MINE FEDERATION TO AID ARIZONA COPPER STRIKE

W. F. M. Executive Committee's Report, Made Public Today, Announces Men Will Be Helped.

[By Evening Herald Leased Wire]

Denver, Colo., Dec. 1.—The Western Federation of Miners will give all possible financial and moral support to the striking copper miners in the Clifton-Morocco district of Arizona, according to the report of the executive committee, made public here today.

The report approves the demands of the strikers and pledges the support of the federation. Arrangements were made to send a "solidarity" fund to the strikers. There also were being prepared to send the Arizona strikers to the members of the Western Federation of Miners at an early date with a recommendation that additional funds be collected in December for use at that time.

The report also was the result of several days' deliberation by the executive committee during which all phases of the Arizona situation were considered.

WANTS SIX-POWER ALLIANCE MADE TO PRESERVE WORLD PEACE

Baron Eiichi Shibusawa of Japan Proposes Pact by U. S., England, France, Russia, Italy and His Country.

DISCUSSES PLAN WITH DR. CHARLES W. ELIOT

Many Prominent Americans Sounded Out by Nipponese Financier Now Visiting New York City.

[By Evening Herald Leased Wire]

New York, Dec. 1.—Baron Eiichi Shibusawa, the Japanese financier, who is here today for a short stay, elaborated upon his plan to maintain peace after the war by a six-power alliance comprising the United States, Great Britain, France, Russia, Italy and Japan.

The baron said he had talked with many leading Americans on methods of securing lasting peace. One of the men with whom he discussed the proposed six-power plan was Charles W. Eliot, president emeritus of Harvard University.

"I will by this plan before our leading business and thinking men," said the baron, "and I will do all in my power to make this idea take hold of public opinion, so that when peace comes Japan may be in a position to ask the United States to enter the six-power alliance and induce other nations to become associated. I am of the opinion that when the time comes for peace America's influence and weight will obtain a position that will be for her and for honor."

"In order to bring about this most desirable result we must look principally to the points of view of the United States and Japan, and I am gratified to know that this matter is engaging serious consideration among the leaders of thought and affairs in this country."

Baron Shibusawa today told news men of the American embassy at St. Louis that he had been invited to visit the city in connection with the establishment of an American hospital in Japan which he considered a considerable factor in securing international peace.

The baron said the plan for the hospital is approved by the cabinet of Japan, which has already given \$25,000 towards the \$1,000,000 fund.

CRUISER DENVER AIDS STARVING LIGHTHOUSE KEEPERS IN MEXICO

Topographical Mexico City Radio to San Diego, Calif. Dec. 1.—In answer to signals of distress from the Mexican lighthouse at Cape Pinos, Lower California, the United States cruiser Denver helped the lighthouse keepers.

The Denver helped the lighthouse keepers by bringing them supplies and by repairing the lighthouse. The Denver also helped the keepers by bringing them supplies and by repairing the lighthouse.

GERMANY DENIES THAT THREE SUBMARINES ARE SUNK OFF THE ORKNEYS

By Evening Herald Leased Wire Berlin, Dec. 1.—The wireless to Rome today—Germany published reports that three German submarines had been caught in a net off the Orkney Islands and that they were being towed to the British coast.

The German government denied the reports, saying that the submarines were being towed to the British coast. The German government denied the reports, saying that the submarines were being towed to the British coast.

BALKANS REMAIN THE DOMINANT FACTOR IN CONFLICT

Diplomatically and Strategically Eastern European States Hold Balance of Power in Continental Struggle.

AUSTRIAN CABINET MEMBERS RESIGN

Italians Suffer Heavily in Isonzo Region; Capture of Prisrend Brings 15,000 Serb Prisoners to Bulgars.

[By Evening Herald Leased Wire]

London, Dec. 1.—The Balkan states continue to dominate both the military and diplomatic situation in Europe. Rumania's attitude apparently is causing the central powers great uneasiness while Greece's refusal to limit her military effectiveness as requested by the central powers is causing them to be on their guard.

Rumania is said to be only awaiting the presence in the Balkans of preponderant military forces before despatching an ultimatum to Austria and Germany, and military circles, according to dispatches reaching London, express considerable dissatisfaction with conditions in the Balkans.

Moreover, it is reported that Austria is opposed to the idea and possibility of Rumanian domination over the Balkan states, and it is suggested that the Balkan states are in a position to ask the United States to enter the six-power alliance and induce other nations to become associated.

BUENZ CONTINUES HIS ACCOUNT OF SUPPLY WORK FOR GERMANY

Aged Managing Director of Hamburg-American Line Talks More About Sending Munitions to South Atlantic

TEUTON EMBASSY HAS ALL PAPERS IN CASE

Court Ruling May Bring Secret Code of Kaiser's Government Into Public Eye When Document Is Produced

[By Evening Herald Leased Wire]

New York, Dec. 1.—The abstract of the Hamburg-American line's agreement with the German government, whereby the former agreed to supply German cruisers at sea with coal and supplies in neutral ships sailing from American ports early in the war, has passed into the hands of the German embassy at Washington.

Dr. Karl Buenz, managing director of the line, so testified today in his trial—and that of three other line officials and employees—on charges of conspiracy, now pending in the United States district court here.

Not only has the abstract of this agreement been given to the embassy for safe keeping, Dr. Buenz testified, but all correspondence on the subject by letter or cable likewise has formally been turned over to the German embassy in the embassy at Washington.

