Clinkers

One of the most annoying conditions incidental to the operation of a coal fire is CLINKERS.

Genuine Gas House Coke Will Never Have Clinkers

If you use Gas House coke the coming winter you will never have to let your fire go out to clean out the clinkers that form on the grates. The ashes resulting from Coke fire can always be shaken through the grate and even this is not required oftener than once a day, and in many cases not so frequently, as the bed of ashes reduces the draft and only a very little draft is required when Genuine Gas House Coke is used.
