THE RAILROAD STRIKE.

THE ENGINEERS SAY THEY WERE FORCED TO STRIKE TO SAVE THEIR LIVES.

Governor Hill was Requested by President Webb to Order Out the Troops, But Declined, Unless There Were Good Reasons of Serious Trouble.

(By United Press.)

New York, Aug. 11.—Just after midnight all the locomotive engineers and members of the Brotherhood of Locomotive Firemen on the Hudson River Division of the New York Central joined the Knights of Labor, who went out Friday night. This defection of firemen will, it is feared, completely block travel over the New York Central between this city and Albany, as the Brotherhood of Locomotive Engineers are pledged not to run with any firemen except those belonging to the Brotherhood of Locomotive Firemen. It has been definitely decided to strike on the Lake Shore, Michigan Central and Michigan Southern to-day. It is determined to tie up the main line of the Central all the way from New York to Chicago.

Mr. Powderly Interviewed.

Scranton, Pa., Aug. 11.—General Master Workman Powderly in an interview last night said he had received no word whatever from the seat of strike. The general executive board will meet in Detroit Wednesday. He feels certain that the Brotherhood of Locomotive Engineers will cut its fortunes with the Knights of Labor of such action is deemed necessary.

The Grandmaster of the Brotherhood.

Terre Haute, Ind., Aug. 11.—Grandmaster Sargeant of the Brotherhood of Locomotive Firemen received many telegrams from the New York Central strikers yesterday asking him to come east, but he declined to take any official action in regard to the strike, saying that the Brotherhood was not consulted in its inception, and was not called upon to use its unusual means of settling grievances with railroad companies.

Compelled to Strike to Protect their Lives.

Albany, N. Y., Aug. 11.—A peculiar feature of the strike as noted this morning is that the engineers, firemen and conductors claim that no matter what their sympathies are, they will be forced to strike to protect their lives. They say that the few new switchmen engaged are incompetent and ignorant and that they take their lives in their hands when they run a train. Two-thirds of the switchmen have no attendance whatever. They further assert that the train of fifteen or seventeen cars sent out here but one trainmen and in case of danger could not be stopped. The men claim that they are thus forced to the wall. It is thought that the men will make their excuse.

Trains All Behind Time.

Rome, N. Y., Aug. 11.—The Knights of Labor employed by the Central in this city have all gone out. No work is being done here. All trains passing this station are several hours behind time.

Not Seriously Affected.

Buffalo, N. Y., August 11th.—The Central strike is still in progress here, though Buffalo does not seem to be so seriously affected as other points.

All Quiet in Troy.

Troy, N. Y., August 11th.—Absolute quiet marks the progress of the strike in Troy.

Gov. Hill Declines to Order Out Troops

Albany, N. Y., Aug. 11.—Gov. Hill was busy this morning sending out telegrams and receiving delegations. Treasurer E. J. Price and a committee from D. A., 246, called at 9 o'clock. Mr. Price said they came to assure the Governor that the men would remain quiet and do no harm to the railroad property. Mr. Price said that one of the officers of the order had gone to Dewitt to quiet any disturbance existing. The Governor in reply said that no militia would be ordered out at the request of the railroad company. If there was trouble at any point a messenger from the Adjutant General's office would be sent and no troops would go out unless deemed it necessary.

Gen. Farnsworth had gone to Dewitt and Syracuse and was reporting things as quiet there this morning.

Later Governor Hill admitted to a United Press reporter that Vice President Webb had telegraphed this morning at various points where they expected to move them to day. Gov. Hill replied that troops would not be ordered out unless there were good reasons of serious trouble.

Arbitration Asked For.

New York, Aug. 11.—Flourance Donovan, of the State board of arbitration, called upon Mr. Webb this morning, and said that a request had been made by the strikers that he meet Mr. Webb and try to arrange the difficulty by arbitration. Mr. Webb received him very courteously, but told him distinctly that there was nothing to arbitrate. Mr. Donovan did not argue the question, but withdrew after a short chat.

Those now at Work Strongly Sympathize With the Strikers.

District Master Workman E. J. Lee said this noon that between here and Buffalo there were about 8000 men out. Reports received by him from all along the line show everything to be in good condition. In his opinion those men who have not gone out lean very strongly towards the strikers.

Statements Made by Railroad Official Declared Untrue.