Notwithstanding the severing of the German cables to America by the British early in the war, the Hamburg-American line was to maintain cable communication with Germany, Dr. Buenz testified. These cables, he said, were used to send out relief ships, and Dr. Buenz went on to say that he had been in charge of the relief ships.

The government strenuously objected to Dr. Buenz's testimony concerning the abstract of the agreement and the cables relating to the dispatch of relief ships. Dr. Buenz, United States assistant district attorney, contended that the documents themselves were available and that they should be brought into the court room. To this he was upheld by Judge Howe and the contents were permitted to tell of the contents.

William Hand, Jr., counsel for the defense, sought to have the contents of the documents placed before the jury as Dr. Buenz remembered them. "We are willing to show you the translations," Mr. Hand said. "We cannot show you the originals. In the case of the relief ships, we would not get them from the German embassy if we wanted to, any more than could the United States government. They are safe and are in Germany's hands."

In the second phase of the trial, the government introduced the United States court code if they were brought before the court as evidence. The German code would become known to England, France, Russia, to all of Germany's enemies.

Dr. Buenz testified that he had arranged for the shipment of coal and supplies, that he had arranged for the shipment of coal and supplies, that he had arranged for the shipment of coal and supplies.

Villa Planning Raids on United States Territory

LAWSON DECLINES TO ACCOMPANY HENRY FORD

Colorado Labor Leader Says First Duty Is at Home, Where Industrial Peace Has Not Yet Been Secured.

[By Evening Herald Leased Wire]

Denver, Colo., Dec. 1.—John R. Lawson, executive board member of the United Mine Workers of America, declined to join Henry Ford's peace commission to Europe, declaring that "industrial peace has not yet been secured in this state," and he left his first duty was here.

After expressing the hope that Mr. Ford's efforts would be successful, the Lawson telegram continued: "Unfortunately I am prevented from accepting your invitation by the fact that industrial peace has not yet been secured in this state. Here, due to causes commercial, political and personal, similar in some respects, although, of course, relatively less conspicuous, to those operating abroad, many members of organized labor are being subjected to bitter, relentless, one-sided prosecution, placing life, liberty and happiness in jeopardy. My first duty under the circumstances is by the side of these men and their families, yet those of us endeavoring to secure industrial peace and reasonable justice here would be short-sighted indeed not to wish you all good fortune in your practical contribution to world-wide brotherhood."

General O'Driscoll, the Carranza commander, will ask authority to transport 5,000 men through United States territory to Naco, where they will cross the line to attack the Villa forces. General Funston indicated that the present whereabouts of Villa's main body was still a matter of conflicting reports.

An additional machine gun platoon and four troops of cavalry have been sent to reinforce the American garrison at Naco, Ariz. General Funston said the other border garrisons are strong enough for any present emergency.

Assurances of ample protection for foreign settlers in the Yuma valley region have been received from Carranza authorities by Admiral Winslow, who reported his arrival today at Tonolowamp on his flagship San Diego. The Carranza commander has provided a mounted patrol of 100 men at the entrance to the valley and to hold a force of 2,000 additional troops within easy supporting distance.

So far as known no Americans have been injured in Indian raids. General O'Driscoll, the Carranza commander, will ask authority to transport 5,000 men through United States territory to Naco, where they will cross the line to attack the Villa forces.

DEMOGRATS FAIL TO FIX UPON A CLOTURE RULE

Action Upon Limitation of Debate in Senate Postponed Until Tomorrow After Day of Fruitless Discussion.

[By Evening Herald Leased Wire]

Washington, Dec. 1.—Democrats of the senate in caucus today failed to reach any agreement on a rule to provide for cloture of debate, postponing action until tomorrow. The special rules committee was not ready to make any definite recommendation.

The caucus also deferred election of a president pro tempore. That will be taken up Friday. Several senators have opposed the re-election of Senator Clark of Arkansas and have sought to induce Senator Pennington of Ohio to be a candidate.

Senator Chittenden of West Virginia was elected vice president of the conference and Senator Levin of Illinois was re-elected a party whip. On the steering committee, Senator Kern named senators Martin, Owen, Chapman, Thomas, and Williams, Williams, James and Reed.

Senator Simmons, chairman of the finance committee, it was learned, has proposed that his committee be enlarged to include Senator Underwood of Alabama, former majority leader of the house, may be given a place.

BODIES OF FOURTEEN MINERS RECOVERED AT BOOMER COAL WORKINGS

By Evening Herald Leased Wire Boomer, W. Va., Dec. 1.—The bodies of fourteen miners who lost their lives in mine number 3 of the Homestead Coal and Coke company in an explosion of a blow-out shot which occurred in March, 1914, were recovered today.

RODRIGUEZ' MOVEMENT SHROUDED IN MYSTERY

Rebel General May Again Attack Agua Prieta, Where Less Than 500 Carranza Men Are Left to Meet Him.

[By Evening Herald Leased Wire]

Washington, Dec. 1.—Although the present situation is the failure of the United States government to support him, General Villa is planning raids on American territory along the border, according to information which has reached Major General Funston, commanding the American border guard.

In reporting this to the war department today, General Funston said he could not believe General Villa actually contemplated any hazardous undertaking, and added that he was transmitting the reports merely to show what Villa was said to be telling his followers.

General O'Driscoll, the Carranza commander, will ask authority to transport 5,000 men through United States territory to Naco, where they will cross the line to attack the Villa forces. General Funston indicated that the present whereabouts of Villa's main body was still a matter of conflicting reports.
