WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine. "I hope other suffering women will try your Compound. I will recommend it to all I know."—Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner? If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound. Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

300,000 WOMEN OF KANSAS CASTING VOTES TODAY

Fourth Statewide Primary Made Interesting by First Tryout of General Female Suffrage.

Topeka, Kan., Aug. 4.—Kansas is holding its fourth state-wide primary today. Women are voting for all offices for the first time. The names of 200,000 women are on the roll books and they are represented by several state and congressional candidates. The women's organizations have forced every candidate to declare himself on national prohibition and national suffrage. Congressman Victor Murdock of Wichita is the progressive candidate for the United States senate and Henry J. Allen heads the ticket for governor. Senator Joseph L. Bristow is having strong opposition in the Republican primaries in his effort to return to the United States senate. Charles Curtis of Topeka and A. M. Harvey of Topeka and H. B. Tucker of Kansas City oppose him. The Democrats have a seven-cornered contest for the senatorial nomination. George H. Hodges has no opposition for re-nomination as a Democratic candidate for governor, nor has Arthur Capper of Topeka for the same office as a Republican.

Republicans Meet in Denver.

Denver, Aug. 4.—The Republican state assembly met here today to endorse candidates for senatorial and various state offices who will make the race for the party nomination at the primary election early in September. In his address as temporary chairman, C. A. Ballreich, reviewed Colorado's industrial conflict and commended Governor E. M. Ammons for his efforts to maintain law and order. He said: "When the next picture of Colorado has been painted and the tubes laid away, the picture of the little blind governor will stand out as the only Democrat of his administration who stood for the maintenance of law and order. He did the best he could. He was our only constitutional bulwark." Ballreich declared that today's assembly "must rebuke the Democratic party for insulting Governor Ammons last week in its state assembly." His reference to Governor Ammons was greeted with applause. Temporary organization was effected and the assembly took a recess until after noon.

General Primary in Oklahoma.

Oklahoma City, Aug. 4.—Oklahoma voters today are choosing candidates for United States senator, eight representatives in congress, all state officers, one-half of the upper and all of the lower house of the state legislature. More than 900 persons are candidates for the various offices. Interest centers in the Democratic gubernatorial race, with six aspirants. United States Senator Thomas P. Gore, candidate for re-nomination, is opposed by Samuel W. Hayes, of Chickasha. When the next picture of Colorado has been painted and the tubes laid away, the picture of the little blind governor will stand out as the only Democrat of his administration who stood for the maintenance of law and order. on behalf of Belgium. The British government is also informed that the German government has delivered to the Belgian government a note proposing friendly neutrality pending a free passage of German troops through Belgium and promising to maintain the independence and integrity of the kingdom and its possessions on the conclusion of peace, threatening in case of refusal to treat Belgium as an enemy.

Sir Edward Grey, the British foreign secretary, has received an answer within twelve hours. Premier Asquith then read a telegram from the German foreign minister, which the German ambassador in London had sent to Sir Edward Grey today. It was as follows: "Please disbelieve any distrust that may subsist on the part of the British government with regard to our intentions by repeating most positively the formal assurance that even in case of armed conflict with Belgium, Germany will under no pretensions whatever annex Belgian territory."

The premier continued: "We understand that Belgium categorically refused to assent to a flagrant violation of the law of nations. This majesty's government was bound to protest against this violation of a treaty to which Germany was a party in common with England, and must request an assurance that the demand made on Belgium by Germany be not proceeded with and that Belgium's neutrality be respected by Germany, and we have asked for an immediate reply."

"We received this morning from our minister in Brussels the following telegram: "The German minister has this morning addressed a note to the Belgian minister for foreign affairs, stating that as the Belgian government has declined a well intentioned proposal submitted to it by the imperial German government, the latter deeply to its regret will be compelled to carry out, if necessary by force of arms, the measures considered indispensable in view of the French menace."

A BILLION FOR CONFLICT WAR LORD DEFENDS COURSE

Berlin, Aug. 4.—A bill was introduced in the German imperial parliament today providing for the appropriation of \$1,250,000,000 to meet the expenses of the war. Emperor William opened the imperial parliament in person today. He delivered a speech from the throne which was partly as follows: "The present situation arose not from temporary conflicts of interest or diplomatic combinations, but is the result of ill-will existing for years against the strength and prosperity of the German empire. We are not pushed on by the desire of conquest. We are moved by the unbending desire to secure for ourselves and those coming after us the place on which God has put us. My government and, above all, my chancellor tried until the last moment to prevent the worst happening. In enforced self defense, with clear conscience and clean hands, we grasp the sword. To the peoples and races of the German empire, my appeal goes forth to stand together fraternally with our allies in defense of that which we have created in peaceful work."

WAR IN DECLARED PROCLAMATION TO FRANCE

Paris, Aug. 4.—The French minister of war today issued the following note: "The German ambassador has demanded his passports and diplomatic relations between France and Germany have been broken off. "War is declared. The first act of the Germans, according to information from a positive source to the minister of war, was to execute M. Sarraute, former president of the French war society, who lives in Metz, and to imprison all the members of that society. The French government intends to introduce into parliament today several bills to meet the expenses of the war and to regulate business. One of the measures will authorize the Bank of France to increase its note issue to \$2,400,000,000. On July 29 the notes in circulation amounted to about \$1,240,000,000. This measure is to exempt the Bank of France from paying out coin in exchange for its notes—in other words, as the semi-official summary of the bill says—"to authorize the institution of forced currency."