Albany, N. Y., Aug. 11th.—A statement from the headquarters of the strikers this afternoon says: "The statement sent out by the Central road are made to bolster their position and are untrue. The men are more confident than ever, and firemen only await our orders to go out. The road, while first announcing that they could only give the men 24 hours and would then fill their places, has to-day been sending to the men's houses and offering them the biggest inducements possible for them

to return. They have also falsely stated that Mr. Lee has been deposed from the order. Their last desperate move is to send out the pay car, so that the men will use the money for drink. Then in case of not succeeding in this, they will ask the public sympathy, and get damages from the county where any trouble may take place. We have already offered large sums of money from people outside the order who sympathize with us.

Engineers and Firemen Not Active in Support of the Knights of Labor.

New York, Aug. 11.—That there seems no actual disposition on the part of either the engineers or firemen to assist the Knights is apparent from the way in which both Chief Sargeant of the firemen and Chief Arthur of the engineers have expressed themselves. Chief Sargeant, in an interview, states that he has not become particularly interested in the trouble and sees no reason why the firemen should be called out. Chief Arthur has taken no active part in the trouble and apparently does not expect to.

Employing Men for the N. Y. Central.

Chicago, Aug. 11.—About 300 men have been hired in this city by a representative of the New York Central and Hudson River railroad to take the places of the striking switchmen and brakemen in the east.

Pinkerton Detectives at Syracuse.

Syracuse, N. Y., Aug. 11.—At 4 p. m. fifty Pinkerton detectives and 100 railroad men went to East Syracuse. The Pinkertons formed in a line and cleared the yards, the strikers yielding without a struggle. The strikers are now in session. The other men at once went to work, making up freight trains. It is reported that the strikers were advised by their leaders at Albany to surrender, on having word from Gov. Hill that the military would be ordered to East Syracuse at once if the running of trains was not permitted.

Trains Running on the Central at Rochester.

Rochester, N. Y., Aug. 11.—Trains are running on the Central here, although late. There is no evidence of a strike here.

AN OLD LANDMARK GONE.

The Hotel Fountain Burned—Change of Schedule—Prof. Smith and Davidson College—Brower's Poor Chances.

[Special Cor. of STATE CHRONICLE.]

Washington, N. C., Aug. 11.—Just as the writer had seated himself for a few newsy notes for the CHRONICLE readers, which by custom is early in the morning, the fire alarm was sounded, and forth to the fire we ran with all the curiosity of a newspaper man.

It was a destructive fire, and a sad one when we say that it was the old Fountain Hotel, which year after year for perhaps the last forty years, has given rest to the traveler and helped to keep up the social life of the city. The hotel did not catch at the start. The fire originated in the kitchen, and before it could be extinguished spread over the hotel. The building was full of guests and fine furniture. The young men of the city, by desperate efforts, succeeded in saving everything of much value, but as the crowd saw the flames sweep through the halls and out the windows and doors, totally wrapping up in its red sheet the whole structure, a deep sense of sorrow came over them that an old landmark was thus being destroyed. Mr. W. Gray, an old and esteemed gentleman, who lately moved here from Statesville, was the proprietor and Mr. Roland Harris, manager. Everyone deeply sympathizes with the old gentleman in his loss.

Yesterday the best change in the R. & D. schedule took place that has ever been made for this place. It is now only one hour's ride from here to Greensboro and we have four trains a day, three via the N.-W. N. C. railroad and another via the R. & S. Through mixed trains are run from Greensboro to Wilkesboro.

Last night at the Presbyterian church Prof. Henry Louis Smith, of Davidson College, presented the claims of the Y. M. C. A. of that college, and asked a contribution from the church toward building the hall to be used for the purposes of an association. We learn that something over a hundred dollars was raised.

There are no new developments politically in these parts, except the fact that the manager of the Greensboro colored anti-Brower paper, Mr. Osey, a brother to your successful barber in Raleigh, succeeded wonderfully in getting subscribers to that journal while visiting here last week. This is a good indication as it assures Mr. Williams that there are many colored men in these regions too honest to vote for such a man as Brower.

Washington, N. C., August 11th.—The Stokes county Democratic convention Saturday nominated A. J. Brown, a most excellent man, for the House, A. M. Stack for clerk of court, and J. Y. Phillips for register of deeds. All the officers were renominated. The convention endorsed Vance for the Senate. A majority were Farmers' Alliancemen.

