no change from thirty stations in Iowa. The same relative advance applies to Florida as to Chicago.

From Iowa stations to Minneapolis the advance on wheat is 3 cent from 132 stations, while there is no change at all from forty stations. The advance on coarse grain is 33 cent from 134 stations while there is no change from twenty-four stations.

From Iowa to St. Louis there is an advance of 9 cent from 118 stations on wheat and no change at all from forty stations, while the advance on coarse grain is 34 cent from 124 stations and no change is made at all from thirty stations. From Iowa to Kansas City, the advance on wheat averages 74 cent from thirty-one stations and on coarse grain 1.23 cents from 123 stations. No advance is made from thirty-six Iowa stations on coarse grain to Kansas City.

Townsend's cross examination was brief. A. E. Helm, counsel for the Kansas public utilities commission, wanted to know why the rates were advanced on grain from some stations and not from others.

"Some of the rates were out of line with others and we want to adjust them," replied Townsend.

In answer to further questions, the witness said the proposed increase from Iowa to Chicago, Florida and St. Louis would be on paper only as there would be no actual shipments.

Negro in Indianapolis Case
Tells How He Got Easy
Money. Women Only Check
on Election Frauds.

Indianapolis, Ind., March 22.—Lawrence Watkins, a negro, testified in the Terre Haute election fraud cases today that he earned \$47 by voting and "shooting craps with other repeaters" in Terre Haute last election day. He voted about nineteen times, he said.

That the Democratic vote in the sixth ward of Terre Haute would have been much larger if the women watchers had not been present was declared from the testimony of a number of negroes who told of their successes at repeating. Several witnesses testified to being turned away from the polls by women.

Sheriff Dennis Shea instructed Walter Barrett, "to start an argument or anything else to get William Horsley away from the polls" just election day, according to testimony by Barrett today. Shea is a defendant and Horsley was the Republican candidate for prosecutor, Barrett, although he testified he voted a number of times and received money from Shea and Mayor Roberts of Terre Haute, was not among the 124 indicted. Barrett testified that he went to precinct H and voted but had no trouble with Horsley.

ALLEGES INDIANAPOLIS
FEDS HAVE BLOWN UP

Indianapolis, Ind., March 22.—Alleging that the Indianapolis Federal league baseball club is insolvent, Piny W. Bartholomew, former judge of the superior court and a stockholder, brought suit today to place the club in the hands of a receiver. He alleges that in addition to an indebtedness of \$75,000 the club is indebted to the stockholders for the non-payment of six per cent dividends on \$50,000 worth of stock.

Judge Bartholomew alleges that the club is losing money every day. He further alleges that he "has been informed that the corporation controlling the club is about to dissipate its assets by transferring the club to unknown parties without providing for the payment to its stockholders of sums already due them. The case will be heard tomorrow.

LITTLE BELGIANS
SEND THANKS TO
THE PRESIDENT

Grateful for Food Sent by
Americans. Twin Children
Write Letter of Apprecia-
tion to Mr. Wilson.

Washington, March 22.—An exchange of letters between President Wilson and two little Belgians in Brussels, in which the children thanked the president for food sent by Americans and the president expressed his appreciation of their gratitude, was made known today at the White House. The children, twins, nine years old, wrote as follows:

"Dear Mr. Wilson: Thank you very much for the good bread. The poor people in our villages were starving, for they had nothing to eat, but now that you have sent over to our dear little country a big provision of wheat both rich and poor can live—thanks to the Americans.

"Best love and wishes from little Pummy Deshoelberch."

Pummy's brother added the following note:

"I join in with my sister in thanking you, too, for it is jolly good bread, enough to satisfy any school-boy's hunger."

In reply the president sent the following letter by his own handwriting: "My dear little friends: Your letter touched me very deeply and I thank you for it, with all my heart. It makes me very happy to think that what generous Americans have done to relieve the hunger and distress in your country has brought you the help you needed and given you a little happiness in the midst of these terrible days of war. I hope that you will grow up to be strong to do the work that will have to be done in the days of peace that are coming. It would be a great pleasure to me if some day I might see you both when those happier times have come.

(Signed) "WOODROW WILSON."

NO EXTRA SESSION
OF CONGRESS
IN SIGHT

Formal Announcement From
White House that President
on Possible Contingency
Which Will Result in Call.