GERMANS INVADE FRANCE ALL ALONG THE BORDER

Paris, Aug. 4.—The Germans have penetrated French territory at two points. They first entered Longleville, in the department of Meurthe-et-Moselle, a part of old Lorraine, near Longwy, and later invaded They-sur-Veronne in the same department. The German entry into the Duchy of Luxembourg was headed by thirty-five automobiles, filled with officers, these being followed by cavalry in force. Several fresh violations of French territory by German troops were reported today. Detachments visited outlying farms at Lepuis near Belfort and requisitioned cattle.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance. Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death. Medicines smothered me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken. I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

JAPAN PREPARED TO STAND BY ENGLAND

Tokio, Aug. 4.—A proclamation issued today by the Japanese government reads: "We are not pushed on by the desire of conquest. We are moved by the unbending desire to secure for ourselves and those coming after us the place on which God has put us. My government and, above all, my chancellor tried until the last moment to prevent the worst happening. In enforced self defense, with clear conscience and clean hands, we grasp the sword. ment expresses anxiety as in the European situation and hopes for the speedy restoration of peace. It points out Japan's desire to remain neutral in the war, which it hopes will not extend to other parts of the world. "However," it says, "should England participate in the hostilities and the purposes of the Anglo-Japanese alliance be threatened, Japan may be compelled to take the necessary measures for the fulfillment of its obligations."

AUSTRIAN FORCES DEFEATED IN ASSAULT ON SERVIA

Paris, Aug. 4.—A report to the Temps says a large force of Austrians have been defeated by the Serbs and driven back with heavy losses. The regiments of Austria infantry comprising nearly 10,000 men supported by heavy artillery advanced against the Serbians, but were repulsed, leaving many of their number dead and wounded on the field. A large force of Austrian troops, aided by a flotilla of 20 monitors, has been trying for the last six days to cross the river Save into Serbian territory but has not succeeded in landing.

"FATHERLAND IN DANGER" SAYS BELGIAN KING

Brussels, Aug. 4.—King Albert, of the Belgians, presided today over a joint session of the Belgian senate and chamber of deputies. In the course of an address his majesty declared that since the outbreak of the war a grave situation confronted a neutral nation. He said it was imperative that every Belgian should do his duty and resign himself to every sacrifice that might be necessary in order to prevent the violation of Belgian soil. The king proceeded: "Our fatherland is in danger. Let me make an appeal to you my brothers. At this supreme hour the entire nation must be of one mind. I have called together the two houses of parliament so that they may support the government, declaring that we will maintain unshaken the sacred patriotism of our fathers. Long live independent Belgium."

STILL GUESSING AT THE WILHELM'S DESTINATION

New York, Aug. 4.—The destination of the steamer Kronprinz Wilhelm of the North German Lloyd line, which left this port last night with a cargo of coal and miscellaneous stores, was a subject of speculation in marine circles today. The steamer, after clearing Sandy Hook, had only her running lights burning and was headed in a southerly direction instead of northeastward, which is the usual course for steamships bound for Europe. The southerly route taken and the fact that the steamer had about 2,000 tons more coal than she would need to cross the Atlantic, besides sea stores, led to reports that she was going to sea to transfer supplies and fuel to the German cruisers Dresden, Surabaya, and Karlsruhe, which have been reported as hovering in American waters. The departure of the Wilhelm, it was feared in some quarters might involve the United States in a neutrality controversy but authorities agreed that gross negligence would have to be shown; also that the ship carried war materials.

GERMANY SERVES NOTICE OF "STATE OF WAR"

Washington, Aug. 4.—The German embassy served notice on the United States today that a "state of war" exists between France and Germany. It is tantamount to a declaration of war but technically different. The notice from the German ambassador at Newport is practically the same as the announcement in Berlin last night by the German premier, in which he sought to place on France full responsibility for the beginning of hostilities. The notice justifies the United States and other neutral countries in their neutrality and sets in motion all the legal machinery necessary to compel the German government itself to proceed as in the case of an actual declaration of war. The only difference noted here between the two forms is that "the state of war" announcement still leaves the German government of liability for the initiation of hostilities such as would be carried by the issuance of a formal declaration of war, a point which will figure largely in the negotiations which close hostilities in the end.

of night, each deck and every part hole was blanketed with canvas so that not a gleam of light betrayed her whereabouts. Her four stacks had been tipped with black paint so that she resembled an English steamship. The Kronprinzessin Cecile left New York early last Tuesday morning bound for Bremen via Plymouth and Cherbourg. She had 230 first class, 130 second class and 734 steerage passengers. Friday night while a dance was in progress, one of the passengers noticed that the position of the moon had unaccountably shifted to the port side of the ship. Before the significance of this was realized the captain called the men into the smoking room. "Gentlemen," he said, "war has been declared between England, France, Germany and Austria. We are going back to America. We have enough coal for our return home and it is my earnest hope that we shall not be intercepted by foreign war vessels."