A negro dropped dead here this morning in a bar room. This makes the fourth man that has dropped dead in the same place.

For many years Mr. Emerson has successfully and satisfactorily filled a professorship in William Jewell College, Liberty, Missouri. Vernon Springs, and was well and favorably known throughout this section.—Fayetteville Observer.

TRAINS COLLIDE.

Considerable Damage Done and Postal Clerk Fatally Injured.

[By United Press.]

Cincinnati, O., August 11.—The fast mail, which left Louisville at 10:30 last night, collided with a freight train at Sparta, Ky. The mail and baggage cars were telescoped and three men were caught. Wm. Johnson, a postal clerk, living on Barr street, this city, was probably fatally crushed.

CHICAGO, Aug. 11.—So far as present indications go, there is no possible chance of the strike on the New York Central railroad affecting the Chicago roads.

THE NATIONAL CONGRESS.

THE TARIFF BILL RESUMED.

Mr. Edmunds Appeals to Have the Gag Rule Enforced—In the House the Sundry Civil Appropriation Bill Conference was Ordered.

(By United Press.)

Washington, D. C., Aug. 11.—In the Senate the consideration of the tariff bill was continued, the discussion turning to the question of the time wasted on individual items. Several proposed amendments to the metal schedule were voted down. Just before adjournment Mr. Edmunds offered a resolution (which went over) to put the five minute rule into effect on the discussion of individual items in the bill.

House.

Washington, Aug. 11.—After some filibustering over the approval of the journal, the House ordered a further conference on some disputed amendments to the sundry civil bill.

The Atkinson bill regulating steam railroads in the District of Columbia, was taken up but final action on it was prevented by dilatory motions which consumed the time of the House to adjournment.

POLITICAL GOSSIP.

Mr. J. U. Oliver was nominated for Register of Deeds of Johnston. He is a popular young man, the son of W. B. Oliver, of Pine Level.

We are assured on the testimony of men whose word is unimpeachable that there are not a dozen Democratic Alliancemen in this county who are opposed to Senator Vance.—Winston Sentinel.

The Democratic convention of Carteret county nominated the following ticket: Chas. Edwards, for the House; Jno. D. Davis, clerk Superior Court; Jas. C. Davis, register of deeds; N. W. Taylor, treasurer; Cull Pigott, surveyor.

The Granville Democratic convention nominated Mr. G. L. Allen, of Wilton, for the Senate; W. T. Adams and J. F. Cole for the House of Representatives. They are said to be very popular. The outlook is that the Democrats will carry Granville this year.

It was reported that Mr. A. F. Hileman, of Cabarrus county, who will probably be nominated for the House, was against Vance. The Concord Standard asked him the question and Mr. Hileman said:

"I am for Zeb Vance, because I believe that through his influence, letters and speeches he has been the means of inducing the farmers to think, organize and labor with more earnestness to remedy the condition of the agricultural interests of the country; I am for him again, because I believe him a devoted friend to the farmer, a true man and an able statesman, and believing all this I will support him so long as he shows himself true to the people."

A Pittsboro correspondent of the Durham Sun, after writing of the great success of the Chatham Confederate Association at Pittsboro, adds: "Mr. George L. Tonnoffski, a TEMPERANCE candidate for Congress, was on the ground in person distributing circulars, expressing his 'high regards' for the people just at this juncture. In a political sense he received an ICEBERG reception. Your correspondent has no idea that it has as yet entered into the heart of a single voter of the county to waste a Democratic ballot on him. Mr. Tonnoffski's presence here only had the effect to make the Democrats present soliloquize thus: 'We will go home and speak to the boys that everything be made solid for Bunn.' Chatham will bear herself gloriously this year, and as she goes, so may the State."

VANCE ENDORSED.

Lenoir county convention on Saturday last was unanimous in its endorsement of, and her member of the legislature was instructed to vote for the re-election of Senator Vance. Col. N. B. Whitfield, president of Lenoir county Farmers' Alliance, was nominated for the House of Representatives in the next legislature, and he announced that he would vote for Vance first, last and all the time. Fully 1000 farmers were present. Merrimon and Clark were unanimously endorsed and the anonymous circular indignantly condemned as an infamous paper. Resolutions endorsing Hon. F. M. Simmons for Congress and asking him to reconsider his letter of withdrawal. Mr. J. W. Granger was chairman and W. S. Herbert, Esq., secretary of the convention.

