Does Saving ONE or TWO MEN At the Cutter Mean Anything
 in ensilage cutting time? Self Feed on "Ohio" cutters does that and more, and increases capacity 33 1/2%.

1903 "OHIO" Blower Elevators

solve the Blower problem. They successfully elevate ensilage into silos up to any height, as demonstrated by abundant proof in 1903 catalogue, 10 and 12 H. P. Engines drive Nos. 13, 16, 18 and 19 Cutters with blowers, and all other sizes "Ohio" Ensilage Cutters. In capacity "Ohio" Cutters lead; 10 to 30 tons per hour. 1903 Shredder Blades (patent applied for) are interchangeable with knives, all sizes. They put corn stalks into best condition for feed, running at normal speed. Our absolute guarantee goes with every machine. Made by **The Silver Mfg. Co., Salem, Ohio.** Established 1864. "Modern Silage Methods" 10 cents, coin or stamps.

SUCCESS Manure Spreader

Leads every other machine for the mechanical spreading of manure. Its superiority appears in the fact that it is a distinct improvement on the Kemp Spreader, which we still manufacture and which has been the typical Spreader for 25 years. Spreads all manures of every character and condition and all commercial fertilizers. Pulverizes and spreads evenly, thick or thin, broadcast or drills in rows, any desired quantity per acre, unloading the largest load in 3 to 5 minutes; apron automatically returns to position in the next 65 feet driven.

A SPECIAL FEATURED MACHINE
 for convenience of handling and perfection of work. Notably superior in its Beater Freeing device, Direct Chain Beater Gear, Speed Regulation and Automatic Return of Apron. Positive and dependable in all movements. Simplest in gear, lightest in draft, least chance for breakage. The driver never dismounts for any purpose but controls everything from his seat. Made in four sizes and sold under strongest guarantee as to materials, workmanship and duty. Investigate fully before buying. Catalogue with valuable chapter on farm fertilizing mailed free. **KEMP & BURPEE MANUFACTURING CO. BOX 453, SYRACUSE, N. Y.**

Guano Attachment
 on the market. Puts from 25 to 600 pounds per acre with each crop.

JACKSONVILLE, ALA.;
 July 25th, 1904.
 GENTLEMEN:
 I insist that you have the best combined planter and distributor on the market, and you only have to advertise it to control the trade. You have a better thing than you think you have. Yours truly,
 JAMES CROOK.

Cole's Universal Planter No. 3.

WE SOLD 5,000 MACHINES LAST SEASON, AND HAVE NOT RECEIVED A COMPLAINT FROM A SINGLE ONE OF THEM.

Our name on a machine guarantees the most perfect construction, the most careful inspection, and the finest working product of inventive genius combined with long experience.

We make several different machines, and they all give profitable service and lasting satisfaction.

Every purchaser can make 20 per cent. on his money by ordering a Cole Planter this fall.

You get your catalogue and full information for the asking.