Washington, March 22.—Formal announcement was made at the White House today that at present President Wilson has no intention of calling an extra session of the senate or of congress before the beginning of the regular session next December. It was said that the president sees no prospects of any contingency arising which would cause him to alter his present intention.

CHILDREN LEFT ALONE
BURNED WITH HOME

Provo, Utah, March 22.—Three young children of Mr. and Mrs. Christian Riding were burned to death in bed last night when the parents were at church on Provo Beach, near here. Two other children of the family escaped from the house. The five children were put in bed and a lamp left burning in the room.

SCOTT ON WAY TO
RAILROAD WITH INDIANS

Denver, Colo., March 22.—Dispatches today said General Scott and his four Indian prisoners, Tee-Negat, Old Polk, Chief Posey and the latter's son, were between Monticello and Moab, Utah, traveling overland. They are expected to reach Thompson tonight. From there they will proceed to Salt Lake City by railroad. United States Marshal Nebeker is with the party.

MOTORCYCLISTS PAY
\$75 TO BOY THEY HIT

Compromise judgment in the case of Augustin Samora, by Rogasiano Samora de Garcia, his mother, and Rogasiano Samora de Garcia against John Seth and E. S. Furman was entered in the district court today. Seth and Furman, riding a motorcycle, ran down young Samora recently, and he sued for damages. They settled with him and his mother for \$75.

EVERYBODY ORDERED
TO PREPARE FOR
CLEAN-UP

Annual Spring Tidying of
Yards and Grounds Will
Start Next Week. House-
holders Must Pay Haulage.

Next Monday will mark the beginning of clean-up week, Mayor Boardman in announcing the cleanup dates, announced also that householders will be required to pay for hauling away the rubbish. Last year the city paid for the hauling, but the city officials have decided that there is no equity in that arrangement. Certain people, with pride in their surroundings, pay for the hauling away of rubbish and filth throughout the year, and it is deemed decidedly unfair to those people that others should have their accumulations of trash hauled away for nothing.

Everyone is expected to have his yard cleaned up when the scavenger wagon reaches it. It will be announced in a day or two just where the scavengers will be on certain days. Sufficient notice will be given to enable householders to get their places cleaned up.

Sanitary Officer Tom Morrin will distribute clean-up warnings throughout the city this week.

The clean-up will cost householders about 10 cents a tub. Last year, when the city paid the bill, the municipal treasury shrank \$300 as a result of the campaign. The treasury couldn't stand any such tapping at this time.

Governor Tells

(Continued from Page One)

ends the office.

On the Tax Commission. Of the tax commission measure the governor said:

"House Bill 327 is the tax commission bill. Time alone will tell what the result will be. We may be able to get under this law. Whether it can be properly used to obtain a just valuation of all property in the state is not only doubtful but I am of the opinion that this cannot be done. This law seemed to be absolutely necessary at the time we had no state machinery that could be used for any equalization and adjustment of tax values.

"The failure of this bill and the attempt to obtain anything better at this time would have resulted in confusion throughout the state as the putting that machinery into operation would have been so short that the result would have been inevitable for this year at least.

"If the law fails to accomplish what is desired and what its sponsors declare it will do in obtaining revenue for the state as well as a more equitable assessment of property, the course then to be pursued will be to explain that no one may be deceived or will there be any doubt as to what will have to be done."

CHRISTIAN SCIENCE
LECTURE FRIDAY NIGHT

William H. Rathvon, C. S. B., of Denver, Colorado, will lecture on Christian Science in the high school auditorium Friday evening, March 26th at 8:15 p. m. Mr. Rathvon is a member of the board of lecturership of the First Church of Christ Scientist of Boston, Mass.

FOREIGN MARKETS
BADLY RATTLED TODAY

New York, March 22.—Various foreign money markets were again very much disturbed today, exchange between New York and London falling to its lowest quotation of a generation or more, which was made last month. The decline was followed by heavy drafts by our bankers upon the gold holdings of the Bank of England at Ottawa, \$3,500,000 being taken from that source and making a total return movement to this country of \$13,500,000.

Exchange on Paris moved to its highest figures quoted since the outbreak of the war, which actually means that the purchasing power of French money in this market is smaller than at any time within the period mentioned. In explanation of this decline it was believed that the French government or private interests in that country had made further large purchases of supplies here and that enormous amounts of French bankers' bills were pressing for sale.