A JUDICIAL OPINION OF THE LAWYERS.

(Special Cor. State Chronicle.)

GOLDSBORO, N. C., Aug. 8.—In the last volume of the Lawyers' Edition of the Supreme Courts Reports, is published an address of Justice Harlan, of the United States Supreme Court, delivered at the Centennial celebration of the organization of the Federal Judiciary, held at New York, February 4th, 1890, in response to the toast, "The Supreme Court of the United States," from which I make a few extracts, thinking them not inappropriate:

Upon the integrity, learning and courage of the bar largely depends the welfare of the country of which they are citizens; for, of all members of society, the lawyers are best qualified by education and training to devise the methods necessary to protect the rights of the people against the aggressions of power. But they are also, in the best sense, ministers of justice. It is not true, as a famous lawyer once said, that an advocate, in the discharge of his duty, must know only his client. He owes a duty to the court of which he is an officer, and to the community, of which he is a member. Above all, he owes a duty to his own conscience. He misconceives his high calling if he fails to recognize the fact that fidelity to the court is not inconsistent with truth and honor, or with a fearless discharge of duty to his client. It need scarcely be said in this presence that the American bar have met all the demands that the most scrupulous integrity has exacted from gentlemen in their position.

In the addresses to-day much was said of the Supreme Court of the United States that was gratifying as well to those now members of that tribunal as to all who take pride in its history. But, Mr. President, whatever of honor has come to that court for the manner in which it has discharged the momentous trust committed to it by the constitution must be shared by the bar of America. "Justice Sir" (I use the words of Daniel Webster) "is the great interest of man on earth. It is the ligament which holds civilized beings and civilized nations together. Wherever his temple stands, and so long as it is duly honored, there is a foundation for social security, general happiness and the improvement and progress of our race. And whoever labors on this edifice with usefulness and distinction, whoever clears its foundations, straightens its pillars, adorns its entablatures, or contributes to raise its august dome still higher in the skies, commits himself in name and fame and character, with that which is and must be as durable as the frame of human society! The temple of Justice which has been reared in this fair land is largely the work of our lawyers. If there be security for life, liberty and prosperity, it is because the lawyers of America have not been unmindful of their obligations as ministers of justice.

Search the history of every State in the Union, and it will be found that they have been foremost in all movements having for their object the maintenance of the law, against violence and anarchy; the preservation of the just rights both of the government and of the people.

I read recently a brief speech of Mr. Gladstone, at a banquet given many years ago in honoring the great French advocate, Berryer. He had visited the south of Europe, and witnessed there much crime and oppression of the people. The executive power, he said, not only had broken the law, but had established in its place a system of arbitrary will. He found, to use his own words, that the audacity of tyranny, which had put down chambers and municipalities and extinguished the press, had not been able to do one thing—to silence the bar. He, himself, heard lawyers in courts of justice, undismayed by the presence of soldiers, and in defiance of despotic power, defend the cause of the accused with a fearlessness that could not have been surpassed. He was moved, on that occasion, to saying of the English bar, what may truly be said of the American bar, that its members are inseparable from our national life, from the security of our national institutions.

LATE NEWS NOTES.

D. Hadley & Co. will shortly build a cotton factory at Siler City.

The A. & N. C. R. R. Co. is preparing to build six flat and six box cars at New Berne. The company also expects to purchase two new locomotives this fall.—Atlantic Seaside.

The Asheville Citizen says that it is stated that Col. Frank Cox will open a bank at Asheville with a capital of \$100,000, the object of which will be to loan money, especially to farmers, at the legal rate of interest. Col. Cox is a candidate for Congress.

The Battery Park Hotel is to be improved at a cost of \$100,000. Philadelphia architects have the plans in hand and work will be done this fall. This will make the Battery Park the finest resort hotel in the country with the exception of the Ponce-de-Leon of Florida.

Mr. J. S. Carr, of Durham, has presented the Thomasville Orphanage two pictures. In sending the pictures he wrote Mr. T. H. Mills the following letter, which we clip from Charity and Children: "I beg to present through you to the Orphan Asylum two oil paintings which I purchased in Philadelphia, one, 'Christ in the Temple' and one, 'The Old Patriarch.' I would be glad for you to accept of these on behalf of the orphans as a slight testimonial from me of your good work, and I hope they will serve to make bright pictures in the lives of the many unfortunate committed to your care."

