

Locals.

—Dr. Bahnson now supplies families in Winston and Salem with milk from his dairy.

—We give the prices of new crop of tobacco, in market report, as quoted by Farmer's Warehouse.

—Messrs. H. E. Fries and R. L. Cox of this county have been elected vice-presidents of the State Agricultural Society.

—What do you think about it? Read the suggestions in the article under this head, farmers, and write us what you think about it.

—The result of the temperance work of Messrs. Maber & English in Winston was the organization of a large temperance club.

—Dr. C. J. Watkins and A. E. Conrad have gone to Tennessee and other Western States for recreation. They will be gone several weeks.

—The North Carolina Furniture Store has been removed from Fourth street to Liberty street, in the Buxton and Lemly block, opposite Farmer's Warehouse.

—A protracted meeting began in the Methodist Protestant Church in Winston Sunday, Mrs. M. P. Moon, the female evangelist, is assisting Revs. T. J. Ogburn and W. T. Kennett.

—The attention of our readers is called to the advertisement of T. H. Pegram, Jr., Merchandise Broker, and to the announcement by the Original Cheap John, in this issue.

—Mr. J. W. Harrell, of Winston, has been granted letters patent on the car coupler invented by him. It is very simple and is pronounced a good thing by experienced railroad men who have seen it.

—We take pleasure in calling attention to the advertisement of the Statesville Landmark, one of the best weekly papers in this State. Its editor does not belong to the boastful order of men but he publishes a paper that speaks for itself and requires no puffing.

—Sunday was a very interesting day in the Moravian Church in Salem. It was the 120th anniversary of the foundation of the church. In addition to the regular morning services there was love feast in the afternoon, communion services in the evening, when there were forty-five confirmations and six adult baptisms.

—There was no business of importance transacted by the railroad meetings held in Winston last Wednesday. The stockholders meeting of the N. C. Midland did nothing but adjourn to meet in Raleigh on the 11th of January, and the directors of the Winston and Fayetteville company were engaged simply on routine matters.

—Mrs. Jennie Hanes, wife of A. T. Hanes, of this county, died on the 8th inst. She was a lady much beloved for her amiable traits of character and Christian virtues. A bereaved husband and two small children mourn the loss of a good wife and a fond mother, who have the sympathy of hosts of friends who share in their sorrow.

—The fair of the Forsyth Riflemen has been postponed until the 23rd inst., as the Tise building in which it was to be held has been delayed in completion. Donations in money and in merchandise from business firms in other cities have been very liberal. Up to Saturday last 106 contributions in merchandise were made, some quite valuable, all amounting to some \$500 in value. Cash subscriptions foot up about \$320.

—The Baptists of Durham last night decided to go to work at once and erect a new church on Chapel Hill Street.—The population of Durham is now about 7,000 and still growing.—Durham Recorder.

—There is a gentleman in this county who killed one hundred and sixteen rattlesnakes of the most venomous description with a short black-gum stick in less than an hour.—Smithfield Herald.

—Homes are engaged for 350 persons during the sitting of our next annual conference.—Rumor has it that Hon. J. W. Reid will locate in Washington city.—Riedsville Times.

—The number of fruit trees in California is given as follows: Apple 2,700,000; peach, 1,200,000; pear, 500,000; plum and apricot, 600,000; cherry 400,000; apricot, 500,000; orange, 1,600,000; lime and lemon, 500,000. It is estimated that there are 70,000 acres in grape vines.

THE CROPS IN DAVIE.

The corn crop of Davie is about housed and while the yield is considerably short, there is enough for home consumption. Some of our farmers have less than fifty bushels, which is a very rare occurrence, yet others have made considerably more than enough to do them. The tobacco crop is more than one-half short and of a very inferior grade at that as frost caught much of it in the field, making it much below the average. Wheat was considerably short in yield and of a very inferior grain. Many of our farmers have been compelled to purchase seed from foreign markets. Taking all in all it is a gloomy year for our farmers, but not so much so that they will not be able to pull through and retrieve their losses next year. It is a bad year when Davie gets left in farm products.—Davie Times.

A SPECIAL OFFER.

Remember that the PROGRESSIVE FARMER and the Patch Corn Sheller (price \$3) is offered to you for four dollars only. The President of Sandy Ridge Club has this to say of the Sheller, WINSTON, N. C., June 19, 1886.

Col. L. L. Polk:—At your request I took the Patch Corn Sheller and Separator and tested it. I am so well satisfied with it that I want to keep it and pay you for it. It is decidedly the best corn sheller for the price that I have ever seen, and in my judgment it should have a large sale among our farmers. Respectfully, J. H. REICH.

HOW TO MAKE MONEY!

PLANT LEONTE AND KEIFFER PEAR Trees grown from cuttings—also Bartlett grafted on LeConte roots. These trees are blight proof and are abundant bearers, and one acre set in them and properly cared for will make more clear money than fifty acres in cotton. The undersigned has also best variety of strawberry plants and melon seed for sale. Correspondence solicited.

THE LANDMARK,

STATESVILLE, N. C.,

Is a 36-column newspaper, and is acknowledged to be one of the hand-somest in the State.

It is Democratic in its politics, but doesn't wear any collar. It has opinions and expresses them.

Lays no claims to being the ablest paper in the State or the best in the South, but has the comfortable assurance that as a North Carolina news-paper it is something of a success.

It would be pleased to have more advertisements and more subscribers, though it has no right to complain of a great lack of either.

Specimen copies sent with pleasure to any one who means business.