VILLA SAYS REASON
FOR TAX IS THAT
HE NEEDS THE MONEY

Washington, March 22.—General Villa at Monterey has explained to the American consul there, Secretary Bryan today announced, that the purpose of his tax upon foreigners and others was for the relief of the destitute and poor.

In consideration of the relief rendered by the American Red Cross, Americans were not taxed. Only a few foreigners were taxed, some modestly and others not at all, the general explained.

Villa stated that measures would be taken to keep food prices low as possible. The city was reported quiet.

Fire in a tent house at 824 North Eighth street called out the firemen of the central station at noon today. The blaze was chiefly in the fine and it was extinguished before it did much damage.

Supreme Court in Recess. Washington, March 22.—The supreme court today recessed until April 5th.

Indian School to
Have a Big New
Building

Appropriation of \$25,000 for
Gymnasium and Assembly
Hall Available. Perry Gets
Word from Washington.

Authority has been received from Washington by Superintendent Reuben Perry, of the Indian school, to proceed with the construction of the new gymnasium and assembly hall, for which \$25,000 was appropriated last year by congress.

The building of the gymnasium and assembly hall was not affected by the failure of congress to appropriate this year. A misunderstanding of conditions has led to an idea in some quarters among the public that congress failed to provide for the building. The money was appropriated in 1914, and the failure of congress at the last session to pass an Indian bill left the appropriation unaffected.

In putting up the new building the \$25,000 will be spent exclusively of carpenter work. The carpenter work required will be done by the pupils of the school.

ORDERLY ELECTION
IN MEXICO ONLY
ONE TO WIN

Washington, March 22.—Recent events in Mexico have not changed President Wilson's determination not to recognize any government which is not the result of orderly elections. Various reports of efforts to induce the United States to recognize General Villa were met at the White House today with the statement that the president's policy was unchanged and that he had no intention of departing from it.

CASCARETS FOR
YOUR BOWELS IF
HEADACHY, SICK

Tonight! Clean Your Bowels and End Headaches, Colds, Sour Stomach.

Get a 10-cent box. Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passage-way through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, regulate the undigested, sour food and foul gases, take the excess oil from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never lose their heads. Biliousness, Sour Stomach, Indigestion, Sour Stomach or Constipated Bowels, Cascarets bring in every household. Children just love to take them.

MORTUARY.

Funeral of Mrs. Apodaca. The funeral of Mrs. Reina B. Apodaca, who died on Saturday, will be held tomorrow morning at the Sacred Heart church at 8:30 o'clock, leaving the family home at 9 o'clock. Burial will be in St. Joseph's cemetery. Mrs. Apodaca was 51 years of age and death resulted from cancer. She is survived by her husband, Fidel Apodaca, and by one daughter, Mrs. Itensio Salazar, of this city.

NEW MANAGER OF
LIGHT COMPANY
TAKING HOLD

Formal Change in Heads Before
End of Week, Van
Deinse Going to Springfield.
Praise for Southard.

Change in the management of the Albuquerque Gas, Electric Light & Power company, necessitated by the promotion of Anton F. Van Deinse, the present manager, to be head of the Springfield, Mo., plant of the Federal Light and Traction company, will take place before the end of the week. S. P. Southard, head of the Las Vegas plant of the Federal company, who has been appointed successor to Mr. Van Deinse, arrived here Saturday night. The exact date for the change has not been fixed, but some time before the end of the week it is expected that Mr. Southard will take over active charge of the local company, while Mr. Van Deinse will proceed to Springfield to prepare for taking hold there.

C. H. Nichols, assistant general superintendent of the parent company, arrived here yesterday from Arizona. Today he and the two promoted managers held a three-cornered conference in connection with the beginning of what will constitute Mr. Southard's introduction to his new field here. Company matters here, in Springfield and in Las Vegas were discussed. Mr. Nichols and Mr. Southard were Mr. Van Deinse's guests at lunch.

Throughout the business district regret is general over the departure of Mr. Van Deinse. His management of the company's business has been such as to make friends for the corporation as well as himself, and his activity in civic matters has been of a character to make the moving spirits of the Commercial club and the Retail Merchants' association feel that with his going they will lose a valuable fellow worker for the development of the city.

Officials of the Federal company say that Mr. Southard a worthy successor to Mr. Van Deinse in every way has been provided.

Mr. Southard comes to Albuquerque from Las Vegas with the reputation of being the liveliest booster of the Meadow City. During his residence at Las Vegas Mr. Southard was identified with all movements for the benefit of the city and at all times he gave his sincere co-operation to its betterment.