WAKE COUNTY CONVENTION.

A List of the Delegates From Townships and Their Preferences.

The convention which will meet in this city on Saturday next will be composed of representative Democrats, and although the contest will be a spirited one, particularly as regards the offices of Sheriff, Register of Deeds and Superior Court Clerk, when the nominations shall have been made and the Democratic ticket made up, it will certainly be of the best men, selected after a thorough and deliberate canvass of every candidate now in the field.

From the outside townships in addition to those already presented, the following have been gathered.

St. Mary's Township.

Delegates—P. W. Dowd, J. Whitaker, W. H. Bagwell, Thomas Johns, H. Hineyoutt, J. T. Broughton, Lee Yarborough, Gaston Jones, J. W. Walton, C. N. Allen and D. B. Buffaloe. This delegation rather favors C. P. Rand for sheriff, is strongly for Goodwin for clerk and W. H. Rand for register of deeds, Lougee for treasurer.

The vote for sheriff stood: Rand 63; Jones 23; Mitchener 14; Wynne 4.

For Register of Deeds: W. H. Rand, 67; Snellings 32; Hood 5; Dunn 4.

For Clerk of the Court: Goodwin 75; Thompsen 15.

It was decided that the vote in the county convention should be in the above proportion.

Mark's Creek Township.

Delegates—H. R. Horton, J. R. Pierce, John Hood, Aaron Liles, J. W. Smith, F. M. Ferrell, W. E. Richardson, Nat. Debnam, Wm. Medlin, Andrew Tucker, D. B. Harrison, J. M. Ferrell, L. L. Doub and Millard Mial. Mark's Creek will support J. R. Nowell for Sheriff, Goodwin for Clerk and W. H. Hood for Register of Deeds.

Little River Township.

Delegates—Dr. G. M. Bell, P. P. Pace, W. H. Chamblee, E. P. Wiggs, F. H. Watson, C. D. Pace, R. C. Mitchell, R. C. Hopkins and W. E. Redford. The preferences in Little River are Jones for Sheriff, Thompson for Clerk and Hood for Register, Lougee for Treasurer.

Panther Branch Township.

Delegates—E. T. Brauch, Thomas Myatt, George T. Partin, Jeff. Hobby, W. H. Matthews, Mark Partin and J. O. Adams. This township will go for Jones for Sheriff; for Clerk the vote will be divided between Thompson and Goodwin, and W. H. Rand will carry a solid vote for Register. Lougee for Treasurer.

Dr. C. F. Dowd was chairman, and G. W. Jones secretary, of Panther Branch primary. After the selection of delegates a resolution was introduced relative to the office of Sheriff, which assumed rather too much the form of instruction, which failed in being adopted, whereupon a test vote of the strength of J. W. Jones and R. W. Wynne was taken, resulting in 100 votes in favor of Jones and 20 for Wynne. Mr. C. E. McCullers and other asked that upon the vote Mr. Wynne be granted one-sixth, or his proportionate share of the delegates, which was refused, when notice was given that the minority would apply to the county convention for representation. The unanimous expression of the township was for W. H. Rand for Register.

Swift Creek Township.

Mr. W. R. Stephenson was Chairman and A. Snellings, secretary. The following delegates were elected: B. S. Franklin, R. E. L. Yates, W. H. J. Goodwin, G. W. Atkins, Edward Rea, A. F. Taylor, S. Otto Wilson, W. J. Bradford and F. L. Stevenson. The following were elected alternates: T. J. Harrison, F. R. Gray, J. Z. Bennett, J. H. Coover, L. D. Stevenson, M. T. Jones, J. B. Strain, W. W. Langston and G. J. Banks.

All the delegates are for Goodwin for Clerk of the Court.

The following is the Executive Committee. W. R. Stephenson, chairman; W. H. J. Goodwin, W. H. Utley, F. E. Gray and T. J. Harrison.

The delegates and alternates are of directly opposite preferences.

Wake Forest Township.

The list of delegates have been published. Cary is for Page for Sheriff, R. G. Young for Register, and Goodwin for Clerk.

Wake Forest Township.

Wake Forest township held her primary to-day at Walkers X Roads, and elected the following delegates: Robert Watkins, Dr. J. R. Fleming, J. Q. Watkins, J. H. Shadrach, J. C. Harris, C. M.
