is necessary to prevent the recurrence of similar transactions?"
 Attorney General McReynolds takes the view that any prosecutions for financial operations of the New York, New Haven and Hartford railroad must come under state laws, not federal statutes, according to a statement in the senate today by Mr. Newlands of Nevada. The attorney general's position was reported during debate when the Norris resolution to direct the interstate commerce commission to reopen its investigation of New Haven's affairs was taken up.
 Senator Lodge declared the investigation should be made of the manner in which Speyer and company, New York bankers, floated Frisco railroad system securities in Paris.

THIRTEEN RAILROADS APPEAL RATE CASES

Kansas City, Feb. 7.—Judge Smith McPherson today signed the railroad's appeal in the Missouri two-cent passenger and maximum freight rate cases. This action, according to counsel for the railroads, leaves it for the United States supreme court to determine whether issues involved in the Missouri rate cases may properly come before that tribunal for review. The United States supreme court in a decision last summer upheld the constitutionality of the Missouri railroad rate laws.

TO FIND OUT IF STEEL MUST RECEIVE REBATES

Washington, Feb. 7.—Investigation of whether the United States steel corporation has received illegal rebates from railroads during the last six years was begun today by the interstate commerce commission, by the issue of a formal order for hearings under the recent resolution adopted by the senate. Dates for hearing will be announced later.
 Formal notice of the investigation was served today.

THIRD ORGANIZED BASEBALL CLUB FOR CHICAGO?

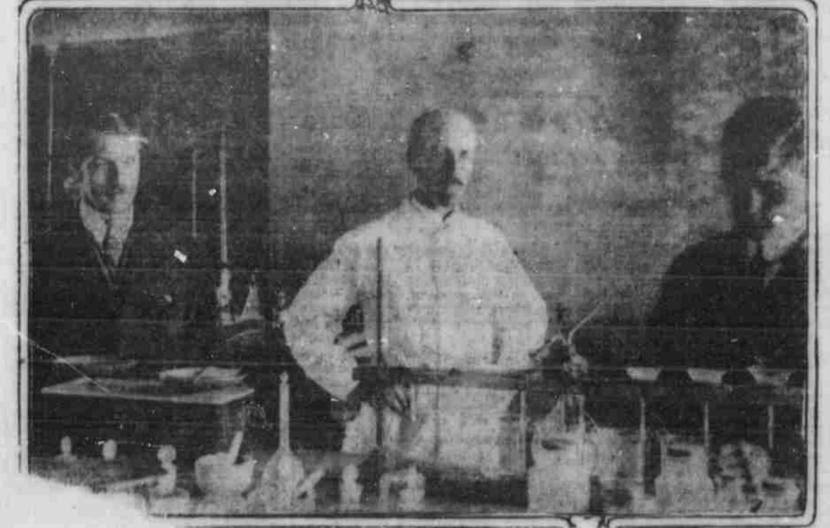

Important Question Comes Up Before Joint Conference of National and American Leagues.

[By Leased Wire to Evening Herald.]
 Chicago, Feb. 7.—Establishment of a third organized baseball club in Chicago will be a question before the joint meeting of the National and American leagues in New York February 12, it was made known here today. It was said that Charles Weeghman, backer of the Chicago Federals, would buy the St. Paul Association club if its franchise could be transferred to Chicago. These reports persisted in spite of denials by both Weeghman and James A. Gilmore, president of the Federals.
 Stan Johnson is said to be in favor of bringing the St. Pauls here, while President Murphy of the Chicago Nationals is against it, it is said. According to the reports Johnson also wants to move the Toledo American Association club to a city where it will be in competition with a Federal club.
 While Gilmore insisted today that there was no question of Toronto remaining in the Federal league, other Federal league officials here for the meeting today, officials here for the meeting today.

TO LIMIT CATCHER TO A BOX FOUR FEET IN WIDTH

[By Leased Wire to Evening Herald.]
 Chicago, Feb. 7.—A rule limiting the catcher to a "box" four feet in width will be suggested by Umpire Henry O'Day at the baseball rules meeting in New York next Monday as a means of preventing the intentional base on balls. O'Day, who is one of the National league's representatives for the meeting, believes that a pitcher will have difficulty in "pitching out" or beyond the reach of the batsman's club, if the catcher is compelled to stand practically behind the plate. O'Day will try to get a ruling en-

[By Leased Wire to Evening Herald.]
 New York, Feb. 7.—The intercollegiate football rules committee decided today that hereafter coaches should be barred from the side lines. This was the most radical change in the rules adopted at the meeting today, which was one of the shortest in the committee's history.

Germany Enters Balloons

New York, Feb. 7.—Three balloons have been entered by the Imperial Aero club of Germany in the Gordon-Bennett race, which is to start from Kansas City next October, according to a cable message given out today by the Aero Club of America.
 This is the first entry received for the race. It is expected that all the eighteen countries forming the International Aeronautical Federation will send three balloons each.
 In addition to the Gordon-Bennett trophy, which was won by the Americans in 1913, the Aero Club of Kansas City, it was announced, has offered \$7,200 in prizes to be divided among the first seven winners.

BUSINESS COLLEGE BEATS INDIAN SCHOOL

The Albuquerque Business college basketball team defeated the Albuquerque Indian school team in the national guard armory last night by a score of 25 to 18 and after a hard fought contest throughout. The first half ended 12 to 2 in favor of the Indians, but fast play by Leese and Neber of the college team won for the business boys in the last division.
 The eighth grade team defeated the congressionalists by a score of 9 to 2, having an 8-3 victory.

AMERICANS GIVEN DEFERENCE BY BRITISH IN HAYTI SITUATION

Washington, Feb. 7.—Dominant interests of the United States in Haiti are expected to cause the British naval commander at Port au Prince, who ranks Captain Russell, of the battleship South Carolina, to defer to the leadership of the American commander in any steps that may be taken. If the situation were to become more serious an American fleet admiral might be sent.
 Execution of several persons by the revolutionists at Cape Haitien Thursday night is reported. Theodore has consented to the landing of Monplaisir and sixteen men at Cape Haitien and Durillon left there yesterday with twenty followers.