Mr. Southard was elected president of the Las Vegas Commercial club last year, and during his administration that organization prospered and is now doing more good for Las Vegas than ever before.

As the manager for the Las Vegas Light and Power company and the Las Vegas Traction company, Mr. Southard gained high reputation with the officers of the Federal company, in a recent competitive sales contest Mr. Southard captured first place, though he was practically in a new section.

CITY VIGOROUSLY
TO FIGHT APPEAL
FROM SPEED FINES

A. B. McMillen and George Roslington have perfected their appeal from conviction for speeding in the city court, and both cases will be reviewed by Judge Reynolds to the district court. City Attorney Thomas Wilkerson has been instructed to combat both appeals.

Mr. McMillen was fined \$10 and \$5 was Mr. Roslington. The former addressed Judge Craig for the better part of an hour to denounce the law against speeding, which he said was ridiculous and unreasonable.

Velvet Joe on "Rheumatics"

AMPUTATION is a
pretty shore cure for
rheumatics, but it
ain't recommended much.
The patient might miss
the leg sometime.

THERE are ways and ways
of taking the "bite" out of
tobacco. But there's one way
to make tobacco cool and mel-
low, and still leave all the true
tobacco taste and fragrance in
it. That's Nature's way—the
VELVET way.

When the best of Kentucky's Burley has received two years' careful curing, it takes on an aged-in-the-wood mellowness and becomes VELVET, The Smoothest Smoking Tobacco.

If you are "breaking in" a pipe, let VELVET'S mellowness "season" it. If your pipe is already "broken in," let VELVET bring out the best that's in it.

PRUDENT MOTHER
MAKES DAUGHTER
OF FIFTEEN WED

A marriage was arranged at the police station today between an Indian girl 15 years old and an Indian girl 15 years old. The girl's mother told Chief McMillin about them. She went home yesterday afternoon, she said, and found the two growing ardently. She decided they ought to get married, lest worse befall. So she saw the chief about it, and he sent for the boy, and so they were married and are expected to be happy ever afterward.

PEEVISH WAGON-DRIVER
TILTS AT PASSING AUTO

Hinting wreck in order to vent his spite, the driver of a wagon turned his rig into her automobile on the North Fourth street road yesterday, according to a report made by the police by Mrs. W. C. Keim. The incident occurred outside the city limits so that the police could take no official cognizance of it.

According to Mrs. Keim she caught up to the wagon and honked for passage from. The driver, she said, acted like a road hog, and she was compelled to go by with a very narrow margin. She protested against the "road hog" attitude as she went by, and she alleges that the wagon driver deliberately swung his team into the side of her car. A fender was damaged.

COUNCIL SESSION
FOR PUSHING ON
NEW ORDINANCES

There will be an adjourned meeting of the city council tonight, the chief object of which will be to push on three ordinances.

A new sanitation ordinance and a sidewalk ordinance have already been passed on one reading, and an ordinance requiring automobilists to dim their headlights in the city will be offered for passage on first reading. The dinner ordinance was read at a recent meeting of council and referred to the ordinance committee.

The new sanitation ordinance is designed to take the place of the one destroyed void by Judge Craig in the Murphy case. It provides for the establishment of sanitariums in the city, but requires a permit from council before any such institution may be maintained.

THE MAN WHO CAME
BACK FROM THE WAR
ON TUBERCULOSIS

By special arrangement and through the courtesy of local Modern Woodmen, the Crystal theater has booked a reel of 1,040 feet, featuring Robert Wilson of Missouri, in a true and realistic film story of his part in the present war—not of bloodshed—but in the fight against and conquest of that menacing monster of the human flesh—tuberculosis. Wilson is one of the million members of the Modern Woodmen of America, discovering that he is afflicted with this disease, he takes advantage of the comforts, care and cure of the sanitarium owned, maintained and operated by that society, free of charge to its members. For several years that fraternal institution has thus actively and effectively cooperated in the world-wide movement advocated by the Red Cross and medical authorities, to stamp out the dread "white plague" and Wilson is the beneficiary of this Woodmen life-saving station.

WOMAN WEAK
AND NERVOUS
Finds Health in Lydia E.
Pinkham's Vegetable
Compound.
 Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have pined if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. BOGAMP, 504 E. Howard Street, Creston, Iowa.
 Tons of Roots and Herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.
 For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.
 If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
